Update: Ongoing Active Investigation into Active Shooter

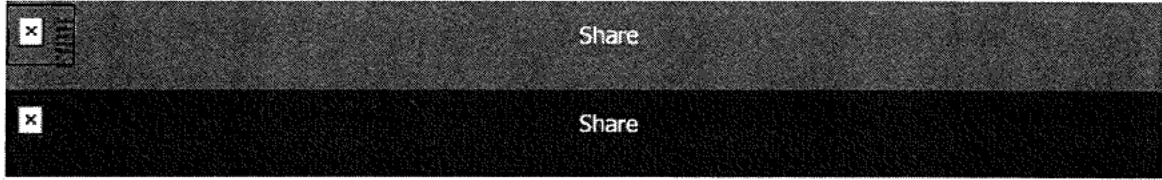

An active investigation continues into the shooting at the Highland Park Fourth of July parade. The parade route in downtown Highland Park and the central business district remains an active crime scene; therefore, we highly recommend individuals living in this area to continue to shelter in place. This area entails Green Bay Road to Laurel, to St. Johns to Elm Place. The investigation and most law enforcement personnel are focused on this area. Individuals outside of this area no longer need to shelter in place, however we urge everyone to remain vigilant and immediately report suspicious behavior.

The Lake County Coroner is on the scene assisting with the investigation. Highland Park police are collaborating with the Lake County Major Crimes Task Force, the FBI, Illinois State Police, County and local law enforcement agencies throughout our area. While no one is in custody at this time, a very active apprehension effort is underway.

Individuals with knowledge of the incident, persons of interest, including photo or video evidence from the scene are encouraged to share them with the FBI by calling 1-800-CALL-FBI. Regular updates are also being posted on the City's web site at www.cityhpil.com.

The next press briefing will be held at 4:30 PM July 4, 2022.

Update: Ongoing Active Investigation into Active Shooter

An active investigation continues into the shooting at the Highland Park Fourth of July parade. The parade route in downtown Highland Park and the central business district remains an active crime scene; therefore, we highly recommend individuals living in this area to continue to shelter in place. This area entails Green Bay Road to Laurel, to St. Johns to Elm Place. The investigation and most law enforcement personnel are focused on this area. Individuals outside of this area no longer need to shelter in place, however we urge everyone to remain vigilant and immediately report suspicious behavior.

The Lake County Coroner is on the scene assisting with the investigation. Highland Park police are collaborating with the Lake County Major Crimes Task Force, the FBI, Illinois State Police, County and local law enforcement agencies throughout our area. While no one is in custody at this time, a very active apprehension effort is underway.

Update: Ongoing Active Investigation into Active Shooter

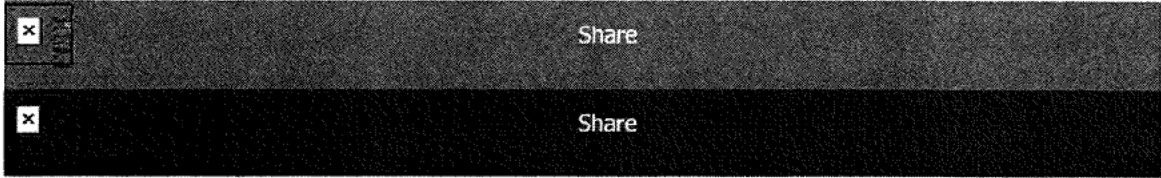

An active investigation continues into the shooting at the Highland Park Fourth of July parade. The parade route in downtown Highland Park and the central business district remains an active crime scene; therefore, we highly recommend individuals living in this area to continue to shelter in place. This area entails Green Bay Road to Laurel, to St. Johns to Elm Place. The investigation and most law enforcement personnel are focused on this area. Individuals outside of this area no longer need to shelter in place, however we urge everyone to remain vigilant and immediately report suspicious behavior.

The Lake County Coroner is on the scene assisting with the investigation. Highland Park police are collaborating with the Lake County Major Crimes Task Force, the FBI, Illinois State Police, County and local law enforcement agencies throughout our area. While no one is in custody at this time, a very active apprehension effort is underway.

Individuals with knowledge of the incident, persons of interest, including photo or video evidence from the scene are encouraged to share them with the FBI by calling 1-800-CALL-FBI. Regular updates are also being posted on the City's web site at www.cityhpil.com.

The next press briefing will be held at 4:30 PM July 4, 2022.

Update: Ongoing Active Investigation into Active Shooter

An active investigation continues into the shooting at the Highland Park Fourth of July parade. The parade route in downtown Highland Park and the central business district remains an active crime scene; therefore, we highly recommend individuals living in this area to continue to shelter in place. This area entails Green Bay Road to Laurel, to St. Johns to Elm Place. The investigation and most law enforcement personnel are focused on this area. Individuals outside of this area no longer need to shelter in place, however we urge everyone to remain vigilant and immediately report suspicious behavior.

The Lake County Coroner is on the scene assisting with the investigation. Highland Park police are collaborating with the Lake County Major Crimes Task Force, the FBI, Illinois State Police, County and local law enforcement agencies throughout our area. While no one is in custody at this time, a very active apprehension effort is underway.

Individuals with knowledge of the incident, persons of interest, including photo or video evidence from the scene are encouraged to share them with the FBI by calling 1-800-CALL-FBI. Regular updates are also being posted on the City's web site at www.cityhpil.com.

The next press briefing will be held at 4:30 PM July 4, 2022.

Update: Ongoing Active Investigation into Active Shooter

An active investigation continues into the shooting at the Highland Park Fourth of July parade. The parade route in downtown Highland Park and the central business district remains an active crime scene; therefore, we highly recommend individuals living in this area to continue to shelter in place. This area entails Green Bay Road to Laurel, to St. Johns to Elm Place. The investigation and most law enforcement personnel are focused on this area. Individuals outside of this area no longer need to shelter in place, however we urge everyone to remain vigilant and immediately report suspicious behavior.

Update: Ongoing Active Investigation into Active Shooter

An active investigation continues into the shooting at the Highland Park Fourth of July parade. The parade route in downtown Highland Park and the central business district remains an active crime scene; therefore, we highly recommend individuals living in this area to continue to shelter in place. This area entails Green Bay Road to Laurel, to St. Johns to Elm Place. The investigation and most law enforcement personnel are focused on this area. Individuals outside of this area no longer need to shelter in place, however we urge everyone to remain vigilant and immediately report suspicious behavior.

The Lake County Coroner is on the scene assisting with the investigation. Highland Park police are collaborating with the Lake County Major Crimes Task Force, the FBI, Illinois State Police, County and local law enforcement agencies throughout our area. While no one is in custody at this time, a very active apprehension effort is underway.

Individuals with knowledge of the incident, persons of interest, including photo or video evidence from the scene are encouraged to share them with the FBI by calling 1-800-CALL-FBI. Regular updates are also being posted on the City's web site at www.cityhpil.com.

The next press briefing will be held at 4:30 PM July 4, 2022.

Update: Ongoing Active Investigation into Active Shooter

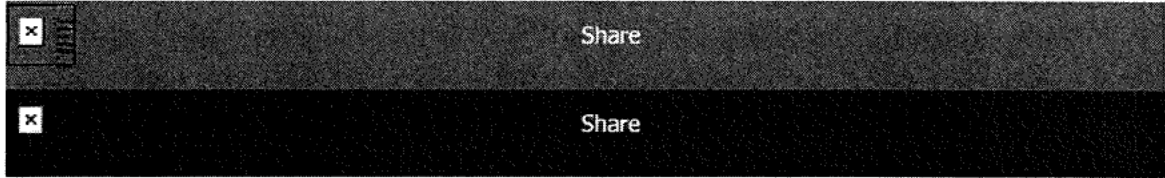

An active investigation continues into the shooting at the Highland Park Fourth of July parade. The parade route in downtown Highland Park and the central business district remains an active crime scene; therefore, we highly recommend individuals living in this area to continue to shelter in place. This area entails Green Bay Road to Laurel, to St. Johns to Elm Place. The investigation and most law enforcement personnel are focused on this area. Individuals outside of this area no longer need to shelter in place, however we urge everyone to remain vigilant and immediately report suspicious behavior.

The Lake County Coroner is on the scene assisting with the investigation. Highland Park police are collaborating with the Lake County Major Crimes Task Force, the FBI, Illinois State Police, County and local law enforcement agencies throughout our area. While no one is in custody at this time, a very active apprehension effort is underway.

Individuals with knowledge of the incident, persons of interest, including photo or video evidence from the scene are encouraged to share them with the FBI by calling 1-800-CALL-FBI. Regular updates are also being posted on the City's web site at www.cityhpil.com.

The next press briefing will be held at 4:30 PM July 4, 2022.

Update: Ongoing Active Investigation into Active Shooter

An active investigation continues into the shooting at the Highland Park Fourth of July parade. The parade route in downtown Highland Park and the central business district remains an active crime scene; therefore, we highly recommend individuals living in this area to continue to shelter in place. This area entails Green Bay Road to Laurel, to St. Johns to Elm Place. The investigation and most law enforcement personnel are focused on this area. Individuals outside of this area no longer need to shelter in place, however we urge everyone to remain vigilant and immediately report suspicious behavior.

The Lake County Coroner is on the scene assisting with the investigation. Highland Park police are collaborating with the Lake County Major Crimes Task Force, the FBI, Illinois State Police, County and local law enforcement agencies throughout our area. While no one is in custody at this time, a very active apprehension effort is underway.

Update: Ongoing Active Investigation into Active Shooter

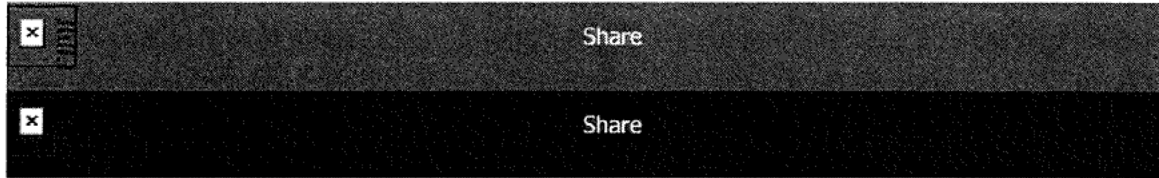

An active investigation continues into the shooting at the Highland Park Fourth of July parade. The parade route in downtown Highland Park and the central business district remains an active crime scene; therefore, we highly recommend individuals living in this area to continue to shelter in place. This area entails Green Bay Road to Laurel, to St. Johns to Elm Place. The investigation and most law enforcement personnel are focused on this area. Individuals outside of this area no longer need to shelter in place, however we urge everyone to remain vigilant and immediately report suspicious behavior.

The Lake County Coroner is on the scene assisting with the investigation. Highland Park police are collaborating with the Lake County Major Crimes Task Force, the FBI, Illinois State Police, County and local law enforcement agencies throughout our area. While no one is in custody at this time, a very active apprehension effort is underway.

Individuals with knowledge of the incident, persons of interest, including photo or video evidence from the scene are encouraged to share them with the FBI by calling 1-800-CALL-FBI. Regular updates are also being posted on the City's web site at www.cityhpil.com.

The next press briefing will be held at 4:30 PM July 4, 2022.

Update: Ongoing Active Investigation into Active Shooter

An active investigation continues into the shooting at the Highland Park Fourth of July parade. The parade route in downtown Highland Park and the central business district remains an active crime scene; therefore, we highly recommend individuals living in this area to continue to shelter in place. This area entails Green Bay Road to Laurel, to St. Johns to Elm Place. The investigation and most law enforcement personnel are focused on this area. Individuals outside of this area no longer need to shelter in place, however we urge everyone to remain vigilant and immediately report suspicious behavior.

The Lake County Coroner is on the scene assisting with the investigation. Highland Park police are collaborating with the Lake County Major Crimes Task Force, the FBI, Illinois State Police, County and local law enforcement agencies throughout our area. While no one is in custody at this time, a very active apprehension effort is underway.

Individuals with knowledge of the incident, persons of interest, including photo or video evidence from the scene are encouraged to share them with the FBI by calling 1-800-CALL-FBI. Regular updates are also being posted on the City's web site at www.cityhpil.com.

The next press briefing will be held at 4:30 PM July 4, 2022.

Update: Ongoing Active Investigation into Active Shooter

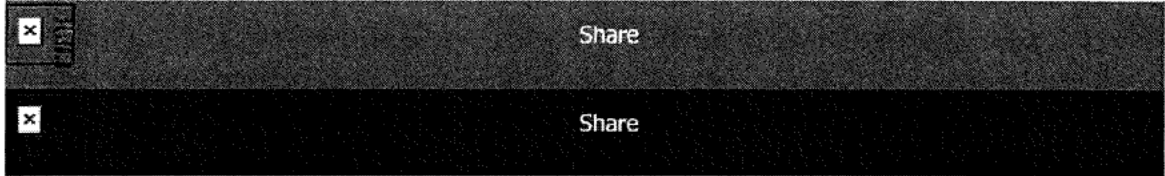

An active investigation continues into the shooting at the Highland Park Fourth of July parade. The parade route in downtown Highland Park and the central business district remains an active crime scene; therefore, we highly recommend individuals living in this area to continue to shelter in place. This area entails Green Bay Road to Laurel, to St. Johns to Elm Place. The investigation and most law enforcement personnel are focused on this area. Individuals outside of this area no longer need to shelter in place, however we urge everyone to remain vigilant and immediately report suspicious behavior.

The Lake County Coroner is on the scene assisting with the investigation. Highland Park police are collaborating with the Lake County Major Crimes Task Force, the FBI, Illinois State Police, County and local law enforcement agencies throughout our area. While no one is in custody at this time, a very active apprehension effort is underway.

Individuals with knowledge of the incident, persons of interest, including photo or video evidence from the scene are encouraged to share them with the FBI by calling 1-800-CALL-FBI. Regular updates are also being posted on the City's web site at www.cityhpil.com.

A friend of mine is a damned good "psychic" with an excellent record for being correct. I'm a former policeman and I don't normally believe in that stuff, but he's definitely worth listening to.

He posted this pic on his website, July 1st.

"Shooter with long black hair and possibly driving a Blue Mercury." Traffic cams?

Handwritten text in a cursive script, possibly containing names and dates. The text is written in black ink on a light-colored background. The words are difficult to decipher due to the cursive style, but appear to include "K. RAY", "Stoughton", "JUL 22", and "1952".

Hello Chief Jogman and Amanda,

I send my heartfelt condolences for the atrocious shooting in Highland Park today – I hope that you and your loved ones are safe and I'm thinking of your community in the midst of this horrible tragedy.

I am reaching out to see if Chief Jogmen is available to join [Zerlina Maxwell's MSNBC Peacock show](#) tomorrow during the 12pm CT hour to talk about the shooting? This would be remote via Skype/Zoom/FaceTime. Please let me know when you can and thank you for your consideration.

Update: Ongoing Active Investigation into Active Shooter

An active investigation continues into the shooting at the Highland Park Fourth of July parade. The parade route in downtown Highland Park and the central business district remains an active crime scene; therefore, we highly recommend individuals living in this area to continue to shelter in place. This area entails Green Bay Road to Laurel, to St. Johns to Elm Place. The investigation and most law enforcement personnel are focused on this area. Individuals outside of this area no longer need to shelter in place, however we urge everyone to remain vigilant and immediately report suspicious behavior.

The Lake County Coroner is on the scene assisting with the investigation. Highland Park police are collaborating with the Lake County Major Crimes Task Force, the FBI, Illinois State Police, County and local law enforcement agencies throughout our area. While no one is in custody at this time, a very active apprehension effort is underway.

Individuals with knowledge of the incident, persons of interest, including photo or video evidence from the scene are encouraged to share them with the FBI by calling 1-800-CALL-FBI. Regular updates are also being posted on the City's web site at www.cityhpil.com.

The next press briefing will be held at 4:30 PM July 4, 2022.

Hi, while in prayer for your city at hearing the news, felt impressed by the Lord that there are 2 people involved, that they were thought to be watching the parade, but they were involved in the shooting, and they are acting like they just went to the parade. They think they have gotten away with it. Just what i felt while i was in prayer here in Texas.

Hi,

Hope all is well. I'm emailing to see if Mayor **Nancy Rotering** can join us on our third hour of *Good Morning America*, GMA3: What You Need To Know, for a 3-5 minute interview with Amy Robach and TJ Holmes. We record at 9:40 am EST via Zoom, or we can arrange a studio.

We interview leaders from across the country--Senators, Representatives, Mayors, health industry experts, White House officials, and half of our nation's Governors and would like to include Mayor **Nancy Rotering** to discuss today's shooting on tomorrow's show.

We have had multiple White House Officials join us, most recently Secretary of Labor Marty Walsh, Secretary of Education Miguel Cardona, and Secretary of Energy Jennifer Granholm along with members of Congress. We have had 38 Governors on our program including California Governor Newsom, Rhode Island Governor McKee, and New Jersey Governor Murphy.

We are currently the fastest-growing show in daytime television and our program was nominated for the 2021 and 2022 Daytime Emmy. We are happy to accommodate any requests you may have. Please feel free to send any questions or concerns my way. Thank you and looking forward to your response.

All the best,

Second Statement

This is a terribly difficult day, and the bloodiest that we have experienced in Highland Park. We are fortunate to be supported by our law enforcement community and from Federal, State, County and local government officials who have all offered resources as we work to apprehend the perpetrator and protect Highland Park and nearby communities.

We appreciate that President Biden called to offer his condolences and Federal resources. Thank you to my fellow mayors who have reached out from across the country, many who lead communities that have experienced this pain and tragedy all too often. Thank you to Governor Pritzker, Senator Durbin, and Congressman Schneider for joining us today. Your support and assistance is appreciated and critical at this difficult time.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until you're confronted with it.

Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Again, I want to extend my thanks to the people and resources who are moving this investigation forward and we all look forward to bringing this individual to justice. On behalf of the City of Highland Park, our hearts are broken for the victims and their families. As we always do, we will support each other. We are Highland Park strong.

At this time I would like to bring forward Governor JB Pritzker.

WE, VICTIMSFIRST, ARE FAMILIES OF PREVIOUS MASS SHOOTINGS.

VictimsFirst has opened the **Highland Park, IL Parade Shooting Victims Fund** on GoFundMe so that every penny donated goes Directly 100% to the families of the deceased and those wounded in Highland Park, IL. Here: <https://gofund.me/fcd18d5b>

We have done after several other mass shootings -- including for the recent mass shootings in Buffalo (where we have collected about \$240K) and Uvalde (where we have collected \$6.8M+ to date and are working on the ground with the local community)

We launched immediately to protect Highland Park families directly impacted from fraud and exploitation which often happens after mass tragedies. We have all experienced it ourselves. Please let your staff know. We are letting politicians there know as well.

We don't want what we've seen happen elsewhere, including in Waukesha after the parade, happen in Highland Park. I was born and raised in Southern Illinois and worked for years in Chicago. Other families in our national network whose children have been murdered in a mass shooting are also Illinoisans.

Everyone,

WE, VICTIMSFIRST, ARE FAMILIES OF PREVIOUS MASS SHOOTINGS.

VictimsFirst has opened the **Highland Park, IL Parade Shooting Victims Fund** on GoFundMe so that every penny donated goes Directly 100% to the families of the deceased and those wounded in Highland Park, IL. Here: <https://gofund.me/fcd18d5b>

We have done after several other mass shootings -- including for the recent mass shootings in Buffalo (where we have collected about \$240K) and Uvalde (where we have collected \$6.8M+ to date and are working on the ground with the local community)

We launched immediately to protect Highland Park families directly impacted from fraud and exploitation which often happens after mass tragedies. We have all experienced it ourselves. Please let your staff know. We are letting politicians there know as well.

We don't want what we've seen happen elsewhere, including in Waukesha after the parade, happen in Highland Park. I was born and raised in Southern Illinois and worked for years in Chicago. Other families in our national network whose children have been murdered in a mass shooting are also Illinoisans.

What happened today should never had happened. The reason why it did can be squarely blamed on Republican resistance to national gun control. Almost 100% of NRA political contributions goes into the pockets of Republicans. In return the Republicans have become paid spokespersons for the NRA and have become the NRA's puppets, no longer elected officials accountable to the voters. In the next round of elections it should be made clear that the corruption NRA money has caused will not be tolerated. Every person who has accepted NRA money should be voted out of office. Only then will gun control laws with real teeth will be passed. It seems that to Republicans the so-called "right" to own a gun is more important than a pile of slaughtered children. In the next election the choice of who to vote for cannot be made any more clear. For the sake of all of those who have died, we must only elect gun control candidates.

I don't know if you'll see this, but the FBI phone wait was a long time.

My husband snapped this photo today on Laurel as we left the parade.

I have parade videos from St. Johns/Laurel top level parking structure during the time of the shooting, but don't think they will be helpful.

Please confirm receipt.

Best,
