Hello Everyone!!

What a beautiful day! Hopefully, July 4 will be as nice, which is what this email is really about. :)

We hope as many of you - and your family members and friends - will join us as walkers in the Highland Park 4th of July parade (which is on Monday, July 4). A few people can also ride in our parade car.

We need your help passing out our giveaways, but even more we need a strong showing in the parade!

We have HPCF t-shirts of various sizes you can wear (though you are welcome to wear your own), and will have cold water and treats to enjoy before the parade starts.

You will need to be at our location in the downtown HP Metra Station by **9:30 AM** and we should be done by 10:30-10:45. Further details about exactly where we will gather to line up, take photos, etc., will be sent once we receive them from the City.

Please let Terri (terri@hpcf.org) know if you can join us and how many people you will be bringing!

Thank you for your help in making this a fun and successful awareness raising event for the HPCF! We hope to hear from you soon!

Hi Amanda,

I'm a reporter with ABC News. I'm a colleague of Stefan Joyce, with whom you were in contact about organizing Mayor Rotering's interview this morning on GMA. We were hoping that your office could confirm that this is a photo of Robert Crimo Jr: <https://www.facebook.com/photo/?fbid=10215846833499574&set=a.10214668142113026>

He posted about running for mayor, and our reporting leads us to believe this is him in the photo, but we want to make sure we've done our due diligence by confirming with a few people that we are correct.

I've CC-ed two of my colleagues, I'd appreciate if you could "reply all" when you do.

Thanks in advance,

All,

In light of yesterday's events, I just wanted to reach out and say thank you and hope everyone at the City is doing well.

As a resident myself who was in the middle of the parade yesterday with my 3 little kids, I am still in shock as to what occurred.

I first hand witnessed a number of City first responders and other staff jump into action and for that I am forever grateful.

Thank you!!

Hi, Ghida. It's Fran Spielman Stone, Dick's wife.

I hope you're doing okay under the awful circumstances. I can't believe this happened in our wonderful, idyllic town where we used to feel so safe. I thought of going to the parade yesterday, but couldn't handle it because Dick and I went every year.

Wondering if you had a cell no. you could share for Mayor Rotering. I wanted to have her on my podcast this week. Please share it if you can. I hope you're doing better than I am. Today would have been our 38th wedding anniversary.

Person of Interest Taken Into Custody in Fourth of July Parade Shooting

At approximately 6:30PM on Monday, July 4, the North Chicago Police Department identified a Honda Fit with a license plate matching the suspect vehicle, traveling Southbound on IL Route 41 and Buckley in North Chicago.

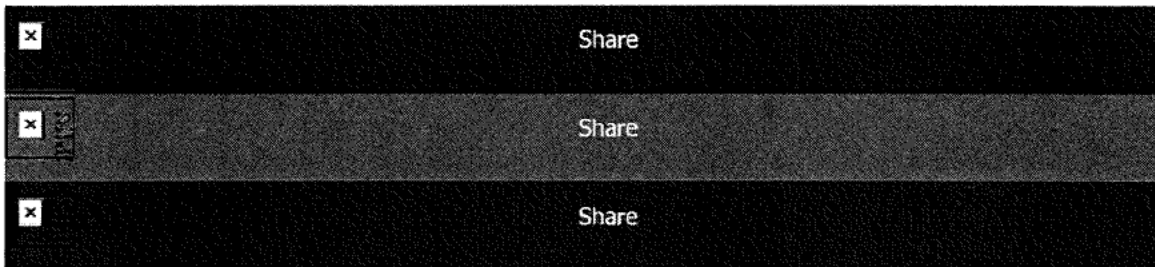

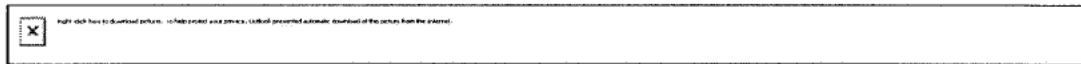

The Officer attempted a traffic stop; a brief pursuit ensued. In coordination with other area law enforcement, the suspect vehicle was stopped at IL Route 41 and Westleigh Road in Lake Forest. The person of interest, Robert (Bobby) E. Crimo III was taken into custody without incident.

Crimo has been transported to the Highland Park Police Department. Despite having a suspect in custody, this remains an active investigation. As the FBI and Lake County Major Crimes Unit continue to remain on site for the crime scene investigation, a perimeter will be maintained around portions of the Central Business District; detours are in place. The updated closure area includes: Central Avenue from Green Bay Road to St Johns, First Street from Laurel Avenue to Elm Place, and Second Street from Laurel Avenue to the southern entrance of the South Street public parking lot (map attached). The Police Department requests that the public continue to send in any tips and/or photos/videos that may be relevant to the investigation for processing.

Individuals still needing to be reunited with loved ones they were separated from during the course of today's events should go to the Highland Park Police Department at 1677 Old Deerfield Rd, Highland Park.

Further information regarding this investigation will be posted to cityhpil.com as available.

Subject: Mexican cartel likely the real shooters, Suspects connected to the HP shooting should include relatives of Roberto Velasco Alvarez, Sandoval, and Martinez

[EXTERNAL EMAIL]

The illegal Mexican U.S. residents linked to Mexican Citizen Roberto Velasco Alvarez need to be questioned. Surely they knew the shooting was going to happen and arranged for their relative Mexican Citizen Roberto Velasco Alvarez to visit in order to pass a strong message to Mexico Government and their cartel linked to helping with a lot of the U.S. mass shootings especially the Uvalde and El Paso Walmart shooting was done with a host of Mexican cartel shooters coming from the underground. Use ICE to arrest and interrogate the U.S. relatives of Roberto Velasco Alvarez ASAP who immediately started a GO FUND PAGE profiting off of the Highland Park mass shooting.

Relatives of Roberto Velasco Alvarez knew about the shooting to come and linked it to the cartel and Mexico to carry it out.

Likely the Mexican cartel were on the roof and the real shooters not Robert Crimo which can be proven by getting into the local mind control computers. Reason why Robert Crimo, owner of a Honda Fit was chosen by the mind control system to do the shooting. This is a clear coded message that the Indian HIB visa and falsified naturalized Indian immigrants since 1924 all with stolen social security numbers working in Seattle and Silicon Valley are having a fit because the original shooters revealed in word Honda meaning original rice paddy have been identified by me through my over 40 page email being sent across the country weekly.

I would also suspect Mexican U.S. residents Sandoval who put his son in a dumpster and Gabriel Martinez. Have ICE also arrest them. It is important to link the Mexican government in order to permanently close the U.S. Mexico border and sanction all of Mexico and remove all Mexican citizens from the U.S. using a stolen social security. This is well addressed in Austin Federal Case lead defendant the Country of Mexico filed in June of 2019 the reason why Mexico signed their agreement with Trump to force all to stay in Mexico two days prior to this filing.

Hi Amanda,

I hope you and your loved ones are doing okay after today. Is there any chance somebody from the city is available to come on MSNBC in the 3pm ET/2pm CT hour on Tuesday to talk about the investigation, how the city is doing, what it needs after today's shooting. It'd be a live interview with Hallie Jackson. We could do it from Skype, Factice or Zoom.

A Guide to Preventing Slip, Trip, & Fall Injuries

Slip, Trip, Fall Facts:

- » Cause 15% of all accidental deaths
- » Account for approximately 8.9 million emergency department visits
- » Result in painful injuries and lost time from work

Slips, trips, and falls are among the most common accidents that occur in the workplace. According to OSHA, "Slips, trips and falls constitute the majority of general industry accidents. They cause 15% of all accidental deaths, and are second only to motor vehicles as a cause of fatalities." The National Safety Council reports, "Falls are one of the leading causes of unintentional injuries in the United States, accounting for approximately 8.9 visits to the emergency department (*2011 NSC Injury Facts*)." In addition to painful and debilitating injuries, expensive medical bills and loss of wages due to lost work time can also result from a slip, trip and fall incident.

The good news is that these injuries can be prevented by understanding what causes a slip, trip and fall and knowing how to safely avoid related risk exposures.

Hazards That Can Contribute To Slip, Trip, Fall Accidents

Weather

- » Ice
- » Snow
- » Rain

Walking surfaces

- » Uneven
- » Unfamiliar
- » Slippery or wet

Elevated walkways

- » Stairs
- » Ladders
- » Catwalks
- » Scaffolds

Illumination

- » Poorly lit
- » Glare
- » Night

False sense of urgency

- » Unsafe speed
- » Taking short cuts
- » Unfocused

Specific tasks

- » Carrying or transferring loads
- » Working near a water source
- » Entering or exiting a vehicle
- » Improper footwear

Location of Slip, Trip, Fall Accidents

General Building Areas:

- » Office and store rooms
- » Food service and cafeteria
- » Engineering, custodial, and boiler room
- » Entrances, parking lots, and sidewalks
- » Stairs and hallways
- » Shops—auto, woodwork, metal
- » Entering and exiting elevators
- » Loading docks

Prevention

Wear proper footwear:

- » As recommended by department
- » Slip resistant soles over shoes
- » Keep shoes clean—free of mud, oil, grease and ice

Adjust gait for walking surface:

- » Keep one hand free for balance
- » Always maintain a safe speed and never run
- » Point your feet out

Observe the area first and use caution if you note the following:

- » Poor housekeeping
- » Storage in aisles or on stairs

Other safety measures:

- » Ensure proper illumination—slow down when light is limited
- » Use appropriate surface coating, mats, throw rugs, runners or stair treads
- » Proper placement of electrical cords and hoses
- » Practice smart storage, layout or design of equipment and furniture
- » Be sure exits are marked clearly and are visible

Basic Safety Guidelines

- Take short steps and slow down.
- Make wide turns at corners.
- Clean up or mark spills immediately.
- Take the pathway provided and be sure it is clear.
- Make sure you can see over the load you are carrying.
- Turn on lights, replace bulbs, repair fixtures.
- Keep areas clean and clear of clutter.
- Fix loose carpeting on stair treads.
- Fasten throw rugs, mats, and runners, or use slip-resistant materials.
- Use appropriate climbing equipment.
- Follow the 4:1 rule when using a ladder.
- Have someone support the base of the ladder when possible.

- Always close file cabinets and drawers.
- Keep all chair legs on the floor at all times.
- Always use handrails on stairways, steps, and entrances.

Partners-

As you know there was a terrible tragedy that occurred this morning during the fourth of July parade in Highland Park. Charlotte with the Red Cross and I have been in communication all day discussing the events. She was contacted by the FBI to hold a family resource center beginning this Wednesday.

If you are receiving this email, you are being invited to be a part of this event. This event will be run similar to what we did in Aurora and it will not be made known the the public.

We are having a coordinating call tomorrow morning at 11:00 (CST). Here is the information:

I would suspect all non US citizens using a stolen social security number at the event. Do not return any phones recovered. All cell towers should be used to bring up erased cell phone texts that will likely reveal all present at the event. All cell phone towers in the area surely can help find the cartel shooters who had to get text to give them instructions on where to stand and how to identify their victim. Use ICE to arrest the non-citizens. This includes the text of phones not in the possession of law enforcement. Expect the cartel phones to still be in the possession of the cartel shooters who likely returned to Mexico by way of the underground.

The illegal Mexican U.S. residents linked to Mexican Citizen Roberto Velasco Alvarez need to be questioned. Surely they knew the shooting was going to happen and arranged for their relative Mexican Citizen Roberto Velasco Alvarez to visit in order to pass a strong message to Mexico Government and their cartel linked to helping with a lot of the U.S. mass shootings especially the Uvalde and El Paso Walmart shooting was done with a host of Mexican cartel shooters coming from the underground. Use ICE to arrest and interrogate the U.S. relatives of Roberto Velasco Alvarez ASAP who immediately started a GO FUND PAGE profiting off of the Highland Park mass shooting.

Relatives of Roberto Velasco Alvarez knew about the shooting to come and linked it to the cartel and Mexico to carry it out.

Likely the Mexican cartel were on the roof and the real shooters not Robert Crimo which can be proven by getting into the local mind control computers. Reason why Robert Crimo, owner of a Honda Fit was chosen by the mind control system to do the shooting. This is a clear coded message that the Indian HIB visa and falsified naturalized Indian immigrants since 1924 all with stolen social security numbers working in Seattle and Silicon Valley are having a fit because the original shooters revealed in word Honda meaning original rice paddy have been identified by me through my over 40 page email being sent across the country weekly.

I would also suspect Mexican U.S. residents Sandoval who put his son in a dumpster and Gabriel Martinez. Have ICE also arrest them. It is important to link the Mexican government in order to permanently close the U.S. Mexico border and sanction all of Mexico and remove all Mexican citizens from the U.S. using a stolen social security. This is well addressed in Austin Federal Case lead defendant the Country of Mexico filed in

June of 2019 the reason why Mexico signed their agreement with Trump to force all to stay in Mexico two days prior to this filing.

Hi everyone,

I don't even know what to write to you all at this point, but I am incredibly proud of everyone and happy you are all safe. When this occurred, I was walking in the parade, stopping at all of our CERT posts. I immediately was in full swing into locating the offender and was responsible for leading the investigation by HP and a liaison to the FBI and Lake County Major Crime Task Force. I talked with David throughout the day and informed him he would have to take charge, and he did a great job.

I understand this is a traumatic event, and I will plan a debriefing soon. I don't know when because this is a massive investigation. But I will stay in touch; please don't hesitate to use the before-mentioned resources.

We are heartbroken to hear of the loss of life and of the many injured at Highland Park's fourth of July parade. Our condolences to the families and loved ones. It is a trauma that many of us likely feel reverberating in our souls. We so very much hope you are all safe, and would be grateful if you could let us know if you and your loved ones are okay.

We are thankful to those of you who came to the aid of others in this moment. Our brave law enforcement officers ran towards the danger. The HPHS band leader and football coaches got the students marching in the parade safely home to our families. Municipal leaders are coordinating a swift and thorough emergency response. Our school staff are arranging for counselors to be on-site tomorrow for those who need it. Our CTAD members are helpers as part of their jobs, but it is also part of their character. Thank you for being you.

Consider sharing Text a Tip as a resource to students and other residents when a counselor or other adult is not available. The counselors are based out of Lake Bluff and are therefore familiar with what is happening. Details below and on attached infographic. You can also share from CTAD's [Facebook](#) and [Twitter](#). We will post the resource frequently this coming week.

- Local, trained mental health counselors
- 24/7 anonymous help for yourself or a friend
- Text "224Help" to 844-823-LEAD (5323).

Dear Officer Hyndman,

My name is Linda Taylor and I am President of the Keller Texas CERT Organization. Just wanted to let you know I was watching the news coverage of today's tragedy in your city and it warmed my heart to see the large number of CERT members there. I'm sure your group never expected to be involved directly in something so horrific. My CERT team would like to offer you our condolences and tell you how much we admire all of you for Giving back to this world we live in in such a meaningful way.

Last night was our town's July 4th celebration and it was the first time in 17 years of CERT activities that I had to discuss what our responsibilities would be in the event of an active shooter situation. Needless to say my stress level was sky high. But turning on the news and seeing that a group of our CERT brothers and sisters were actually dealing with that horror was devastating. I breathed a sigh of relief last night when my event ended with only a bloody nose and heat exhaustion to deal with. I have worked tornadoes, hailstorms, large fires and lots of other things but never have I faced what your CERT Team witnessed and dealt with. Again I am so sorry that you all had to deal with. Please know that our thoughts and prayers are with You every minute.

If we can help in any way please let me know. My email is [REDACTED] Please share this message with your team members.

I know you have so much going on there and wanted to tell you if there is **anything** you need during this time, I can help out by redacting FOIA's for you, I will donate my time off hours to help you if you need !

Hang in there and all of us send our thoughts and prayers with your agency and all the residents of Highland Park

Officer Hyndman,

Good evening. Firstly, my thoughts are with you and the Highland Park community and first responders. Please accept my sincerest well-wishes and know that I will have you all in mind as you continue to respond to and recover from today's horrific incident.

If possible, I'd appreciate if you could relay this message to the Highland Park CERT membership, especially those members who were staffing the parade today.

Your presence in your community and response to help them today have been honorable and brave. You made a difference in all the ways that you could, living out the CERT motto by doing the greatest good for the greatest number. You made all CERTs proud as you leaped into action, saving lives and caring for your community when they needed you most. I was certainly proud to see CERT vests being worn by responders working this incident.

Do not forget that we all have our own experiences of and reactions to traumatic events like these. As first responders, which you undoubtedly were today, you are especially vulnerable to the aftershocks of such an incident. Know that you are not alone, and be in touch with one another. We all process these events differently, but they take a toll on everyone. Don't hesitate to seek out the help that you need if and when you need it.

Thank you for being the exemplary community members and CERT responders that you are; you showed your excellence today and there is much to be applauded in your actions.

Take good care.

Dear Members,

On behalf of the Senior Center staff, we are devastated and heart-broken over the senseless act of violence against our community, that occurred during today's 4th of July parade. Our hearts go out to those who lost their lives and those who were injured - and to their families and loved ones as well.

After thoughtful consideration, we have decided that the Senior Center will be open tomorrow, and that all classes and activities will be held as scheduled. We hope this decision will allow us to grieve together and just maybe we can begin to heal together as well.

As a life-long resident of Highland Park who lives and works in this beloved community – the pain is palpable – and we are experiencing this pain together. The outpouring of love and support our community has shown – is one of the reasons I love Highland Park. Together, we will get through this.

If you are seeking support after today's tragic events, you are invited to participate in a coordinated effort to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available for community members in need of support. Counseling will be available at the Highland Park High School, 433 Vine Avenue tomorrow (Tuesday) from 9:00 AM to 2:00 PM; please enter through the Vine Avenue entrance. Anyone who wishes to take advantage of counseling services,

will need to present a valid driver's license or student ID to be cleared to enter the school; no appointments are necessary.

Message from Mayor Rotering

Today was the bloodiest day that we have ever experienced in Highland Park. This morning at approximately 10:14 AM a shooter opened fire with an assault weapon on a crowd attending our 4th of July parade. We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued.

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider, Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses -- running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy

and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard. Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

Counseling Resources

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting -- we know that we will come together and support each other, as we always do, in difficult times. We are Highland Park strong.

Good morning,

My name is Maria Cramer and I'm a reporter at the New York Times.
I was reaching out in the hopes that I might be able to speak with Mayor Rotering this morning for a few minutes.

I'm also trying to confirm that the father of the suspect, Robert Crimo III, ran unsuccessfully against Mayor Rotering in 2019. I've seen various reports of this but no actual confirmation and was hoping Mayor Rotering or someone in her office could verify that this is a fact.

I look forward to hearing from you and I'm very sorry to be reaching out under these horrible circumstances.

Best,

Hi Amanda,

I'm reaching out to make sure we are set for this afternoon.

I can help coordinate on Skype this afternoon and answer any questions you may have about the interview. My cell is [REDACTED] if you need anything, and I can text if that's easier for all of you.

I want to also send my condolences. I have a close friend who works regularly in the city, and I know how lovely it is.

Hi Amanda,

Thank you very much. And our condolences to you and so many people there during this horrible time.

We would very much like to interview her at that time -- 4 pm CST, probably for about 5 or 6 minutes or so. Our anchor, Judy Woodruff, will interview her.

Let's plan on that. I am adding my colleague, Ali Schmitz, who can help sort through the details. We do need to do a Skype check at some point later this AM or early to mid-afternoon that uses both the laptop and the location she will be doing this from so we can check signal strength, picture quality and audio, etc.

The control room will probably connect with her around 3:55 pm CST to make sure all is clear before we record.

Does she have a Skype account/handle? Please send along when you can, along with a number where she can be contacted while we are doing the recording. If she doesn't have a Skype account, we can send a guest link to be used through a Chrome browser. But if she or Highland Park has a Skype account we could use, that would be best.

Thanks so much.

Ali will follow up with more. But do let us know about a couple of these questions when you can, please. I know you are all very busy so we appreciate the time. And again, we are so sorry for the losses and trauma there. I have family there myself who have long lived in the community and they are trying to come to terms with it.

Thank you,

Murrey

Deb,

Per my instructions from Brent Reynolds, I am forwarding this FOIA (requesting 911) that came to us last night for your agency.

My thoughts and prayers are with you all.

As you know I am from Highwood/Highland Park and this hit home hard. I too knew people at the parade and they are all ok (Thank God) but so surreal. Just a nightmare! I know you have so much going on there and wanted to tell you if there is anything you need during this time, I can help out by redacting FOIA's for you, I will donate my time off hours to help you if you need !

Hang in there and all of us send our thoughts and prayers with your agency and all the residents of Highland Park
Peace,
Martha

Subject: Accidents, No Accident

Accidents are no accident; police take report and blame me.

Police aid and abet a dangerous crime against mother to entrap the children to stranger danger, bugs, worse.

Religiously observant communities' separate children are physical and mental abuse.

My windshield was smashed, rear bumpers (2) dented, car keys stolen and the HP police take report and blame me.

The car is legally parked and no one is inside why are the police blaming me?

I suspect the police involved w car report incidents blaming me may know who the angry person is doing it.

The police are advising MBG and city services to ban me from most HP facilities and residences.

They must have No contact w my children.

Do these police taking my accident reports have contacts w my children and prohibit a family connection w father MBG?

Are the police (MBG's contacts in the police dept.) trying to **entrap me to confess** to their and other crimes against me (Italians)?

Do the police know of more accidents against me?

Democrats illegal policies result no jobs, entrap accidents to disability to get paid rent.

Choose your battles, leave mother and children alone the city is part of the problem, protecting violence against us.

[EXTERNAL EMAIL]

Hi William,

I hope this email finds you as well as it can during this challenging time for your community. My name is Cady Stanton, a reporter for USA TODAY covering the recent shooting in Highland Park.

I'm reaching out to you in your role as staff liaison to Highland Park's Human Relations Advisory Group as I saw your group will be taking part in distributing funds raised for shooting victims in Highland Park. I wanted to send you a message to inquire whether you knew of any victim's families who may be willing to speak to the media about their loved ones, based on people you may have interacted with in your role.

I understand this is a delicate and painful time for these families and for your community, so I thought I would reach out to you to see if you knew of anyone rather than attempting to contact the families themselves.

Please let me know if there's anyone who you may be able to connect me with, and thank you in advance for your help

and your consideration.

Best,

Cady Stanton

My name is Maria Cramer and I'm a reporter at the New York Times.

I was reaching out in the hopes that I might be able to speak with Mayor Rotering this morning for a few minutes.

I'm also trying to confirm that the father of the suspect, Robert Crimo III, ran unsuccessfully against Mayor Rotering in 2019. I've seen various reports of this but no actual confirmation and was hoping Mayor Rotering or someone in her office could verify that this is a fact.

I look forward to hearing from you and I'm very sorry to be reaching out under these horrible circumstances.

Tragedy in Highland Park

Yesterday, a tragedy occurred in Highland Park. A gunman fired repeatedly into the Independence Day parade, taking six lives and wounding dozens.

The suspected shooter was taken into custody in the early evening, more than eight frightening hours after the shooting. Given that situation, we quickly decided to cancel both our 4th of July Parade and the evening concert and fireworks.

There really aren't words for this moment to express our condolences to those who lost loved ones or were otherwise harmed yesterday morning, to communicate our anger at the gruesome reality of gun violence in America in 2022, or to articulate how frightening it is for a town that treasures its communal public gatherings like 4th of July parades to grapple with the question of when we can ever be truly safe.

It feels as though our society is coming apart.

Let's start with the obvious: the ready availability and incomprehensible number of guns on our streets is a crime against public safety. Almost no other country has gun laws like ours, and no other country has a problem akin to ours. ♦ It's not a coincidence, and anyone who continues pretending to believe otherwise has blood on their hands.

Next: we don't yet have much information about the motive behind yesterday's crime, but there are at least some indications that it may be ♦ in part political or ideological. Political violence is playing an alarming role in America today, ranging from the enormously high-profile events of January 6, 2021, to the little-publicized threats that public officials endure on a far-too-regular basis. I hope it goes without saying that democracy is incompatible with the use of violence to resolve political disputes.

Finally: we are living in a time of intense anger and polarization, when disagreements escalate quickly and frequently. Obviously heated arguments are a far cry from yesterday's nightmare, but I do think there's a connection between our society's widespread and growing difficulty with constructive disagreement and these extreme acts of violence.

Let's also be clear-eyed about what's different about these times and what isn't. White supremacy sure isn't a new phenomenon in this country, and political violence isn't either. But today, white supremacists have digital tools they can use to target and radicalize young white men, who then get messages from mainstream sources that they interpret as encouragement, and furthermore have no trouble getting their hands on military-style weapons. Given that, the situation we find ourselves in should be no surprise.

It's obvious that we need dramatic change in all of these areas. The gun issue, while politically challenging, is substantively relatively straightforward. We know that policy changes can make a difference, and we need to demand that they happen quickly, and without being watered down to the point of ineffectiveness. And while municipalities and states must use every tool at our disposal, municipal and state borders are porous, so we absolutely need federal action as well.

The other problems we need to take on are more complicated but we have no choice but to try. We cannot leave any room in this country for politics of violence, and we cannot structure our public discourse in such a way as to orient ourselves toward maximum conflict. Democracy is quite literally a tool for non-violent collective decision-making, and when we can't count on that happening, everything else in society begins to break

down.

Let me end on this same subject, but on a positive note. During yesterday's tragedy, many people and institutions stepped up, pitched in, and demonstrated just the kind of commitment to collective effort that we need. First responders from across the north suburbs and Chicago put aside their already-enormous holiday workload to help out and ultimately apprehend the suspected shooter. We owe them a great debt of gratitude.

The Evanston 4th of July Association, a group of dedicated volunteers, worked for months and months to plan yesterday's festivities, and then when the news came in from Highland Park, turned on a dime. Thanks to them for their dedication and hard work. Finally, I know that after two years of pandemic-induced parade cancellations, our whole community was excited about yesterday's planned celebrations. When circumstances changed, people quickly and generously cooperated with law enforcement and focused on supporting one another and staying safe. Thanks to all for coming together in such a painful and difficult moment.

We have a lot of progress to make but I am confident that we have the people, the heart, and the values to get it done. Let's get to work.

Tragedy in Highland Park

Yesterday, a tragedy occurred in Highland Park. A gunman fired repeatedly into the Independence Day parade, taking six lives and wounding dozens.

The suspected shooter was taken into custody in the early evening, more than eight frightening hours after the shooting. Given that situation, we quickly decided to cancel both our 4th of July Parade and the evening concert and fireworks.

There really aren't words for this moment to express our condolences to those who lost loved ones or were otherwise harmed yesterday morning, to communicate our anger at the gruesome reality of gun violence in America in 2022, or to articulate how frightening it is for a town that treasures its communal public gatherings like 4th of July parades to grapple with the question of when we can ever be truly safe.

It feels as though our society is coming apart.

Let's start with the obvious: the ready availability and incomprehensible number of guns on our streets is a crime against public safety. Almost no other country has gun laws like ours, and no other country has a problem akin to ours. ♦It's not a coincidence, and anyone who continues pretending to believe otherwise has blood on their hands.

Next: we don't yet have much information about the motive behind yesterday's crime, but there are at least some indications that it may be ♦in part political or ideological. Political violence is playing an alarming role in America today, ranging from the enormously high-profile events of January 6, 2021, to the little-publicized threats that public officials endure on a far-too-regular basis. I hope it goes without saying that democracy is incompatible with the use of violence to resolve political disputes.

Finally: we are living in a time of intense anger and polarization, when disagreements escalate quickly and frequently. Obviously heated arguments are a far cry from yesterday's nightmare, but I do think there's a connection between our society's widespread and growing difficulty with constructive disagreement and these extreme acts of violence.

Let's also be clear-eyed about what's different about these times and what isn't. White supremacy sure isn't a new phenomenon in this country, and political violence isn't either. But today, white supremacists have digital tools they can use to target and radicalize young white men, who then get messages from mainstream sources that they interpret as encouragement, and furthermore have no trouble getting their hands on military-style weapons. Given that, the situation we find ourselves in should be no surprise.

It's obvious that we need dramatic change in all of these areas. The gun issue, while politically challenging, is substantively relatively straightforward. We know that policy changes can make a difference, and we need to demand that they happen quickly, and without being watered down to the point of ineffectiveness. And while municipalities and states must use every tool at our disposal, municipal and state borders are porous, so we absolutely need federal action as well.

The other problems we need to take on are more complicated but we have no choice but to try. We cannot leave any room in this country for politics of violence, and we cannot structure our public discourse in such a way as to orient ourselves toward maximum conflict. Democracy is quite literally a tool for non-violent collective decision-making, and when we can't count on that happening, everything else in society begins to break

down.

Let me end on this same subject, but on a positive note. During yesterday's tragedy, many people and institutions stepped up, pitched in, and demonstrated just the kind of commitment to collective effort that we need. First responders from across the north suburbs and Chicago put aside their already-enormous holiday workload to help out and ultimately apprehend the suspected shooter. We owe them a great debt of gratitude.

The Evanston 4th of July Association, a group of dedicated volunteers, worked for months and months to plan yesterday's festivities, and then when the news came in from Highland Park, turned on a dime. Thanks to them for their dedication and hard work. Finally, I know that after two years of pandemic-induced parade cancellations, our whole community was excited about yesterday's planned celebrations. When circumstances changed, people quickly and generously cooperated with law enforcement and focused on supporting one another and staying safe. Thanks to all for coming together in such a painful and difficult moment.

We have a lot of progress to make but I am confident that we have the people, the heart, and the values to get it done. Let's get to work.

Thank you,

Daniel Biss
