First and foremost, I am so completely devastated by the events of the 4th. I hope your family and friends are all safe and well. I am forwarding this message I sent to the Illinois Attorney's office and Eric Rinehart. I'm not sure if you have any pull here, but in case you do, I'm pushing hard for this and have 65 signatures including Caren Teves, the founder of #NoNotoriety whose son Alex was killed by the Aurora shooter. signees also include friends of the deceased. Please help if you can! Thank you.

To our elected officials who have the power to stop this,

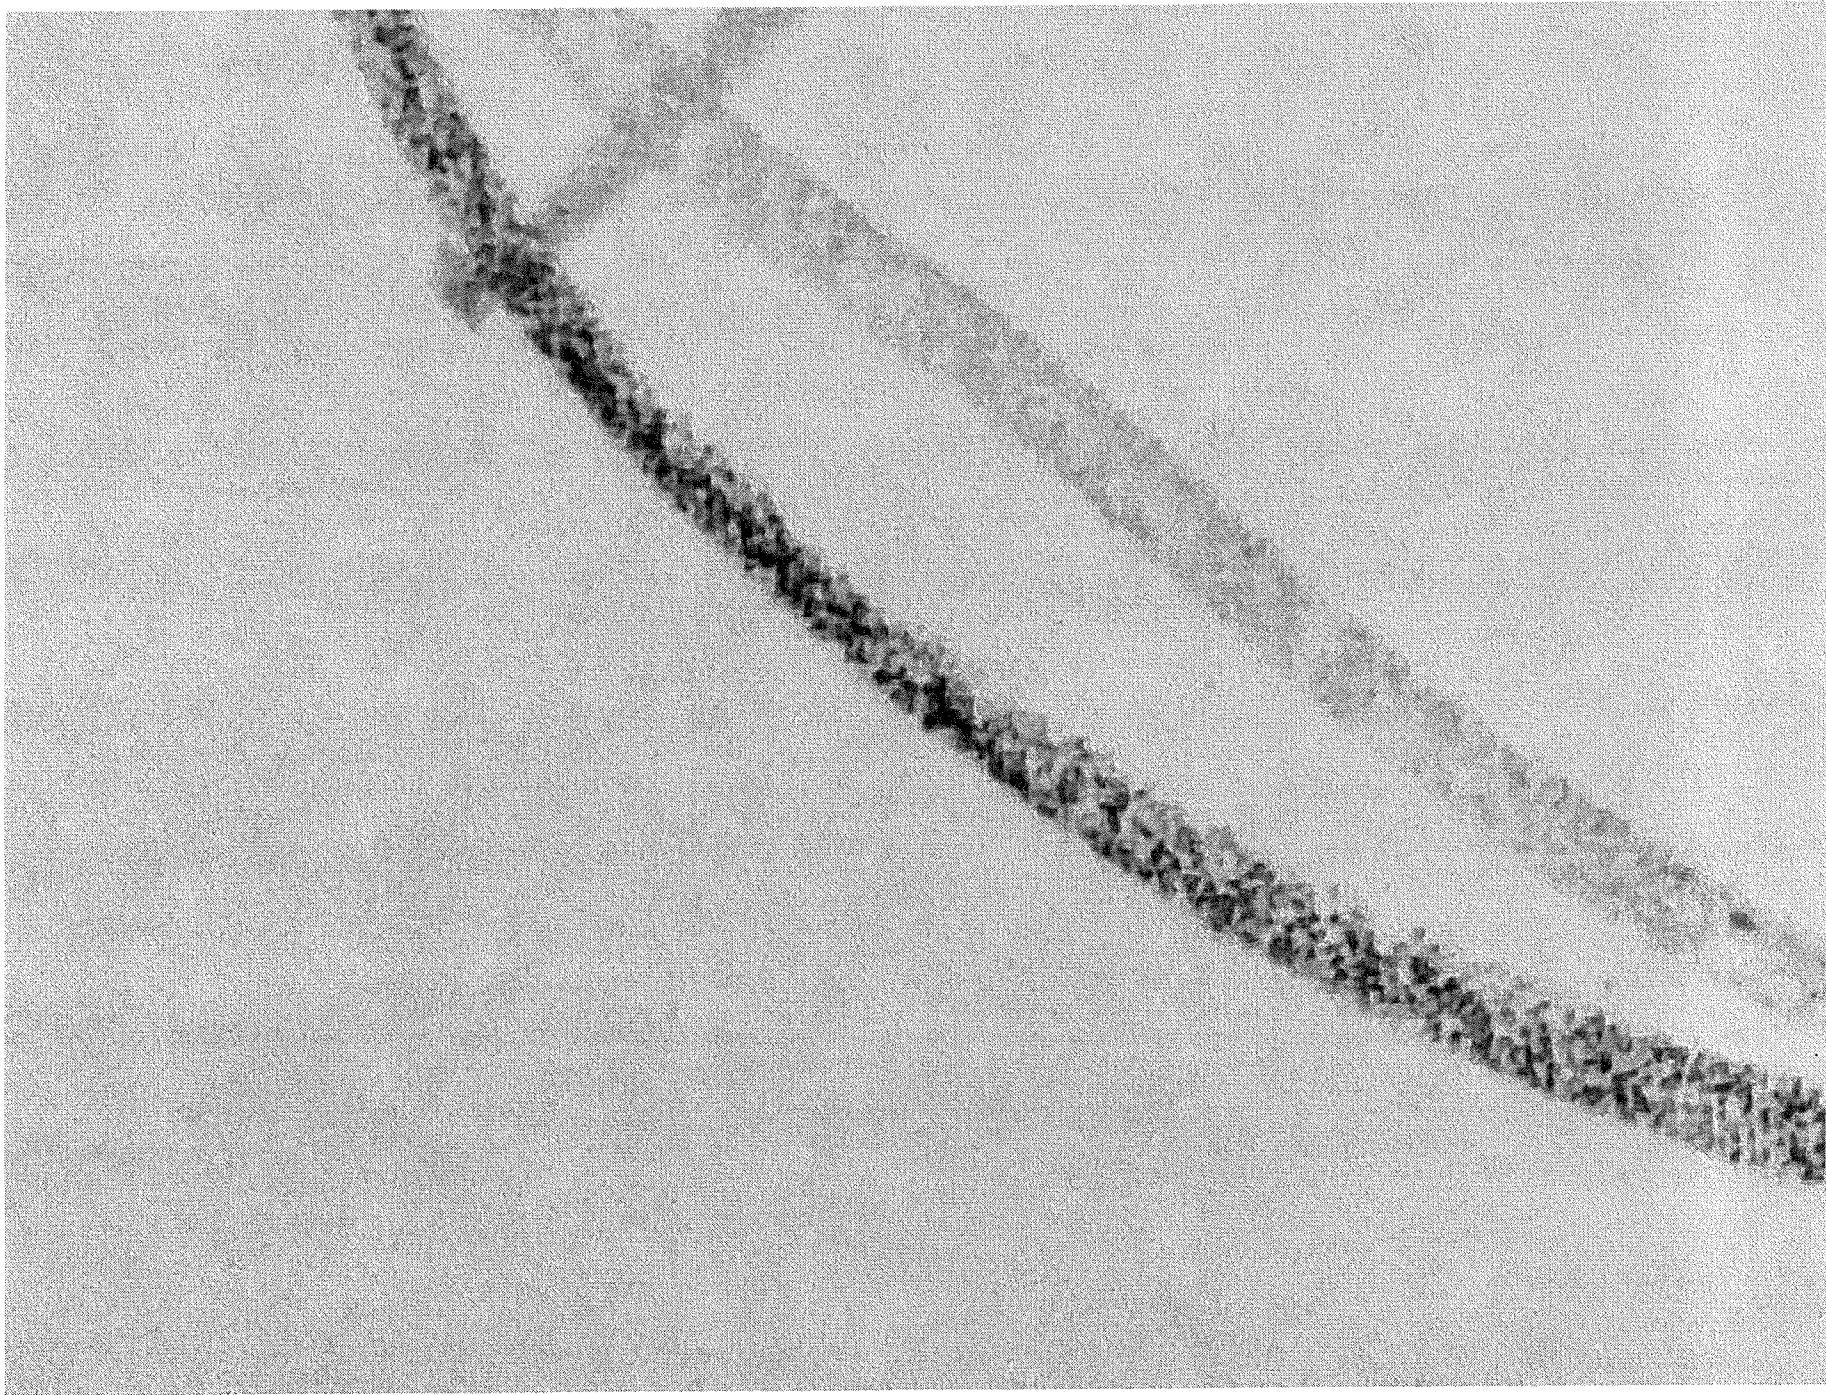

I have 65 signatures and won't stop there. I am calling on you, on behalf of our children, the victims and all affected in this unimaginable tragedy to end the court coverage of the mass shooter. The contagion effect is well documented. Many even explicitly cite this as their motive. It is insensitive to the victims and incentivizes future attacks. The purpose of the criminal justice system is supposed to be to deter would-be criminals and provide justice for the victims of crimes. By allowing media access to the courtroom to publish images and statements of the killer, we are doing the exact opposite of this. We are incentivizing a future copycat to commit a similar crime and retraumatizing the victims. I am a teacher and a mother in Lake County. This was close. I know people affected directly. For their sake and the sake of our children who have to grow up with the backdrop of these increasingly routine events, be the change! Shut down the footage, and let's deprive the killer of the attention he was seeking and saw gunning down innocent families in Illinois as a means to that. He is seeing now that his goal was realized with this despicable act and others are watching! I beg you. Please ! Act Now!

Dear Aimee,

I hope you and your staff are well and safe. I understand that Pediatrtrust incurred damage during the July 4 parade tragedy, and want to be sure you have scheduled a contractor to make repairs or replacements for the damage, as the public could be returning to the area when the FBI clears the area for access. Public access may be as soon as Sunday or Monday. We will be able to allow your contractor access to make repairs/replacements, as needed. Please let me know the date and time the contractor will be coming, and we will have someone from the FBI meet them to give them access. We are hoping repairs/replacements will be done in the next few days. Let me know if there is anything else you need.

Good afternoon Ghida,

We have some action items that would need a quick turnaround for the center, and we can discuss your answers and needs at 8:30 tomorrow morning. I thought if you had the discussion list it would be easier to move forward with developing and very fast-moving plans.

1. Can the city stand up a hotline within the next 24 hours? The number can be manned by volunteers from the Medical Reserve Corp for the first 30 days.
2. Has the use of the Senior Center been approved and is there a timeline available for opening?
3. What inventory items would be needed to complete the center? (furniture, office equipment, etc.)
4. What staffing assistance would you need for the first 30 days of operation?

I am working with volunteers to be able to assist your staffing needs for the first 30 days if needed.

Regards,

All -

Lake County EMA has reached out that MORE volunteers are needed for TODAY, all shifts in Highland Park. We know that you have been reaching out and encouraging your volunteers but if there are any more people hiding in the weeds we really need to get them out to the FAC today. Please also encourage any additional volunteers to add to the google sheet for tomorrow.

If you have anyone available today, please add to the existing google sheet and send a quick email to Jordan - [REDACTED] and Rebecca Kumar - rkumar@lakecountyil.org Rebecca needs to add them to the lists that have already been generated for today.

There are a couple of teams that haven't supported so if you need additional details or can't find the prior emails, please let me know. Everyone's past, current, and future support is greatly appreciated.

Thank you

Good afternoon,

I wanted to follow up here regarding these requests. Other media outlets are receiving portions of the records I requested via FOIA such as copies of past incident reports at the suspects' residences. Can you please provide those requests to me as well or is there some other process that I missed? I know you're processing a million things in light of this terrible tragedy so I want to make sure that we're in the loop.

Thanks for your help,

Subject: Fw: Entry for Counseling Services at HPHS moves to H-Entrance; FBI Releases More Information about Picking Up Personal Effects

Just an fyi. Yesterday, press was set up in front of the high school where people were entering for counseling. I alerted the City Manager and today they are using a different entrance which is more private, and press seem to have left.

Retrieval of items is beginning and the FBI is in charge. I've been unable to influence the process, so can only hope that people get the things that they left. Items like lawn chairs are just outside city hall for pick up, which seems ok. I was more concerned about other personal belongings.

Dear 113 Community,

There are two updates to share with you this morning regarding counseling services and the FBI's Family Assistance Center (FAC) at Highland Park High School.

1. **The entrance to receive services at Highland Park High School has moved from the main entrance on Vine Street to the H-Entrance.** The H-Entrance is on the north side of the school, near St. Johns Avenue and Woodpath Lane. Only the H-Entrance will be open. All visitors will check in at the H-Entrance and per school standard operating procedures, anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have a valid driver's license to be cleared to enter the school.
2. **The FBI has released a map and information about personal effects from the parade route that have been cleared for pick up at Highland Park High School.** That information can be found via Twitter at [@FBICChicago](#), or by clicking on the two attached images. When District 113 receives the attached files in the appropriate format, the files will be posted on the District 113 website.

As a reminder:

- Today's hours at Highland Park High School are 9 a.m. to 9 p.m.
- At Deerfield High School, counseling services will also be available during Summer School hours for District 113 students and staff only.
- North Shore School District 112 will be offering counseling services at NSSD 112 locations for NSSD 112 families, and [the details are in this communication.](#)

Subject: Unity Partnership Monthly Meeting with Organizational Leaders & Law Enforcement

[EXTERNAL EMAIL]

Hello everyone,

I hope our law enforcement departments can join us in a moment of silence for the city of Highland Park and its police department in reference to the devastating incident that happened on July 4th.

Just yesterday, Unity Partnership laid flowers in honor of the victims and attended one of the vigils at the Makon Solel Synagogue. We wanted Chief Jogmen and the community to know they have our prayers and support. Mayor Nancy Rotering, Rev. Jackson, Rabbi Gordon & Rabbi Ike, and Unity Partnership joined hands together in solidarity with the

community. All the residents speak highly of Chief Jogmen and how he has handled this unfortunate situation.

What took place is not an isolated incident...it could happen anywhere. With that said, we ask law enforcement to share or provide any information regarding what steps we should take if ever we encounter an active shooter in our community.

Thank you and stay safe...we hope to see you on the call.

All the best,

Regina Brent, Founder & President

Hi all,

Looking for some help with FOIA please. I've sent requests to all of the individual entities involved and I'm not receiving documents that some other media outlets are being sent. Is there an additional place I can follow up with regarding FOIA'd records?

Thanks,
Ross

Hi -- quick FOIA question here -- do you have any idea why materials that we've requested such as incident reports are being shared with other media outlets but I haven't gotten anything? I've sent similar requests to Highland Park, Highwood, Lake Co etc.

Any help you can provide would be fabulous.

Thanks,
Ross

Good afternoon,

I wanted to follow up here regarding these requests. Other media outlets are receiving portions of the records I requested via FOIA such as copies of past incident reports at the suspects' residences. Can you please provide those requests to me as well or is there some other process that I missed? I know you're processing a million things in light of this terrible tragedy so I want to make sure that we're in the loop.

Thanks for your help,

Via FOIA, I'm writing to request access to and a copy of any and all records related to the mass shooting in Highland Park on 7/4/2022 including but not limited to:

- any and all police records related to not only Robert Crimo III himself but also 115 Pleasant Ave in Highwood or 1566 McDaniels Ave in Highland Park, including but not limited to reported incidents at the address or calls for service
- any and all criminal records related to Robert Crimo III
- any and all police body-camera footage from officers at or near the scene that day
- any and all calls to 9-1-1 that day related to the shooting

Hello Mildred,

Thanks for taking time to reach out. The toddler was in the care of a citizen and then picked up by the police and stayed in police care until the child was met with family members. Several weeks ago, one of our residents contacted a police officer in the middle of the night to be with their baby because they didn't know who else to call and our officer stayed there for a few hours until the parent returned. Our officers are loving and compassionate and do these things because of who they are and not the training they receive. Happy to discuss further if you have questions. Thanks.

It was reported on national TV that police officers refused to assume responsibility for the safety of a toddler who was orphaned after the roof top shooter killed both parents. It was reported they said they didn't have time to be a babysitter.

I would be willing to come to Highland Park (at my own expense) to provide training for your insensitive officers who do not know the difference between baby sitting and assuming responsibility for the safety of a child.

Mayor & Council,

Several important notes:

The Coroner's Office drafted three logo options so we have a consistent HP Strong message. We all recommend the attached logo marked Preferred. The gray will be replaced with HP blue. Please advise ASAP if you have any concerns.

We have set up with the FBI therapy dogs to be at the HPHS for the counseling sessions.

Director Kelly representing the Illinois State Police conducted a press conference yesterday afternoon given the volume of inquiries they have received. We listened (and asked a question so they could clarify one matter pertaining to the City).

The Chicago Botanic Garden in Glencoe is graciously offering complimentary admission and parking from 3 to 8 p.m., through Sunday, July 10 to support our community.

The Village of Glencoe will be co-hosting two events this week with their Clergy Association to show support for those affected by Monday's shooting and provide an opportunity for healing for residents and the surrounding community. We will have this information on our public update tomorrow and it will be on our web site. Councilmember Lidawer suggested that the Council send an email to the group if you are planning to attend a vigil. Please don't text (friendly reminder to not text and send me your screen shots for FOIA purposes). You can email council@cityhpil.com if you are planning to attend a vigil, and if someone else is attending only email that one official. Don't email anyone else so we don't violate the Open Meetings Act. Thanks.

Candlelight Vigil planned tonight at 7:45 PM at Sunset Woods, coordinated by Jordana Hozman and Liza Tack. I spoke to the organizer as did Commander O'Neill. We are encouraging individuals to coordinate vigils inside given that our resources are focused on the investigation and still managing the the community. We are also depleting the generosity of our neighboring law enforcement agencies as we have a minimum of 12 different agencies providing support each day. I also spoke to Brian Romes and indicated that we are not issuing any special event permits at this time, particularly if the request is to close roadways or manage events. The group intends to move forward at Sunset park tonight but they agreed not to march around the downtown. **They are also planning another event Saturday afternoon tentatively.**

III. Continuing Strategy to Restore Local Share of LGDF

Mayor Bennett of Palos Hills summarized the conversation with Representative Anthony DeLuca on the restoration on LGDF that took place at the Caucus Legislative meeting this past Friday. Representative DeLuca said that while there appeared to be support in the Illinois House to increase the local share to 8 percent, there was very little in the Senate and with Governor Pritzker. And while we wish municipalities had received the 8 percent, Representative DeLuca suggested we were fortunate to get the slight increase that we did.

Attendees spent most of the meeting discussing how our strategy should be adjusted in the future to result in an improved outcome. Mayor Bennett stated that ideas raised included identifying sponsors in the Senate that would be just as active as Representative DeLuca was in the House; using opportunities with candidates for State office to educate them of the importance of increasing the local share; collecting data before the next session to refute arguments made against the increase by Senate President Harmon and Governor Pritzker; and scheduling meetings with the Governor and legislative leadership to challenge them to answer why local government funding is not one of their priorities.

Mayor Marchese of Darien suggested the Caucus take the same approach it did with the Governor at the height of the COVID pandemic on Phase 4 of Restore Illinois. Other Board members concurred. Mayor Tamburino added that he agreed with the notion that private meetings be requested with the legislative leadership. He suggested that the Caucus take advantage of the personal relationships Mayors in the region have with the leaders to schedule private conversations in the months ahead. Chairman Mahoney stated he liked the idea of the Caucus and the COGs putting together data that demonstrates cannabis, video gaming, and other revenue sources cited by Senate President Harmon do not generate sufficient funds to resolve the local revenue gap.

Mayor Bennett noted that Representative DeLuca pointed out that many members of the General Assembly do not understand local government budgeting. Mayor Kownick of Cary agreed and suggested they also do not understand the impact unfunded mandates have on local budgets. Mayor Schielke concurred and related a conversation he has had with Senator Don DeWitte, the former Mayor of St. Charles, about this very topic. Senator DeWitte said that too many legislators view local governments not as partners with the State, but as a funding source when the State needs the money. Mayor Bennett said that certainly was the case this past session when the Governor and Senate leadership clearly prioritized pre-election tax refund payments over our proposed increase in the local share.

IV. Policy Area: Housing and Community Development

A. Housing & Community Development Legislative Roundtable

Mr. Kyle Smith announced that the Housing & Community Development Committee held a meeting on April 28 with State Representatives Will Guzzardi, Deanne Mazzochi, and Michelle Mussman of the Illinois House Housing Committee. The Caucus' Housing & Community Development Committee requested the meeting to create a working relationship with the State Legislature. The meeting was deemed a success as both sides talked about how they can be resources to each other. Discussion topics primarily focused on vacant property issues and the rehabilitation of single-family homes.

B. Homes for a Changing Region Update

Mr. Smith noted that Homes for a Changing Region engagements continue or have been initiated in the Villages of Summit and Fox Lake and the City of Lockport.

C. Aging in a Changing Region Update

Mr. Smith reported that three Aging in a Changing Region engagements have been initiated in the Villages of Maywood and Richton Park and the United City of Yorkville.

D. Age-Friendly Communities Survey

Mr. Smith discussed the regional survey on aging issues that is currently being conducted. Its purpose is to identify strategic priorities member municipalities would like to see the Caucus pursue. Responses are due May 15. They will be reviewed at the Age-Friendly Communities Collaborative meeting in June.

V. Policy Area - Environment

A. Formal Launch of EV Readiness Program

Ms. Edith Makra announced the launch of EV Ready with funding from Com Ed. Formal announcement was from Green Drives Event. The cohort of municipalities participating in the program will divide into Subcommittees for specific issues: Zoning, Parking, Green Fleets, and Finance.

Mayor Marchese asked about cohorts participation. Ms. Makra noted that we are accepting expression of interest for new cohort through the EV Readiness Committee. Ms. Kristi De Laurentiis of the South Suburban Mayors and Managers Association asked whether there will be a structured discussion on revenue generation. Ms. Makra responded that it will be addressed in the Finance Subcommittee.

B. APA Award for Excellence in Sustainability to Climate Action Plan

Ms. Makra announced that the Climate Action Plan for the Chicago Region was honored for an award from the Sustainable Communities Division of the American Planning Association. Chairman Mahoney congratulated Ms. Makra and the Environmental Committee on the award.

VI. Audit Reports

A. FY 2020

Mr. David Bennett reported that that our audit reports for FY 2020 and 2021 were delayed because of issues related to COVID-19. He also noted that the Caucus changed auditors this past year from BKD, LLP to WSDD CPAs, Ltd.

Focusing first on the FY 2020 report, he pointed out that the large increases in Net Assets and Cash on Hand were related to the significant grant revenues the Caucus received that year. The largest grant sources were the 2020 Census awards the Caucus received to aid the region's municipalities and other agencies for their 2020 Complete Count efforts. Mr. Bennett stated that WSDD CPAs indicated in its opinion that there were no findings of deficiencies and deemed the FY 2020 report to be a clean audit.

Mayor Bennett made a motion to accept the FY 2020 report and place it on file. Mayor Schielke seconded and the motion was unanimously approved.

B. FY 2021

Mr. Bennett reported that auditors had no findings. Decreases in net assets and cash on hand are due largely to a declines in Census grant funds from 2020 to 2021. He also noted that the negative balances are due to fact that we incurred expenses in one fiscal year and then received in the next fiscal year. This is because the Caucus's financials are reported on a cash basis.

Mayor Schielke moved that the FY 2021 audit report be accepted and placed on file. Mayor Tamburino seconded. The motion was approved unanimously. Mr. Bennett stated that both the FY 2020 and 2021 audit reports will be submitted to the State's GATA portal.

VII. IDHS Fiscal Administrative Review Findings

Mr. Bennett explained the findings of the IDHS fiscal administrative review. IDHS did not identify any money back from the Caucus, but gave us organizational findings on policies and procedures to change: an accounting manual and

VII. IDHS Fiscal Administrative Review Findings (cont.)

provide to accountants; policies and procedures for personnel; completed bank reconciliation and evidence of secondary review; property control procedures; a conflict-of-interest statement; and performance evaluations.

VIII. Caucus Personnel Announcement

Mr. Bennett announced his plans to retire from the Mayors Caucus. He expressed an interest in leaving by the end of July, but said he would be willing to assist in a transition to a replacement if that was the Board's wish. He has been the Caucus' only Executive Director serving for nearly 21 years.

Several Board members expressed congratulations and well wishes to Mr. Bennett. Chairman Mahoney suggested that the Officers discuss a search process on their weekly call tomorrow afternoon.

IX. Other Business

A. Next Quarterly Business Meeting

Mr. Bennett noted that he polled the COG Directors to get a sense of whether the region's Mayors would be comfortable getting back into the routine of attending quarterly business meetings. The consensus was that Mayors are first now beginning to feel at ease attending COG meetings and may need additional time before they are willing to attend a larger, regional meeting.

Given this response, Mr. Bennett suggested that the Caucus postpone plans to hold a quarterly meeting until the end of the summer. The Board concurred. Mayor Schielke mentioned he has had some preliminary discussions with Fermilab in Batavia about hosting a Caucus meeting. It has not yet been re-opened to the public, however, due to the pandemic. He offered to contact the Lab to find out what their plans are to re-open.

Mayor Tamburino recommended that consideration be given to doing a quarterly meeting at an outdoor venue later this summer. Hopefully, concerns about COVID will wane even more by then. Chairman Mahoney thanked the Board for their suggestions and said the Officers will discuss them and return with recommendations.

X. Next Board Meeting

Chairman Mahoney announced that the next Board meeting will be held on July 11, 2022. It will again be a hybrid meeting which members can attend either in-person or remotely.

X. Adjournment

A motion to adjourn was made by Mayor Schielke and seconded by Mayor Tamburino. It was adopted unanimously. The meeting adjourned at 10:02 a.m.

Respectfully submitted,

As expected the popularity of Vinny's card has surpassed any other card we currently have. Ofc Graff recently asked if more cards can be ordered in anticipation of running out. The card has been an ice breaker opening up dialogue about the program.

I understand that you've sent some records to other media outlets. I'm trying to make sure the requests I sent on Tuesday are considered so that I'm also included in future releases via FOIA. Did you receive this original request? Is there another contact I should reach out to?

Will future requests be put at this link on a rolling basis? https://www.cityhpil.com/government/city_departments/city_manager_s_office/city_clerk/fourth_of_july_foia_response.php

CMS Seeks to Establish Regulations Limiting Critical Access Hospital Location Requirement

Authors: Emily Jane Cook, Partner, Los Angeles | Amber Arnold, Associate, Nashville | Sandra DiVarco, Partner, Chicago

Tucked into the recent proposed rule establishing Rural Emergency Hospital Conditions of Participation (CoPs) is a proposal to change the CoPs for critical access hospitals (CAHs). The Centers for Medicare & Medicaid Services (CMS) proposes to codify in regulation its long-standing definition of "primary road" used to determine whether a facility meets the CAH location requirement and to conduct routine analyses of the location of all CAHs to determine if they continue to meet requirements related to the distance from other hospitals and CAHs. CMS also proposes to revise CoPs related to medical staff, infection control and quality.

Issues Proposed Rule on Rural Emergency Hospital Conditions of Participation

Authors: *Emily Jane Cook, Partner, Los Angeles* | *Amber Arnold, Associate, Nashville* | *Sandra DiVarco, Partner, Chicago*

On June 30, 2022, the Centers for Medicare & Medicaid Services (CMS) released the long-awaited proposed rule establishing the Conditions of Participation (CoPs) that Rural Emergency Hospitals (REHs) would be required to meet to participate in the Medicare and Medicaid programs. Congress established REHs as a new provider type in the Consolidated Appropriations Act of 2021 (CAA) in response to the increasing closure of rural and critical access hospitals (CAHs) and in an effort to preserve access to emergency and outpatient department and skilled nursing services in rural communities.

Statement from the Village Board on Tragedy at Highland Park 4th of July Parade

The Northbrook Village Board extends its deepest sympathies to the Highland

Park community following the senseless and tragic shooting at the 4th of July Parade. We unequivocally condemn this violence and are heartbroken for the victims and their families.

As details continue to emerge over the coming days, we want the victims and neighbors of this tragedy to know right now that your families, parade participants, community members, first responders, and city officials are constantly in our thoughts.

We stand together with our neighbors in Highland Park.

 Agreed that I have shared pictures. To help protect your privacy, Outlook prevented automatic download of this picture from the Internet.

Village President Ciesla Attends Vigil for Highland Park Victims

Dear Friends and Neighbors-

I know that the Fourth of July is a special holiday for most of us. I nostalgically remember decorating our bikes for the parade, hanging out with family, catching lightening bugs in an old mayonnaise jar after my dad nailed air holes into the metal lid, and the day ending with amazing fireworks at night. These are some of the memories that warm my heart.

As my kids have grown, I find myself like many of you, wanting to create those same fond and familiar memories for the next generation. This year, maybe we were a bit more excited because for the first time in two years, we were able to gather for the Rotary Pancake Breakfast, the "Mile Long Parade," and fireworks. Blankets and chairs lined Cherry Lane almost a week before our parade was set to kick off.

We woke on Monday morning, ready to go. Some of you ran the Liberty Loop 5k, some had their fill of pancakes at the Village Green and then, as our neighbors in Highland Park began their parade, tragic and almost unbelievable news started to spread locally, and then nationally, about an unthinkable event ... in the town right next door. We now know that seven of our neighbors passed away, dozens were injured, and countless more were scarred by the trauma of the senseless act of violence. Our hearts are broken.

Over the coming weeks, we will try to understand what happened, how it happened, why it happened. We will try to explain it to our children, we will talk about it with friends and neighbors, we will figure out how to move forward and in doing so, we will consider the things we can do to try to prevent something like this from ever happening again.

In addition to remembering the victims of this tragedy, I want to recognize all the courageous people who acted without regard for their own well-being to render aid, to get loved ones and strangers to safety, and to apprehend a criminal. We've heard stories of parade-goers who used hand sanitizer to clean wounds, a couple who cared for a two-year-old until his grandparents could be located, and of course, the heroic first responders who acted immediately to secure the scene and treat the wounded.

I am grateful and proud that both our police and fire departments were able to help our neighbors by tending to some of those hurt and by providing additional officers to respond as needed. Our terrific first responders led by Fire Chief Andy Carlson and Police Chief Christopher Kennedy deserve our gratitude and appreciation.

Lastly, I would like to acknowledge the selfless healthcare workers who are tending to not only physical wounds, but emotional. Trauma counseling and resources for how to talk to children about this senseless act of violence are available through local organizations, including CATCH, Family Service Center, JCFS Chicago, The Josselyn Center, and Youth Services of Glenview & Northbrook. I hope we can all take time to heal and offer comfort to those who need it.

*What affects one of our communities affects us all. To our neighbors in Highland Park: Northbrook stands in loving support of you, **Highland Park Strong**.*

-Village President Kathryn Ciesla

This summer, the City has celebrated the return of traditional and new events after two years of pandemic-related cancellations. The devastating attack at the City's Fourth of July Parade was a horrific, heartbreaking incident for a close-knit community that values connections between neighbors and treasures opportunities to gather together. The City extends its deepest condolences to the families, friends, and loved ones of the victims.

Information regarding future events will be shared at cityhpil.com and enjoyhighlandpark.com.

Subject: Chicago Tribune FOIA - 7/7/22 outside law enforcement

[EXTERNAL EMAIL]

Good afternoon,

My name is A.D. Quig, I'm a reporter with the Chicago Tribune. Please consider this a Freedom of Information Act request for electronic copies of the following materials:

All records -- including but not limited to video files, audio files, and reports -- received by the Highland Park police department from any outside law enforcement agencies, including but not limited to the FBI and ATF, regarding the July 4 mass shooting and/or any investigation into shooting suspect Robert Crimo.

If it is not feasible to furnish the public records in an electronic format, then please contact me so we can discuss how you can furnish the records.

If you believe any portion of this request is exempt from public scrutiny, please describe the precise nature of the portion being redacted, a written explanation of the specific statutory authority under which you are doing so, and provide that portion of the request not in dispute.

As you may know, the Freedom of Information Act requires an agency to reduce or even waive duplication fees where the disclosure of the information is in the public interest, because it is likely to contribute significantly to public understanding of the operations or activities of government. This request is not for commercial purposes.

I believe the principal purpose of my request is to access and disseminate information that is important to the public, and the requested information could serve as the basis of a newspaper article advancing the public interest. Therefore, I respectfully request a waiver of all duplication fees.

Because I am making this request as a journalist and this information is of timely value, I would appreciate a response to my request as soon as possible, and at a minimum, within five working days, the same standard required by the state FOIA law.

Please let me know if you have any questions about this request. I can be reached at the email address below or at my phone number: [REDACTED]

Thank you,

--

Btw, we are hoping that the Highland Park Community Foundation will choose to give 100% directly to victims and note that on their site. Zach spoke to Terri yesterday and I know they had a good conversation. I spoke to her, too -- but her call came in after I had hung up with Uvalde, so it was very difficult to shift mindsets so quickly.

I did tell her that the most compassionate thing they could do is to set up a separate VictimsFund where 100% goes directly to victims. Right now, it appears as written that the funds are being co-mingled for victims and for nonprofits. I told her about special master Ken Feinberg and also Jeff Dion of the National Compassion Fund. Both wonderful.

Among other things, we are working right now to fundraise to help the victim base. I'm even calling my old employer in Chicago to donate. We want to bring in as much as possible for them, and these next couple of weeks are the time to do it. Once it leaves the news cycle, the donations will fall off quickly -- and that could happen even more quickly with another mass shooting or news event.

They should have already been assigned a victim's advocate and if they have not, ut them in contact with Jacqueline. Law enforcement (LE) will have already have these names ... for the charges to be filed not only for death but for attempted murder. Do we verify, yes, we do. We vet everyone who comes to us asking for help. Yes, we can assist someone in Spanish.

Dear 113 Community,

There are two updates to share with you this morning regarding counseling services and the FBI's Family Assistance Center (FAC) at Highland Park High School.

- 1. The entrance to receive services at Highland Park High School has moved from the main entrance on Vine Street to the H-Entrance.** The H-Entrance is on the north side of the school, near St. Johns Avenue and Woodpath Lane. Only the H-Entrance will be open. All visitors will check in at the H-Entrance and per school standard operating procedures, anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have a valid driver's license to be cleared to enter the school.
- 2. The FBI has released a map and information about personal effects from the parade route that have been cleared for pick up at Highland Park High School.** That information can be found via Twitter at [@FBICChicago](#), or by clicking on the two attached images. When District 113 receives the attached files in the appropriate format, the files will be posted on the District 113 website.

As a reminder:

- Today's hours at Highland Park High School are 9 a.m. to 9 p.m.
- At Deerfield High School, counseling services will also be available during Summer School hours for District 113 students and staff only.
- North Shore School District 112 will be offering counseling services at NSSD 112 locations for NSSD 112 families, and [the details are in this communication](#).

Hello Ms. Dayboll,

I have a question about perhaps a missing record.

There's a CAD record dated 12/29/10 mentioning that Robert Crimo had been arrested the day before. But there is no record for 12/28 reflecting an arrest.

This town blotter item in a local newspaper suggests he was arrested at home, so it would have been in Highland Park.

Can you tell me whether the 12/28/10 report was one of those that was withheld?

Thank you

DOMESTIC BATTERY Robert E. Crimo Jr., 46, of the 1500 block of McDaniels Avenue, Highland Park, was arrested at 8:55 p.m. Dec. 28 at his residence and charged with domestic battery. He was transported to bond court and his next court date was unknown.

Thank you for joining us this evening. On Monday, July 4, when our community gathered together to celebrate Independence Day, our joy was shattered in a shooting that shook our community to its core. Our parade brings together friends and neighbors from Highland Park, Highwood, and communities throughout the North Shore, a beloved tradition that we were thrilled to host once again. I know that many of you were in attendance that day, or perhaps were even participating in the parade. Collectively, we have experienced a traumatic event that will impact us all in different ways.

Seven families will never be the same after that tragic morning. Two of the victims were members of our Latino community, including one gentleman who was visiting his family from Mexico.

Katherine Goldstein (64) of Highland Park
Irina McCarthy (35) of Highland Park
Kevin McCarthy (37) of Highland Park
Jacquelyn Sundheim (63) of Highland Park
Stephen Straus (88) of Highland Park
Nicolas Toledo-Zaragoza (78) of Morelos, Mexico
Eduardo Uvaldo (69) of Waukegan

Please join me in a moment of silence.
(Pause)

We will forever remember these innocent victims murdered by gun violence. May their memory be a blessing.

Together as a community, we will find the strength to move forward together. Each of us can play a part in supporting friends and loved ones through this crisis. Small acts of kindness, compassion and empathy to others will strengthen the connections between us. It is incumbent upon all of us to create a safer future for our children. Our responsibility is to turn our sorrow and anger into action, to work as hard as we can to ensure that no other community faces the anguish we have all felt this week.

We will need to rally our networks, contact our elected officials, and most importantly – vote for the change that is so desperately needed in communities like ours.

Check on your neighbors, reach out with a kind word or supportive action, continue to check the City's website and emails for updates, resources, and other information. We want you to be in touch and connected, and we are here for you.

Hi there,

Nice to meet you. I'm one of the producers on The Daily, a podcast from The New York Times. First of all, I wanted to send my deepest condolences to the Highland Park community for the tragedy on the Fourth of July. I myself live in Evanston, and have been thinking a lot about the residents of Highland Park these past few days.

We're wondering if Mayor Nancy Rotering might be available to come on the show for a conversation about the tragic shooting, and also to talk about her own journey over the years in trying to address gun violence. It seems to us that she did everything a mayor *can* do to prevent this kind of incident. So we'd be interested in hearing about her efforts years ago to implement an assault weapons ban in Highland Park, and to hear what this week has been like for her and the Highland Park community as everyone grapples with this tragedy.

Just by way of background, The Daily is known for very thoughtful, fair-minded and nuanced conversations and our large audience of about 3 million listeners a day have come to expect that from us.

Would you have a few minutes to hop on the phone and chat about what we had in mind further? If it all worked out it would probably involve at least 45-60 minutes of the Mayor's time in the next couple of days. I know that is a big ask, but we would need at least that much time to ensure the kind of conversation that our show specializes in. Let me know if you think that might be possible.

Many thanks,
Rob

Amanda,

What a horrible week we are all having. I have so many connections to this, as I lived in HP for 24 years. That monster grew up 2 blocks from my house. My friend and her husband were standing at the epicenter and she can't stop crying. Another friend's daughter teaches at Edgewood and thinks that he could have easily shot people there.

Your heartfelt letter to these kids says it all. I saw you on TV, shaking the VP's hand. Your face was different than I've ever seen it. I'm sorry you have to suffer this trauma. I'm thinking of you as I cry each day.

I look forward to seeing you in August, when some healing will have begun. But things will never be the same for so many people. I lived in Skokie for 23 years and what outsiders think of that town is when the KKK threatened to march there in 1970, to the horror of so many Jewish people living there and many who were Holocaust survivors. Then I lived in HP for 24 years and now that town will always be associated with the shootings. We are living in a very troubled world.

Wishing you some peace and calm.

With love,

Rickie

Good Afternoon Peer Jury,

I send this email with a heavy heart for obvious reasons. I pray you are all doing ok, however, mentally our community and several communities surrounding Highland Park are dealing with this horrific event.

I am canceling Peer Jury next Wednesday for July 13, 2022. I will reach out about resuming Peer Jury on our August 10th date.

I have forwarded Highland Park Mayor Rotering's message from yesterday. Her message includes several resources available for Counseling, Healing, Community Outreach etc..

Our Police Social Worker Dr. Cynthia Plazas 1-847-926-1754 is also a wealth of knowledge for available resources.

My Phone number is below as well, 1-847-926-1123, if anyone needs anything at all.

You all hold a special place in my "mama" and police heart for volunteering your time to Peer Jury.. making Highland Park and the world a better place. Young individuals like yourself provide a positive balance to First Responders dealing with the harder times of our jobs like now. So from the bottom of my heart, Thank you.

Please take care of yourself and your loved ones and please reach out if needed.

Message from Mayor Rotering

Yesterday we received the names of the individuals murdered in the July 4 shooting that shook our community to its core.

We will forever remember these innocent victims murdered by gun violence. May their memory be a blessing.

Katherine Goldstein (64) of Highland Park
Irina McCarthy (35) of Highland Park
Kevin McCarthy (37) of Highland Park
Jacquelyn Sundheim (63) of Highland Park
Stephen Straus (88) of Highland Park
Nicolas Toledo-Zaragoza (78) of Morelos, Mexico

A seventh victim who succumbed to injuries within Cook County. Further information is not available at this time.

I am reaching out to the victim's families and will be joining them as they mourn. I will stand with them, attending their funerals and offering the community's sympathy and support.

Yesterday Vice President Kamala Harris stood at the site of the shooting, in our beloved downtown. She shared her support and condolences, and offered continued Federal resources. She brought a message of hope and strength.

There is no roadmap that tells us what to do next, but we cannot allow this shooting to define us. Today as we begin a new day -- we do so with a renewed sense of resolve and purpose.

Each day, we will find the strength to take a step forward. No single action will heal us, but many small steps, taken together as a community will help, and each of us has a role in the healing process. Kindness matters and small actions that you take every day will help us heal. Check on your neighbors, reach out with a kind word or supportive action, continue to check the City's website and emails for updates, resources, and other information. We want you to be in touch and connected.

We will get through this together. We will move forward together. We are Highland Park strong. These are not just words on a page, these are words to live by.

Nancy R. Rotering
Mayor, City of Highland Park, IL

Healing Services

Thank you to all the faith communities who have organized vigils and shared love and prayers. The city's webpage lists vigils that we have been made aware of and resources, visit www.cityhpil.com.

The City will be organizing a community-wide vigil in the days ahead, where we can come together as one. More information will follow.

Counseling

The City of Highland Park's Police Department, District 112, District 113, the American Red Cross, and the FBI Victim Services Response Team, with additional federal and state partners, are offering counseling services to students, staff, and community members at Highland Park High School, 433 Vine Street, Highland Park, Wednesday, July 6 through Friday, July 8 from 9 a.m. to 9 p.m. each day. No appointment is necessary.

Lake County residents can also call 211 or visit 211lakecounty.org for mental health resources and referrals. If you are a mental health professional interested in volunteering your services, please fill out the provider survey at 211lakecounty.org. 211 support is available in English, Spanish, and many other languages.

Community Outreach

We are seeking the contact information of individuals injured in the shooting to help provide support. If you know the name of an individual currently in a hospital or who was injured and returned home, please share contact information and your relationship to the individual by email cityhp@cityhpil.com.

Reopening Downtown

The footprint of the crime scene in downtown Highland Park has been reduced, but a portion of our downtown remains off-limits as the FBI continues to investigate. We know this is a terribly difficult situation for our local businesses, and the City has been actively communicating with downtown business owners to share information and resources. We will reopen the area as soon as we receive clearance from Federal authorities. We know this situation is difficult and we appreciate your patience.

Please continue to avoid the secure perimeter.

Lost & Found Established

Individuals who left personal belongings at the parade outside of the secure perimeter can begin to retrieve them from the lost and found established at City Hall. Items will be available on the North Side Lawn beginning July 7 at noon.

City-Sponsored Community Events

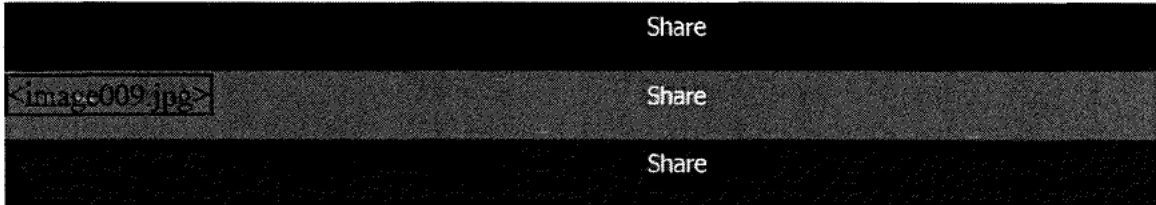

We have temporarily paused City-sponsored community events for this week and next and anticipate resuming regular programming the week of July 17. We appreciate your understanding as our resources are heavily focused on the investigation.

Donations

To help those impacted by Monday's mass shooting, the Highland Park Community Foundation has established a July 4th Highland Park Shooting Response Fund.

Here is also a [direct link to the donation form](#). If you prefer, you may send a check, payable to the Highland Park Community Foundation, to P.O. Box 398, Highland Park, IL 60035.

Please be aware of online and email solicitations for donations as they may not be legitimate. Also, protecting the privacy of victims and their families is paramount. Please be considerate when sharing information on social media, and do not share personal details about the victims or their families.

Good afternoon,

Thank you for all that you are doing in response to this horrible tragedy. I cannot imagine how difficult this must be for everyone at the City.

I wanted to make you aware of a FOIA we received from CNN (below), what our attorneys said we could provide in the response as well as share how we will respond to the many media requests we have received.

In regards to the FOIA, under ISSRA and FERPA we cannot share any student records. We can only share directory information, and for this request that basically means dates of attendance. According to our records, the person of interest matriculated as a freshman, and the total period of attendance at Highland Park High School was August 26, 2015 to August 24, 2016.

We are directing all other questions regarding the case and the person of interest to the Highland Park Police Department.

Respectfully,

Karen

Hi Karen, Chris and Gloria,

My name is Curt Devine and I'm with the news network CNN. We are hearing that this individual named as a suspect in the incident yesterday – Robert E. Crimo III ('Bobby Crimo') previously attended Highland Park High School and other schools in the district. We would like to understand, is this accurate? Second, if the district can share any information related to this individual's behavioral history, that would be helpful.

Here is a formal records request for this:

Pursuant to the Illinois Freedom of Information Act, CNN requests any documents held by the district related to disciplinary of behavioral issues pertaining to Robert E. Crimo III (DOB: September 2000), also known as "Bobby Crimo".

Given the public interest in this matter, if there is any way to expedite the processing of this request, that would be a great help.

If you have any questions on this, please feel free to give me a call.

Thank you very much for any assistance,

Curt Devine
