[EXTERNAL EMAIL]

I do know Gvo Pritzker declared a nonspecific return to wholeness the other day. Also in the aftermath of the Buffalo shooting, the NY Governor pledged a \$100,000 general grant and a \$50,000 capital improvement grant. We can keep focused on it if it happens. Tony Gordon

I am retired Army Special Forces and also run the AbbVie Veterans Employee Resource Group here in N. Chicago. In working with an organization called Operation Gratitude, and we would like to provide all Law Enforcement, Firefighters, First Responders some small care packages in gratitude for the work they do and the horrible incident that happened July 4th.

Is there a contact I could work with in your departments to understand number of employees so that we can deliver the care packages to your stations. The link below is to Operation Gratitude and the program for these care packages.

Cynthia,
I have enclosed a flyer for my practice and common reactions sheet that could be helpful for officers.

We can do individual and group debriefs, individual, couples and family therapy for all police and first responders and their immediate family members.

We do allow officers to come with guns, in uniform, partial uniform, etc. to any of our offices.

We have an office in Northfield, (but will be moving the office to Deerfield In August) and an office in Lombard. We also provide confidential telehealth sessions.

We want you to know that we also work with Headstrong, which allows all veterans who are police to get free psychological services through us, they can just sign up at:
www.getheadstrong.org

It is totally confidential and officers will get a number rather than by their name so it will not affect any status if they are still in.

Contact is 630-909-9094 or info@firstresponderswellnesscenter.com

FIRST RESPONDERS WELLNESS CENTER

Critical Incidents- Common Reactions

Most common distortions of the traumatic event are:

- Distortion of time-(time sped up or slowed down)
- Sensory distortions- (i.e. tunnel vision, hearing changes, etc.)
- Perceptual or Behavioral Distortions- (i.e. Objects change size)
- Sense of helplessness-Limited choices
- “Fight/Flight/Freeze” response
- Disturbance in memory- sometimes our memory gives us “tunnel memory”
- Hyperarousal/Hypoarousal- heightened awareness of our surroundings or constriction of our perception
- Replaying the incident in your head (what ifs)

After a trauma an individual may feel:

- Detached
- Shock and disbelief
- Anxiety, nervousness
- Pre-occupied with thoughts about the incident
- Angry, resentful
- Highly sensitive to others
- Guilt/Guilt for not feeling guilty
- Blaming others
- Hypervigilant, more so in public
- Unexpected emotions
- Relief
- Proud, Happy
- Exhilaration
- Acceptance/Resolution
- Feelings of Isolation
- Feelings that change or may conflict
- Scared/Afraid, particularly in social settings

After traumatic incidents individuals may exhibit increased emotions/bodily sensations such as:

- Changes in appetite and/or sleep
- Nausea and stomachaches
- Anxiety and/or Depression
- Changes in sexual function or libido
- Flashbacks of the incident
- Anger, irritability
- Intrusive memories
- Crying/Unexpected crying
- Headaches
- Weakness/Fatigue
- Muscle Tension/Twitches
- Poor concentration/Forgetfulness
- Daymares/nightmares
- Low frustration tolerance
- Avoiding things related to the incident
- Hypersensitivity & abrupt mood changes

Any emotions or changes can occur and are normal, but they should lessen over time. If your symptoms start to increase and/or impact your day to day living, then please call a mental health professional.

Call FRWC at 1-630-909-9094 or email info@firstresponderswellnesscenter.com or find a police and public safety therapist.

About us

The First Responders Wellness Center was created by Dr. Carrie Steiner, a former Chicago Police Officer, Crisis Intervention Team Coordinator, Chicago Police Academy Instructor and Hostage Negotiator.

What is unique about the First Responders Wellness Center is that all of the clinicians are former first responders or clinicians who worked in corrections, and/or family members of first responders. The First Responders Wellness Center is created solely for first responders and their family members.

Common Questions:

Can I come in uniform or with my gun?

Yes. Officers can wear their weapon and come in uniform, partial uniform or in plain clothes.

Will anyone from my department find out if I go to outpatient therapy?

No. The Illinois Mental Health and Developmental Disabilities Confidentiality Act (740 ILCS 110/1-17) and HIPPA 1996 is highly specific that "confidential communication" means any communication made by the client cannot be released to anyone without a written consent and remains confidential.

If I go to therapy, will I lose my FOID card?

No. According to the FOID Act (430 ILCS 65) and Illinois HB 183 (Public Act 098-0063) attending outpatient therapy does not require a therapist to report DHS FOID Mental Health Reporting System as this does not constitute "a clear and present danger".

Our Services

- We offer Individual, couples, & group therapy for first responders, veterans and their family members.
- Eye Movement Desensitization and Reprocessing (EMDR): EMDR is well studied therapy to help resolve unprocessed traumas in the brain through bilateral stimulation.
- Cognitive Behavior Therapy is designed to help change your feelings, thinking and behaviors.
- Psious Virtual Reality Exposure provides over 80 immersive environments to decrease anxiety and physical reactivity.
- Prolonged Exposure Therapy will work on developing an anxiety hierarchy to gradually work towards fears, anxiety and trauma(s).
- Wellness Checks for preventive care.
- Critical Incident Debriefing for an individual or groups.
- Public Speaking, Training & Consultation.
- We see clients for a variety of needs including the following: anxiety, panic attacks, depression, post-traumatic stress disorder, trauma, loss and grief, adjustment, addictions, divorce, preventive wellness and more.

Wellness Checks

Wellness Checks are offered for every member of a police or fire departments as well as for individual officers.

A 'wellness check' is a 55 minute one-on-one session with a licensed mental health professional to explore an officer's current abilities to cope with job stressors and to learn additional healthy ways to deal with these and future stressors. The wellness check is not a fitness for duty evaluation and is not a form of punishment. The wellness check is not intended to screen for a mental health diagnosis or disorder. The wellness check offers an opportunity for an officer to discuss coping strategies and solutions to deal with the various stressors of being a first responder as well as be given psychoeducation about individual mental health wellness.

What may be covered during a wellness check:

- +Proactive wellness strategies
- +Education about sleep hygiene & nutrition
- +Practice relaxation exercises
- +Learn common reactions to trauma
- +Create a family wellness plan for a critical incident
- +Develop your support system

Signs you may need help:

- Changes in appetite &/or sleep
- Weakness/Fatigue
- Anxiety/Panic attacks
- Depression/Sadness
- Headaches
- Nausea and stomachaches
- Muscle Tension/Twitches
- Changes in sexual function or libido
- Poor concentration/Forgetfulness
- Flashbacks
- Daymares/nightmares
- Anger, irritability
- Low frustration tolerance
- Intrusive memories
- Avoiding others or places
- Crying/Unexpected crying
- Hypersensitivity
- Burnout
- Lack of enjoyment

Subject: HPPD On-Site Peer Support Resources

Importance: High

HPPD team,

I'd like to share a list of organizations and resources that will be *on-site* over the next week to assist with incident debriefing. We encourage all sworn officers to take advantage of at least **one** of these on-site options, but welcome you to attend all. Peer support is critical to the success of these programs. They are meant to bring you together in support of *each other* to discuss, reflect, and counsel.

Northern Illinois Critical Incident Stress Management (NI-CISM) will be *on site* Friday and Saturday from 2:00 PM – 10:00 PM for drop-ins. They will be located in the first floor Police Training Room. We encourage all officers involved in Monday's incident and response to check in and meet with a peer resource as time allows. No advanced appointment is necessary.

Lake County Family Service will be holding group debriefing sessions in the Police first floor small conference room Friday at 9:00 AM and 11:00 AM for sworn and civilian staff wishing to debrief their experience in a group setting with counselor facilitation. No advance appointment is necessary. These sessions are open to all. An invitation has also been extended to our CERT members present for Monday's incident.

ATF Peer Responder Program is scheduled to be *on-site* next week for group sessions with peer facilitators experienced in crisis incident debriefing. Exact dates and times are TBD, but multiple sessions will be available. Sessions will take place in the first floor Police Training Room. I will send out more information once exact details are confirmed. All sworn officers involved in Monday's incident and response are highly encouraged to attend. Arrangements will be made during your scheduled shift to allow for attendance. Civilian PD staff are also invited to take part.

On a personal note, words cannot adequately express how proud we are of the service you've done for this community. If you have questions in regards to the listed resources or wish to seek other available resources through our employee assistance programs, please don't hesitate to reach out to Emily, Aaron, Dr. Plazas or myself.

All the best,

Nick Barnes

El Centro de Asistencia Familiar cerrará el sábado 9 de julio a las 5:00 pm.

Los representantes de múltiples organizaciones comunitarias están trabajando juntos para continuar brindando la mayor cantidad de información y acceso a los servicios como sea posible. Esta semana, la comunidad de Highland Park se ha unido como UNA para asumir el dolor que todos estamos experimentando. Continuaremos trabajando juntos para servirles a todos mientras nos recuperamos de esta horrible tragedia.

hpstrong.info

Hay muchos recursos disponibles de todas las organizaciones que han brindado ayuda, incluyendo:

- Actualizaciones públicas
- Vigilias comunitarias
- Consejería de crisis y recursos para víctimas
- Donaciones y voluntariado
- Reclamado de propiedad
- Información adicional y recursos, incluyendo servicios del 211

Para ser conectado inmediatamente con un consejero, marque 2-1-1.

A medida que sigamos brindando más recursos y mejorando los servicios para todos, compartiremos más información. Nuestro trabajo continúa porque nuestra comunidad continúa sanando.

Somos Highland Park Strong.
