LEADERSHIP AND MANAGEMENT

Why leaders should hone their mental fitness

Leaders need to be mentally fit to handle all of the stresses and challenges they face, and they can assess their preparedness by considering how long it takes them to shift out of problematic mental states, says executive coach Jody Michael. "Mental fitness starts with the recognition that the real drivers of your leadership results are the hidden habits of your mind -- the powerful, unseen, and entrenched perspectives you hold about yourself, others, and your world," Michael says in this interview with Skip Prichard.

Dear Laura, The shooting yesterday was awful. During the pandemic I wrote a lot of poetry. Yesterday my response to this terrible event was to write another poem. It will be read at the end of my Synagogue's Friday night Service later this week. The gist of it is that at this sad time we need extra strength and courage by remembering who we are and by doing the right thing. At a time like this it's also important to remember how many good people came to the aid of the victims. There is more good than bad in the world. Best wishes always, Love, Alice Solovy

On 07/04/2022 10:18 PM Frey, Laura <lfrey@cityhpil.com> wrote:

Dear Members and Friends,

On behalf of the Senior Center staff, we are devastated and heart-broken over the senseless act of violence against our community, that occurred during today's 4th of July parade. Our hearts go out to those who lost their lives and those who were injured - and to their families and loved ones as well.

After thoughtful consideration, we have decided that the Senior Center will be open tomorrow, and that all classes and activities will be held as scheduled. We hope this decision will allow us to grieve together and just maybe we can begin to heal together as well.

As a life-long resident of Highland Park who lives and works in this beloved community – the pain is palpable – and we are experiencing this pain together. The outpouring of love and support our community has shown – is one of the reasons I love Highland Park. Together, we will get through this.

If you are seeking support after today's tragic events, you are invited to participate in a coordinated effort to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available for community members in need of support. Counseling will be available at the Highland Park High School, 433 Vine Avenue tomorrow (Tuesday) from 9:00 AM to 2:00 PM; please enter through the Vine Avenue entrance. Anyone who wishes to take advantage of counseling services, will need to present a valid driver's license or student ID to be cleared to enter the school; no appointments are necessary.

Message from Mayor Rotering

Today was the bloodiest day that we have ever experienced in Highland Park. This morning at approximately 10:14 AM a shooter opened fire with an assault weapon on a crowd attending our 4th of July parade. We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued.

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider, Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses -- running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard. Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

Counseling Resources

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting -- we know that we will come together and support each other, as we always do, in difficult times. We are Highland Park strong.

Hi Melissa:

I am the office manager at Ranger Capital Management, a Highland Park business. Our office is located at Elm Place and Second Street which is currently blocked off by the police investigation and, as a result, we are working remotely until we can return to our building.

We would like to know if there are any grief counseling services that are being offered to the Highland Park business community that we can offer to our staff.

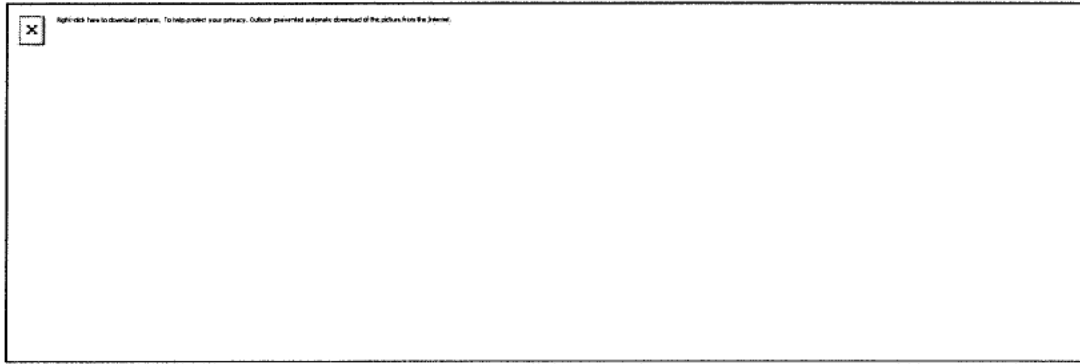

Please let me know and thank you.

Highland Park Strong: Grieving Together as a Community

Together, the City of Highland Park, the Park District of Highland Park, Highland Park High School / Township High School District 113, and North Shore School District 112 are grieving for the victims and the families of the horrific shooting today at what should have been a happy and joyous celebration.

Highland Park is a strong community, closely knit with shared values, priorities, and partnerships that were so clearly evident among the organizations, individuals, businesses, and entertainers participating in our parade today. As we grieve together as a community, we need to support each other as a community. In the aftermath of this unthinkable tragedy, we are stronger together.

Counseling professionals will be available tomorrow, Tuesday, July 5, for students, staff and community members at Highland Park High School (433 Vine Ave.) from 9:00 to 2:00. No appointment is necessary, but only the Vine Ave. entrance will be open. Anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have a valid driver's license to be cleared to enter the school, which is the school's standard procedure for visitors to the school.

Hi Amanda,

Thanks so much. I can speak with the mayor whenever is best for her. I'm available until 2 p.m. today. I will also share the proper number with my colleagues so we leave your poor parents alone. In the meantime, can we say that the father of Robert Crimo III ran against Mayor Rotering? We have a story ready to go saying that but are being very cagey about it b/c we want to 100 percent verify the information. Thanks so much. I look forward to speaking with the mayor.

Good morning,

My name is Maria Cramer and I'm a reporter at the New York Times.

I was reaching out in the hopes that I might be able to speak with Mayor Rotering this morning for a few minutes.

I'm also trying to confirm that the father of the suspect, Robert Crimo III, ran unsuccessfully against Mayor Rotering in 2019. I've seen various reports of this but no actual confirmation and was hoping Mayor Rotering or someone in her office could verify that this is a fact.

I look forward to hearing from you and I'm very sorry to be reaching out under these horrible circumstances.

Best,

Maria

Hello Amanda – sorry to chase. Just wanted to check in on below? Is there any possibility of speaking to the Mayor earlier? Is 3:30pm still the earliest slot?

I'm on [REDACTED] if easier to discuss.

Thank you for getting back to me, Amanda. Yes, we can do the interview over Zoom.

I'm also cc'ing my colleague Emily, who leads our US bureau and is currently in Highland Park.

We are working on a report which will be running on all our programmes this evening and tomorrow. Is there any chance of speaking to the Mayor, on top of the 3:30pm interview, in person for a couple of minutes? Unless there's any chance of doing the interview earlier and we could then aim to do it on camera instead of Zoom?

Let us know what you think.

Best,
Jakub

I was wondering if you might have availability for an interview today, 5th July, on the horrific shooting in Highland Park, IL yesterday, the concerns it raises, necessary measures to help victims?

We can do the interview live remotely, over Skype or Zoom, for 5-10 minutes. One on one.

Reaching out to see if you can confirm for us what Mayor Rotering told us this morning regarding Crimo possibly having had some assistance from his father in purchasing the weapon used in yesterday's shooting?

The mayor also told us charges against Crimo are expected to be filed today, is that something you can confirm? Will his father be charged as well?

For planning purposes - when can we expect a news conference today?

Today is a day of grieving together, a time to pause and remember those who have left us, those who were injured, and for strength for our community. Several vigil and prayer services are taking place today both inside and outside of Highland Park; they are as follows:

The Community Church of Lake Bluff (117 E. Scranton Ave, Lake Bluff) will hold a prayer service, today at 12:00 noon. The service will include prayer and music at Christ Church on the corner of Route 60 and Waukegan Avenue in Lake Forest.

Trinity Grace Church and Christ Church - Rev. 7:9 has organized a community prayer gathering at 3:00PM at Trinity Grace Church (1506 Half Day Rd., Highland Park IL). Everyone is welcome.

Highland Park Presbyterian Church, Trinity Episcopal, and other area faith leaders will hold a ecumenical community prayer vigil, today at 7:00 p.m. at the Highland Park Presbyterian Church (330 Laurel Ave., Highland Park). All are welcome.

Additionally, a family assistance center will open tomorrow, July 6th at noon. The location and hours of operation are pending. We'll get the information to the community as soon as we have it.

Support services and crisis assistance will be available to those who were directly impacted at the parade. The Highland Park Police Department, the American Red Cross and the FBI Victim Services Response Team are assisting with additional partners. The teams will engage with victims and families to assess their immediate needs and provides crisis intervention and other forms of emergency assistance. Anyone who is a victim of the incident – and is in need of support can call 800-CALL-FBI

I know what a generous community we are a part of – and we are overwhelmed with the amount off support offered not only from those in Highland Park but in the surrounding region and throughout the nation. Thank you. For those looking to donate to victims and in support of the community we ask that you be mindful of potential scams on GoFundMe and other fundraising avenues.

We urge those who wish to show their financial support to send donations to the Highland Park Community Foundation; a longtime local organization deeply imbeded in community which is in the best position to help our neighbors in need. Visit <https://www.hpcf.org/> to submit donations. For all those who have reached out with offers of equipment, food, and professional services we thank you.

Thank you all for coming out today, I will now turn the mic back over to Deputy Chief Cavelli

Betsy Brint reached out to me on behalf of the Highland Park Community Foundation. She let me know that they have set up the "July 4th Highland Park Shooting Response Fund." Here is what she sent me as a short description: "The July 4th Highland Park Response Fund will act as a safety net to help those directly impacted by the mass shooting in Highland Park, Illinois. All contributions to the Response Fund will go directly to victims and survivors or the organizations that support them." This is the link: hpcf.org

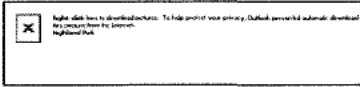

Would be a good idea to get this information out now? It would give folks focus as something they can do.

I know you guys have a lot on your plate. I am happy to handle this if you wish. I am not working much today and I am in HP.

Below are updates on various matters:

We don't have a timeline when charges will be announced.

A public update will be given at 11:15 AM today at Police. The update will provide information about the work that law enforcement has been undertaking since the last update.

The Coroner has not yet released the names of the deceased. They want to ensure they have victim service information. The Coroner anticipates that we will have the information this afternoon.

We have 12 different law enforcement agencies assisting us at this time and five more officers are en route.

Ravinia Festival is not being held this evening.

I conferred with the Mayor and she supported the cancellation of Food Truck Thursday, Take Out Tuesday and World Music Fest next week. We will communicate this information today to the public and all appropriate parties.

As Steve noted, please do not use text messaging for communication. If you texted yesterday, please take a screen shot of your communication and send to us. If I was part of it, I will retrieve the comms for public record purposes.

Subject: Gun violence

[EXTERNAL EMAIL]

Mayor Rotering

Like so many Americans today we are stunned by the amount of gun violence in communities yet your comments about the gun used in the shooting are incorrect.

The Armalite rifle model 15, or AR-15, as it is popularly known today was made for the civilian market in 1956 as a semi-automatic rifle that has similar outline to the M-16 that was being used by US servicemen in Vietnam. Armalite sold the design to Colt in 1959 and Colt sold them exclusively until 1977 when the patent expired. The AR-15 and similarly designed semi-automatics were extremely popular due to the ease of customization and the fun to shoot, and today some 25 to 30 million of these guns exist and, in perspective, very few have been used against people. The first use in a school shooting was in Columbine in 1999 a full 40 years after the gun was introduced to the public. It is clearly not the gun.

So what has changed? Our media is filled with violence, children play video games for hours on end where they shoot at each other. The Sandy Hook shooter played first-person shooter games for up to 10 hours a day, suffered from Herzberger's syndrome, and yet his mother bought him an AR-15 and did not secure it nor exercise parental control over it – that is clearly not the gun's fault. Games like Grand Theft Auto, Halo, Fortnite, etc., the list goes on encourage violence and 10's of millions play these games. It is very difficult to find a movie today that doesn't have vulgar language, nudity, soft porn, and violence. Add to that the overall devaluation of human life that we see today. Hatred toward many groups, people arguing for the "right" to murder the unborn, it is no surprise that those on the edge fall off.

Blaming guns for the actions of people doesn't work. The cities with the toughest gun control measures have the highest murder rates. It is time for politicians to point the blame at the right target and restore a belief for the value of ALL people.

Eric Burch

- The Highland Park Police Department incident report
- All 911 call transcripts, audio recordings, and call logs pertaining to the aforementioned incident.

- The Highland Park Police Department dispatch log or equivalent record detailing the time of all 911 calls received and the times of all police response actions at the aforementioned incident.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$10. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of a mass shooting in the national interest.

In conducting your search, please use the most recent technologies and tools available.

If any part of our request is determined by your organization to be exempt from disclosure, please release any segregable non-exempt portions. If your organization determines that such segregation is impossible, please indicate why this is technically the case. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Illinois Freedom of Information Act. Hi Ghida and Nancy,

I don't want to take too much of your time. We have gotten several requests to set up a general fund for victims, their families and those directly impacted by the shooting on July 4th. In the past, the HPCF has been a conduit for funds like these and we feel this is the right thing to do.

Terri is setting it up now with the goal of making it live by the end of the day. We will send you the link as soon as it is live and hope you will share it with media and the community.

This fund will be called:

July 4th Highland Park Shooting Response Fund

Description:

The July 4th Highland Park Response Fund will act as a safety net to help those directly impacted by the mass shooting in Highland Park, Illinois. All contributions to the Response Fund will go directly to victims and survivors or the organizations that support them. Please contribute generously.

Please reach out if you have any questions.

Thank you - and you are all doing an amazing job in the face of tragedy!

I'm also cc'ing my colleague Emily, who leads our US bureau and is currently in Highland Park.

We are working on a report which will be running on all our programmes this evening and tomorrow. Is there any chance of speaking to the Mayor, on top of the 3:30pm interview, in person for a couple of minutes? Unless there's any chance of doing the interview earlier and we could then aim to do it on camera instead of Zoom?

Let us know what you think.

We have a story ready to go saying that but are being very cagey about it b/c we want to 100 percent verify the information. Thanks so much. I look forward to speaking with the mayor.

My name is Maria Cramer and I'm a reporter at the New York Times.

I was reaching out in the hopes that I might be able to speak with Mayor Rotering this morning for a few minutes.

I'm also trying to confirm that the father of the suspect, Robert Crimo III, ran unsuccessfully against Mayor Rotering in 2019. I've seen various reports of this but no actual confirmation and was hoping Mayor Rotering or someone in her office could verify that this is a fact.

I look forward to hearing from you and I'm very sorry to be reaching out under these horrible circumstances.

Together, the City of Highland Park, the Park District of Highland Park, Highland Park High School / Township High School District 113, and North Shore School District 112 are grieving for the victims and the families of the horrific shooting today at what should have been a happy and joyous celebration.

Highland Park is a strong community, closely knit with shared values, priorities, and partnerships that were so clearly evident among the organizations, individuals, businesses, and entertainers participating in our parade today. As we grieve together as a community, we need to support each other as a community. In the aftermath of this unthinkable tragedy, we are stronger

together.

Dear Members,

On behalf of the Senior Center staff, we are devastated and heart-broken over the senseless act of violence against our community, that occurred during today's 4th of July parade. Our hearts go out to those who lost their lives and those who were injured - and to their families and loved ones as well.

After thoughtful consideration, we have decided that the Senior Center will be open tomorrow, and that all classes and activities will be held as scheduled. We hope this decision will allow us to grieve together and just maybe we can begin to heal together as well.

As a life-long resident of Highland Park who lives and works in this beloved community – the pain is palpable – and we are experiencing this pain together. The outpouring of love and support our community has shown – is one of the reasons I love Highland Park. Together, we will get through this.

If you are seeking support after today's tragic events, you are invited to participate in a coordinated effort to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available for community members in need of support. Counseling will be available at the Highland Park High School, 433 Vine Avenue tomorrow (Tuesday) from 9:00 AM to 2:00 PM; please enter through the Vine Avenue entrance. Anyone who wishes to take advantage of counseling services, will need to present a valid driver's license or student ID to be cleared to enter the school; no appointments are necessary.

Message from Mayor Rotering

Today was the bloodiest day that we have ever experienced in Highland Park. This morning at approximately 10:14 AM a shooter opened fire with an assault weapon on a crowd attending our 4th of July parade. We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued.

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead

communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider, Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses -- running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard. Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

Counseling Resources

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting -- we know that we will come together and support each other, as we always do, in difficult times. We are Highland Park strong.

Nancy R. Rotering, Mayor

City of Highland Park, IL

Officer Hyndman,

Good evening. Firstly, my thoughts are with you and the Highland Park community and first responders. Please accept my sincerest well-wishes and know that I will have you all in mind as you continue to respond to and recover from today's horrific incident.

If possible, I'd appreciate if you could relay this message to the Highland Park CERT membership, especially those members who were staffing the parade today.

Your presence in your community and response to help them today have been honorable and brave. You made a difference in all the ways that you could, living out the CERT motto by doing the greatest good for the greatest number. You made all CERTs proud as you leaped into action, saving lives and caring for your community when they needed you most. I was certainly proud to see CERT vests being worn by responders working this incident.

Do not forget that we all have our own experiences of and reactions to traumatic events like these. As first responders, which you undoubtedly were today, you are especially vulnerable to the aftershocks of such an incident. Know that you are not alone, and be in touch with one another. We all process these events differently, but they take a toll on everyone. Don't hesitate to seek out the help that you need if and when you need it.

Thank you for being the exemplary community members and CERT responders that you are; you showed your excellence today and there is much to be applauded in your actions.

Take good care.

Sincerely,

Kalman Slater

I would suspect all non US citizens using a stolen social security number at the event. Do not return any phones recovered. All cell towers should be used to bring up erased cell phone texts that will likely reveal all present at the event. All cell phone towers in the area surely can help find the cartel shooters who had to get text to give them instructions on where to stand and how to identify their victim. Use ICE to arrest the non-citizens. This includes the text of phones not in the possession of law enforcement. Expect the cartel phones to still be in the possession of the cartel shooters who likely returned to Mexico by way of the underground. I would interrogate all employees and family members with owners of the [REDACTED] and same for the business whose rooftop was used to give the cartel shooters access to the roof. Shooters likely were on both sides of the street. Use ICE to arrest all non-US citizens and fraudulent U.S. citizens using a stolen social security number. Expect many employees not to be U.S. citizens or married to non US citizens.

Also look at the Highland Park City Council District of the shooting area. Investigate their staff and other city council members with their staff for not having legitimate U.S. Citizenship. Same goes for the Highland Park Police Department and Fire Department and EMS services.

The illegal Mexican U.S. residents linked to Mexican Citizen [REDACTED] need to be questioned. Surely they knew the shooting was going to happen and arranged for their relative Mexican Citizen [REDACTED] to visit in order to pass a strong message to Mexico Government and their cartel linked to helping with a lot of the U.S. mass shootings especially the Uvalde and El Paso Walmart shooting was done with a host of Mexican cartel shooters coming from the underground. Use ICE to arrest and interrogate the U.S. relatives of [REDACTED]

[REDACTED] ASAP who immediately started a GO FUND PAGE profiting off of the Highland Park mass shooting.

Relatives of [REDACTED] knew about the shooting to come and linked it to the cartel and Mexico to carry it out.

Likely the Mexican cartel were on the roof and the real shooters not Robert Crimo which can be proven by getting into the local mind control computers. Reason why Robert Crimo, owner of a Honda Fit was chosen by the mind control system to do the shooting. This is a clear coded message that the Indian HIB visa and falsified naturalized Indian immigrants since 1924 al with stolen social security numbers working in Seattle and Silicon Valley are having a fit because the original shooters revealed in word Honda meaning original rice paddy have been identified by me through my over 40 page email being sent across the country weekly.

I would also suspect Mexican U.S. residents [REDACTED] who put his son in a dumpster and [REDACTED] Have ICE also arrest them. It is important to link the Mexican government in order to permanently close the U.S. Mexico border and sanction all of Mexico and remove all Mexican citizens from the U.S. using a stolen social security. This is well addressed in Austin Federal Case lead defendant the Country of Mexico filed in June of 2019 the reason why Mexico signed their agreement with Trump to force all to stay in Mexico two days prior to this filing.

Betsy Brint reached out to me on behalf of the Highland Park Community Foundation. She let me know that they have set up the “July 4th Highland Park Shooting Response Fund.” Here is what she sent me as a short description: “The July 4th Highland Park Response Fund will act as a safety net to help those directly impacted by the mass shooting in Highland Park, Illinois. All contributions to the Response Fund will go directly to victims and survivors or the organizations that support them.” This is the link: hpcf.org

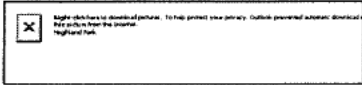

Would be a good idea to get this information out now? It would give folks focus as something they can do.

I know you guys have a lot on your plate. I am happy to handle this if you wish. I am not working much today and I am in HP.

Subject: Update

Below are updates on various matters:

We don't have a timeline when charges will be announced.

A public update will be given at 11:15 AM today at Police. The update will provide information about the work that law enforcement has been undertaking since the last update.

The Coroner has not yet released the names of the deceased. They want to ensure they have victim service information. The Coroner anticipates that we will have the information this afternoon.

We have 12 different law enforcement agencies assisting us at this time and five more officers are en route.

Ravinia Festival is not being held this evening.

I conferred with the Mayor and she supported the cancellation of Food Truck Thursday, Take Out Tuesday and World Music Fest next week. We will communicate this information today to the public and all appropriate parties.

As Steve noted, please do not use text messaging for communication. If you texted yesterday, please take a screen shot of your communication and send to us. If I was part of it, I will retrieve the comms for public record purposes.

If anyone has questions, please let me know.

Hi Katie,

As you can imagine after yesterday's horrific event at Highland Park's 4th of July Parade, our police department is experiencing the need for extra parking for media and assistance from our partners. Many have already started parking on the Solo Cup property without our guidance to do so.

We are respectfully requesting your permission for our guests to continue parking there for the next couple weeks.

Thank you for your consideration.

Subject: Highland Park Senior Center Update - Tragedy, Resources, and Schedule

Dear Members and Friends,

On behalf of the Senior Center staff, we are devastated and heart-broken over the senseless act of violence against our community, that occurred during today's 4th of July parade. Our hearts go out to those who lost their lives and those who were injured - and to their families and loved ones as well.

After thoughtful consideration, we have decided that the Senior Center will be open tomorrow, and that all classes and activities will be held as scheduled. We hope this decision will allow us to grieve together and just maybe we can begin to heal together as well.

As a life-long resident of Highland Park who lives and works in this beloved community – the pain is palpable – and we are experiencing this pain together. The outpouring of love and support our community has shown – is one of the reasons I love Highland Park. Together, we will get through this.

If you are seeking support after today's tragic events, you are invited to participate in a coordinated effort to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available for community members in need of support. Counseling will be available at the Highland Park High School, 433 Vine Avenue tomorrow (Tuesday) from 9:00 AM to 2:00 PM; please enter through the Vine Avenue entrance. Anyone who wishes to take advantage of counseling services, will need to present a valid driver's license or student ID to be cleared to enter the school; no appointments are necessary.

Message from Mayor Rotering

Today was the bloodiest day that we have ever experienced in Highland Park. This morning at approximately 10:14 AM a shooter opened fire with an assault weapon on a crowd attending our 4th of July parade. We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued.

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider, Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses -- running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard. Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

Counseling Resources

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting -- we know that we will come together and support each other, as we always do, in difficult times. We are Highland Park strong.

Nancy R. Rotering, Mayor
City of Highland Park, IL

We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued.

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider, Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses -- running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard. Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

Counseling Resources

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting -- we know that we will come together and support each other, as we always do, in difficult times. We are Highland Park strong.

Dear Members and Friends,

On behalf of the Senior Center staff, we are devastated and heart-broken over the senseless act of violence against our community, that occurred during today's 4th of July parade. Our hearts go out to those who lost their lives and those who were injured - and to their families and loved ones as well.

After thoughtful consideration, we have decided that the Senior Center will be open tomorrow, and that all classes and activities will be held as scheduled. We hope this decision will allow us to grieve together and just maybe we can begin to heal together as well.

As a life-long resident of Highland Park who lives and works in this beloved community – the pain is palpable – and we are experiencing this pain together. The outpouring of love and support our community has shown – is one of the reasons I love Highland Park. Together, we will get through this.

If you are seeking support after today's tragic events, you are invited to participate in a coordinated effort to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available for community members in need of support. Counseling will be available at the Highland Park High School, 433 Vine Avenue tomorrow (Tuesday) from 9:00 AM to 2:00 PM; please enter through the Vine Avenue entrance. Anyone who wishes to take advantage of counseling services, will need to present a valid driver's license or student ID to be cleared to enter the school; no appointments are necessary.

Counseling Resources

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting -- we know that we will come together and support each other, as we always do, in difficult times. We are Highland Park strong.

Subject: Highland Park Senior Center Update - Tragedy, Resources, and Schedule

Dear Members and Friends,

On behalf of the Senior Center staff, we are devastated and heart-broken over the senseless act of violence against our community, that occurred during today's 4th of July parade. Our hearts go out to those who lost their lives and those who were injured - and to their families and loved ones as well.

After thoughtful consideration, we have decided that the Senior Center will be open tomorrow, and that all classes and activities will be held as scheduled. We hope this decision will allow us to grieve together and just maybe we can begin to heal together as well.

As a life-long resident of Highland Park who lives and works in this beloved community – the pain is palpable – and we are experiencing this pain together. The outpouring of love and support our community has shown – is one of the reasons I love Highland Park. Together, we will get through this.

If you are seeking support after today's tragic events, you are invited to participate in a coordinated effort to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available for community members in need of support. Counseling will be available at the Highland Park High School, 433 Vine Avenue tomorrow (Tuesday) from 9:00 AM to 2:00 PM; please enter through the Vine Avenue entrance. Anyone who wishes to take advantage of counseling services, will need to present a valid driver's license or student ID to be cleared to enter the school; no appointments are necessary.

Message from Mayor Rotering

Today was the bloodiest day that we have ever experienced in Highland Park. This morning at approximately 10:14 AM a shooter opened fire with an assault weapon on a crowd attending our 4th of July parade. We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued.

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider, Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses -- running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard. Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. Subject: Highland Park Senior Center Update - Tragedy, Resources, and Schedule

Dear Members and Friends,

On behalf of the Senior Center staff, we are devastated and heart-broken over the senseless act of violence against our community, that occurred during today's 4th of July parade. Our hearts go out to those who lost their lives and those who were injured - and to their families and loved ones as well.

After thoughtful consideration, we have decided that the Senior Center will be open tomorrow, and that all classes and activities will be held as scheduled. We hope this decision will allow us to grieve together and just maybe we can begin to heal together as well.

As a life-long resident of Highland Park who lives and works in this beloved community – the pain is palpable – and we are experiencing this pain together. The outpouring of love and support our community has shown – is one of the reasons I love Highland Park. Together, we will get through this.

If you are seeking support after today's tragic events, you are invited to participate in a coordinated effort to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available for community members in need of support. Counseling will be available at the Highland Park High School, 433 Vine Avenue tomorrow (Tuesday) from 9:00 AM to 2:00 PM; please enter through the Vine Avenue entrance. Anyone who wishes to take advantage of counseling services, will need to present a valid driver's license or student ID to be cleared to enter the school; no appointments are necessary.

Message from Mayor Rotering

Today was the bloodiest day that we have ever experienced in Highland Park. This morning at approximately 10:14 AM a shooter opened fire with an assault weapon on a crowd attending our 4th of July parade. We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued.

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider, Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses -- running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard. Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

Counseling Resources

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting -- we know that we will come together and support each other, as we always do, in difficult times. We are Highland Park strong.

This morning at approximately 10:14 AM a shooter opened fire with an assault weapon on a crowd attending our 4th of July parade. We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued.

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider, Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses -- running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard. Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

Counseling Resources

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting -- we know that we will come together and support each other, as we always do, in difficult times. We are Highland Park strong.

Nancy R. Rotering, Mayor
City of Highland Park, IL

Dear Members,

On behalf of the Senior Center staff, we are devastated and heart-broken over the senseless act of violence against our community, that occurred during today's 4th of July parade. Our hearts go out to those who lost their lives and those who were injured - and to their families and loved ones as well.

After thoughtful consideration, we have decided that the Senior Center will be open tomorrow, and that all classes and activities will be held as scheduled. We hope this decision will allow us to grieve together and just maybe we can begin to heal together as well.

As a life-long resident of Highland Park who lives and works in this beloved community – the pain is palpable – and we are experiencing this pain together. The outpouring of love and support our community has shown – is one of the reasons I love Highland Park. Together, we will get through this.

If you are seeking support after today's tragic events, you are invited to participate in a coordinated effort to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available for community members in need of support. Counseling will be available at the Highland Park High School, 433 Vine Avenue tomorrow (Tuesday) from 9:00 AM to 2:00 PM; please enter through the Vine Avenue entrance. Anyone who wishes to take advantage of counseling services, will need to present a valid driver's license or student ID to be cleared to enter the school; no appointments are necessary.

Hi Jennifer,

I hate to reach out in such horrible circumstances. My family and I are interested in participating, donating and doing anything we can to support families and others impacted from the horrible events from the parade.

Do you know of any resources or arrangements the city is making at this time? I come from a family of long-time HP residents and my fiancée is also from HP. We'd love to show, and provide support in any way possible.

Hope to hear from you soon.

Dear Freedom of Information Officer:

Under the Illinois Freedom of Information Act, 5 ILCS 140, I am requesting the following records pertaining to the mass shooting that occurred on July 4, 2022 at a parade in Highland Park, IL:

-
-
- The Highland Park Police Department incident report
-
-
-
- The Highland Park Police Department dispatch log or equivalent record detailing the time of all
- 911 calls received and the times of all police response actions at the aforementioned incident.
-

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$10. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of a mass shooting in the national interest.

The release of the information is for non-commercial purposes. I am a researcher for Insider, a news organization based in New York City, whose mission is journalism in the public interest. Can we say that Robert Crimo Jr., father of Robert Crimo III, ran against Mayor Roterling? Sorry to keep pestering you about that detail but it's an important one in terms of fleshing out the suspect's connection to the town and we don't just want to run with speculation. Thanks again.

Thanks Amy. Our CERT's at ground zero are the real heroes of yesterday's tragedy. I was with them at the PD last night for a session with the Deerfield psychologist to debrief them. I was at Sunset getting ready for the festival, and only heard the first hand account of just how many people were saved and countless more helped by a half dozen of my brothers and sisters. I couldn't be more proud of how they responded. Bruce

Officer Hyndman,

Good evening. Firstly, my thoughts are with you and the Highland Park community and first responders. Please accept my sincerest well-wishes and know that I will have you all in mind as you continue to respond to and recover from today's horrific incident.

If possible, I'd appreciate if you could relay this message to the Highland Park CERT membership, especially those members who were staffing the parade today.

Your presence in your community and response to help them today have been honorable and brave. You made a difference in all the ways that you could, living out the CERT motto by doing the greatest good for the greatest number. You made all CERTs proud as you leaped into action, saving lives and caring for your community when they needed you most. I was certainly proud to see CERT vests being worn by responders working this incident.

Do not forget that we all have our own experiences of and reactions to traumatic events like these. As first responders, which you undoubtedly were today, you are especially vulnerable to the aftershocks of such an incident. Know that you are not alone, and be in touch with one another. We all process these events differently, but they take a toll on everyone. Don't hesitate to seek out the help that you need if and when you need it.

Thank you for being the exemplary community members and CERT responders that you are; you showed your excellence today and there is much to be applauded in your actions.

Take good care.

Dear Officer Hyndman,

My name is Linda Taylor and I am President of the Keller Texas CERT Organization. Just wanted to let you know I was watching the news coverage of today's tragedy in your city and it warmed my heart to see the large number of CERT members there. I'm sure your group never expected to be involved directly in something so horrific. My CERT team would like to offer you our condolences and tell you how much we admire all of you for Giving back to this world we live in in such a meaningful way.

Last night was our town's July 4th celebration and it was the first time in 17 years of CERT activities that I had to discuss what our responsibilities would be in the event of an active shooter situation. Needless to say my stress level was sky high. But turning on the news and seeing that a group of our CERT brothers and sisters were actually dealing with that horror was devastating. I breathed a sigh of relief last night when my event ended with only a bloody nose and heat exhaustion to deal with. I have worked tornadoes, hailstorms, large fires and lots of other things but never have I faced what your CERT Team witnessed and dealt with. Again I am so sorry that you all had to deal with. Please know that our thoughts and prayers are with You every minute.

If we can help in any way please let me know. My email is [REDACTED]

Aftermath

Alice Marcus Solovy

There are those
Who build
And those
Who destroy.
Doors close
But windows open..
Hope is a gift
We give ourselves
And others.
We must keep
Our eyes on
Stars that
Shine and light
Our path,
That illumine
The dark
When darkness
Falls.
We must meet
Days with hope
Of sunshine and
Faith that better
Times will come
Once more.

Dear Laura, The shooting yesterday was awful. During the pandemic I wrote a lot of poetry. Yesterday my response to this terrible event was to write another poem. It will be read at the end of my Synagogue's Friday night Service later this week. The gist of it is that at this sad time we need extra strength and courage by remembering who we are and by doing the right thing. At a time like this it's also important to remember how many good people came to the aid of the victims. There is more good than bad in the world. Best wishes always, Love, Alice Solovy

Dear Members and Friends,

On behalf of the Senior Center staff, we are devastated and heart-broken over the senseless act of violence against our community, that occurred during today's 4th of July parade. Our hearts go out to those who lost their lives and those who were injured - and to their families and loved ones as well.

After thoughtful consideration, we have decided that the Senior Center will be open tomorrow, and that all classes and activities will be held as scheduled. We hope this decision will allow us to grieve together and just maybe we can begin to heal together as well.

As a life-long resident of Highland Park who lives and works in this beloved community – the pain is palpable – and we are experiencing this pain together. The outpouring of love and support our community has shown – is one of the reasons I love Highland Park. Together, we will get through this.

If you are seeking support after today's tragic events, you are invited to participate in a coordinated effort to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available for community members in need of support. Counseling will be available at the Highland Park High School, 433 Vine Avenue tomorrow (Tuesday) from 9:00 AM to 2:00 PM; please enter through the Vine Avenue entrance. Anyone who wishes to take advantage of counseling services, will need to present a valid driver's license or student ID to be cleared to enter the school; no appointments are necessary.

Message from Mayor Rotering

Today was the bloodiest day that we have ever experienced in Highland Park. This morning at approximately 10:14 AM a shooter opened fire with

an assault weapon on a crowd attending our 4th of July parade. We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued.

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider, Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses -- running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard.

Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

Counseling Resources

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting -- we know that we will come together and support each other, as we always do, in difficult times. We are Highland Park strong.

If we could do it earlier that would be great, but I'll take what I can get. :)
Can we say that Robert Crimo Jr., father of Robert Crimo III, ran against Mayor Rotering? Sorry to keep pestering you about that detail but it's an important one in terms of fleshing out the suspect's connection to the town and we don't just want to run with speculation. Thanks again.

In the meantime, can we say that the father of Robert Crimo III ran against Mayor Rotering? We have a story ready to go saying that but are being very cagey about it b/c we want to 100 percent verify the information.

Thanks so much. I look forward to speaking with the mayor.

Good morning,

My name is Maria Cramer and I'm a reporter at the New York Times.

I was reaching out in the hopes that I might be able to speak with Mayor Rotering this morning for a few minutes.

I'm also trying to confirm that the father of the suspect, Robert Crimo III, ran unsuccessfully against Mayor Rotering in 2019. I've seen various reports of this but no actual confirmation and was hoping Mayor Rotering or someone in her office could verify that this is a fact.

I look forward to hearing from you and I'm very sorry to be reaching out under these horrible circumstances.

Best,

Maria

Today is a day of grieving together, a time to pause and remember those who have left us, those who were injured, and for strength for our community. Several vigil and prayer services are taking place today both inside and outside of Highland Park; they are as follows:

The Community Church of Lake Bluff (117 E. Scranton Ave, Lake Bluff) will hold a prayer service, today at 12:00 noon. The service will include prayer and music at Christ Church on the corner of Route 60 and Waukegan Avenue in Lake Forest.

Trinity Grace Church and Christ Church - Rev. 7:9 has organized a community prayer gathering at 3:00PM at Trinity Grace Church (1506 Half Day Rd., Highland Park IL). Everyone is welcome.

Highland Park Presbyterian Church, Trinity Episcopal, and other area faith leaders will hold a ecumenical community prayer vigil, today at 7:00 p.m. at the Highland Park Presbyterian Church (330 Laurel Ave., Highland Park). All are welcome.

Today Highland Park HS at 433 Vine Avenue in conjunction with community partners is hosting crisis counseling until 2:00pm and is open to everyone.

Additionally, a family assistance center will open tomorrow, July 6th at noon to provide support services and crisis assistance to those who were directly impacted at the parade. The

location and hours of operation are pending. We'll get the information to the community as soon as we have it – please visit the City website for more information.

The Highland Park Police Department, the American Red Cross and the FBI Victim Services Response Team are assisting with additional partners. The teams will engage with victims and families to assess their immediate needs and provides crisis intervention and other forms of emergency assistance. Anyone who is a victim of the incident – and is in need of support can call 800-CALL-FBI

I know what a generous community we are a part of – and we are overwhelmed with the amount off support offered not only from those in Highland Park but in the surrounding region and throughout the nation. Thank you. For those looking to donate to victims and in support of the community we ask that you be mindful of potential scams on GoFundMe and other fundraising avenues. This afternoon we will share additional information on the City's website regarding how to donate to the victims, survivors, and those who support the community. For all those who have reached out with offers of equipment, food, and professional services we thank you.

Thank you all for coming out today, I will now turn the mic back over to Deputy Chief Cavelli

Mayor Roterling:

First, my heart goes out to you and all the residents of Highland Park. I have spent many happy days shopping there, going to restaurants, and enjoying the peace I found on your quiet streets.

It is now incumbent upon us as Americans to prevent this from ever happening again.

I can make a few suggestions, since I have a hospitalized schizophrenic son.

- 1). Early screening for mental illness in all American schools. This would be very easy to do and could help identify those at risk. My own son, a brilliant friendly kid, was diagnosed only after a serious psychotic break that almost resulted in his death. I missed the signs, but they were definitely there. I am much better at identifying them now.
- 2). Make family reporting mandatory, the same way Illinois teachers are mandated to report potential child abuse. Bobby's uncle was interviewed yesterday and claimed "there were no signs." That is a lie. There are ALWAYS signs. Someone knew and said nothing. Make that a crime.
- 3). Make it a crime to sell guns to any Americans under the age of 25. I realize this is a stretch, but it is a fact that the male brain does not fully develop to maturity until the mid twenties. Why in the world would our nation allow a gun to be placed into the hands of anyone with half a brain???
- 4) Make VIOLENCE prevention the target, not just gun violence. Stopping the sale of guns to idiots is a start, but it will not quell the violence. We need to beef up mental health facilities and train the police to identify/isolate/retrieve/hospitalize those individuals deemed dangerous to the community instead of just letting them go on their merry way. Have you ever noticed how often the police state, "He was on our radar...." Anyone on their radar should be off the streets.
- 5) Finally, young people in our country are the front line of defense against those plotting to do harm. Israel has one of the best identification strategies against violent offenders in the world: They monitor internet traffic. They have had a handful of school shootings but have managed to thwart many attempts. Students are internet-savvy and could be trained to monitor potential violence.

Bobby displayed multiple signs of potential violence. His internet presence was surrounded by evil. We missed it. Let's never do that again.

To Better Days Ahead,

Dr. Cynthia Norbeck

Hi Katie,

As you can imagine after yesterday's horrific event at Highland Park's 4th of July Parade, our police department is experiencing the need for extra parking for media and assistance from our partners. Many have already started parking on the Solo Cup property without our guidance to do so.

We are respectfully requesting your permission for our guests to continue parking there for the next couple weeks.

Thank you for your consideration.

Highland Park Strong: Grieving Together as a Community

Highland Park, Illinois – Together, the City of Highland Park, the Park District of Highland Park, Highland Park High School / Township High School District 113, and North Shore School District 112 are grieving for the victims and the families of the horrific shooting today at what should have been a happy and joyous celebration.

Highland Park is a strong community, closely knit with shared values, priorities, and partnerships that were so clearly evident among the organizations, individuals, businesses, and entertainers participating in our parade today. As we grieve together as a community, we need to support each other as a community. In the aftermath of this unthinkable tragedy, we are stronger together.

Counseling professionals will be available tomorrow for students, staff and community members at Highland Park High School (433 Vine Ave.) from 9:00 to 2:00. No appointment is necessary, but only the Vine Street entrance will be open. Hope you're well. I'm a producer for Sky News.

I was wondering if you might have availability for an interview today, 5th July, on the horrific shooting in Highland Park, IL yesterday, the concerns it raises, necessary measures to help victims?

We can do the interview live remotely, over Skype or Zoom, for 5-10 minutes. One on one.

Message from Mayor Rotering

Today was the bloodiest day that we have ever experienced in Highland Park. This morning at approximately 10:14 AM a shooter opened fire with an assault weapon on a crowd attending our 4th of July parade. We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued.

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider, Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses -- running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

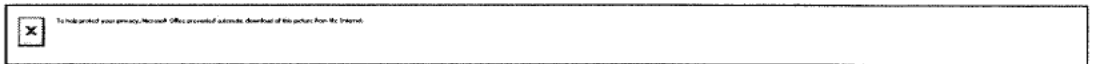

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard. Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

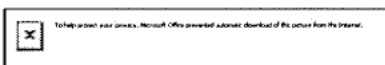

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

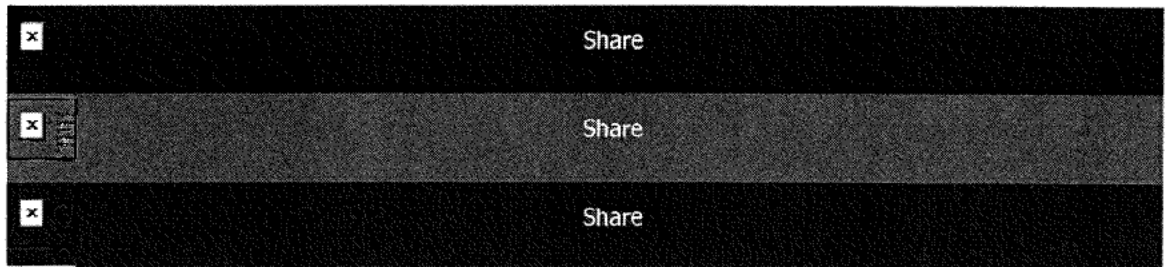

Counseling Resources

A **coordinated effort** is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting -- we know that we will come together and support each other, as we always do, in difficult times. We are Highland Park strong.

July 5, 1973 – Kingman, Arizona – 11 Firefighters Killed

The Kingman explosion, also known as the Doxol disaster or Kingman BLEVE, was a catastrophic boiling liquid expanding vapor explosion that occurred on July 5, 1973.

The resulting explosion produced a shock wave that was heard and felt for over 5 miles, and a fireball over 1,000 feet in diameter. Burning propane rained down on everything in the vicinity, and the remnants of the rail car were propelled over a quarter mile from the explosion site.

The three firefighters closest to the explosion were killed instantly, and eight more died from burns shortly thereafter. In addition to the eleven city firefighters and one railroad worker killed in the disaster, one state trooper was also killed in the explosion. Over 90 onlookers gathered on the highway were burned or injured, some badly.

July 5, 1973 – Kingman, Arizona – 11 Firefighters Killed

The Kingman explosion, also known as the Doxol disaster or Kingman BLEVE, was a catastrophic boiling liquid expanding vapor explosion that occurred on July 5, 1973.

The resulting explosion produced a shock wave that was heard and felt for over 5 miles, and a fireball over 1,000 feet in diameter. Burning propane rained down on everything in the vicinity, and the remnants of the rail car were propelled over a quarter mile from the explosion site.

The three firefighters closest to the explosion were killed instantly, and eight more died from burns shortly thereafter. In addition to the eleven city firefighters and one railroad worker killed in the disaster, one state trooper was also killed in the explosion. Over 90 onlookers gathered on the highway were burned or injured, some badly.

Hello Everyone!!

What a beautiful day! Hopefully, July 4 will be as nice, which is what this email is really about. :)

We hope as many of you - and your family members and friends - will join us as walkers in the Highland Park 4th of July parade (which is on Monday, July 4). A few people can also ride in our parade car.

We need your help passing out our giveaways, but even more we need a strong showing in the parade!

We have HPCF t-shirts of various sizes you can wear (though you are welcome to wear your own), and will have cold water and treats to enjoy before the parade starts.

You will need to be at our location in the downtown HP Metra Station by **9:30 AM** and we should be done by 10:30-10:45. Further details about exactly where we will gather to line up, take photos, etc., will be sent once we receive them from the City.

Please let Terri (terri@hpcf.org) know if you can join us and how many people you will be bringing!

Thank you for your help in making this a fun and successful awareness raising event for the HPCF! We hope to hear from you soon!

Jon, Laurie, Joey (30th anniversary 4th of July Committee Members) and Terri

Hi Mayor Rotering,

My name is Eric Solomon and I'm with ABC 10news in San Diego. I grew up in Northbrook and moved out to San Diego back in 2016. This shooting hits close to home for me, and I was hoping you could join me for a zoom interview to discuss the latest on the shooting. I know it's a fluid situation, and I also know you are dealing with a lot right now, so we can keep the conversation more broad and we can keep it to 5 minutes or so.

Please let me know if you have any time today.

Best wishes,

Eric

If we could do it earlier that would be great, but I'll take what I can get. :)

Can we say that Robert Crimo Jr., father of Robert Crimo III, ran against Mayor Rotering? Sorry to keep pestering you about that detail but it's an important one in terms of fleshing out the suspect's connection to the town and we don't just want to run with speculation. Thanks again.

Good morning,

My name is Maria Cramer and I'm a reporter at the New York Times.

I was reaching out in the hopes that I might be able to speak with Mayor Rotering this morning for a few minutes.

I'm also trying to confirm that the father of the suspect, Robert Crimo III, ran unsuccessfully against Mayor Rotering in 2019. I've seen various reports of this but no actual confirmation and was hoping Mayor Rotering or someone in her office could verify that this is a fact.

I look forward to hearing from you and I'm very sorry to be reaching out under these horrible circumstances.

Mayor. I read your comments about legally obtained guns. The issue is not the guns, the issue is cities and states knowing how to handle mental people. The shooter had to be mentally impaired or this would not have happened. The mental issues should be recognized while they are in school and noted as a person that should not be able to obtain a weapon. A few mental people should not infringe upon the rights of people who handle the weapons correctly. You as the cub scout leader should have been able to see this person had a mental issue even back then. Thanks for your time, J.L. Williams

Can we say that Robert Crimo Jr., father of Robert Crimo III, ran against Mayor Rotering? Sorry to keep pestering you about that detail but it's an important one in terms of fleshing out the suspect's connection to the town and we don't just want to run with speculation. Thanks again.

I was reaching out in the hopes that I might be able to speak with Mayor Rotering this morning for a few minutes.

I'm also trying to confirm that the father of the suspect, Robert Crimo III, ran unsuccessfully against Mayor Rotering in 2019. I've seen various reports of this but no actual confirmation and was hoping Mayor Rotering or someone in her office could verify that this is a fact.

I look forward to hearing from you and I'm very sorry to be reaching out under these horrible circumstances.

Message from Mayor Rotering

Today was the bloodiest day that we have ever experienced in Highland Park. This morning at approximately 10:14 AM a shooter opened fire with an assault weapon on a crowd attending our 4th of July parade. We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued.

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider,

Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

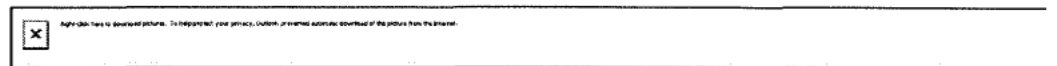

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard. Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

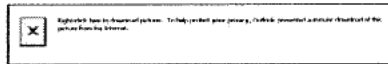

Counseling Resources

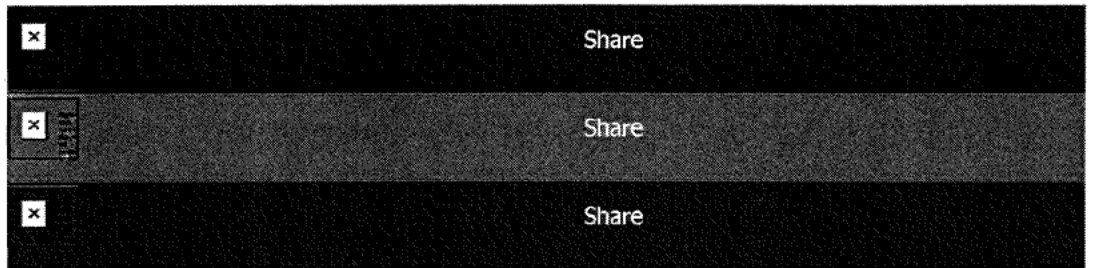

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the

Park District will have counselors available at Highland Park High School, 4300 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting we know that we will come together and support each other, as we always do in difficult times. We are Highland Park strong.

Hello,

I am reaching out from Reuters Fact Check team, were we work to clarify instances of misleading or false information online.

We are investigating claims circulating about the following photo:
<https://twitter.com/luxeprogressive/status/1544095410318413825?s=20&t=8Hgl-M3beE7a-mXDlhx54A> . Users online claim it depicts a tattoo in the arm of Robert Bobby E. Crimo, CRIMO, the III, suspected gunman in the Chicago suburb of Highland Park shooting. Users claim this is evidence of his political views (see below)

We found the image, however, in an 8-year-old post in Reddit (<https://archive.ph/fgQQG>). The Reddit user has also denied claims that related his photo to the shooter (<https://archive.ph/uaP4K>) (screenshot below). We are hoping to write a fact check to clarify.

I was wondering if your office could provide confirmation on whether the suspected gunman has a "rose in the fist" tattoo as users allege? Is there any other information you could provide about the motive behind the shooting?

Thank you,

He most likely showed up at Trump events to cause angst. His tattoo speaks to what political background HE is and he isn't a Trump supporter, Conservative, or Republican. Just another liberal socialist scum.

Massive fire breaks out at old lumber yard in Carmi

VIDEO: City leaders in Carmi, Illinois, say a large section of town was without power for several hours Saturday. They told residents it was because of a massive fire at the old lumber yard property near the water tower. It broke out in the early morning hours. 14 News spoke with several neighbors who are now dealing with damage to their own homes. Melissa Kittinger lives right next door to the building, and she said the whole scene was chaotic. "We just kept hearing these loud like cannons, it sounded like, going off," she said. "We get outside, and the building was just- the flames were as tall as the water tower." She said her power was out for around eight hours. The heat from the fire melted parts of their siding, as well as several other homes in the area. The front of the water department was also severely damaged.

"This sign will be an example for all the firefighters that are currently working on the future firefighters be like Bobby, right? Give it your all, give it your best," added retired CFD firefighter, Don Hroma. Herrera served for decades before dying from throat cancer last year, just two months after he retired.

Peoria firefighters help bag for tips at Hy-Vee grocery store for fundraiser

Firefighters and volunteers were bagging groceries at the Sheridan Hy-Vee for a unique reason. The event was called Bagging for Tips and the grocery store opened two of its locations to raise money for the Imani Rescue center in Kenya. Founder Veronica Richards said the rescue center would be a safe haven for women and orphaned children in Kenya to learn skills and remain safe. Richards, who is from Kenya, said she was grateful for members of her new community helping out her home. "It's great to be able to have the Peoria community connecting with us. So we can have people in Kenya be able to see it doesn't matter how far you are up in the village you have people all the way in Illinois backing you to support you," Richards said. The fundraiser was at both the Sheridan and the Grand Prairie Hy-Vee's and would continue on Sunday and next weekend from 10 am to 4 pm.

Firefighters Knock Down Major Emergency Blaze in California Warehouse

VIDEO: Firefighters tonight battled a major emergency blaze in a large, vacant warehouse in Woodland Hills, preventing it from spreading to nearby structures and putting out the bulk of the flames in just over one hour. The fire was reported at 9:10 p.m. at 6000 N. De Soto Ave., said the Los Angeles Fire Department's Margaret Stewart. The 80 firefighters called to the scene went into defensive mode right away, surrounding the building with hose lines and spraying water on the warehouse from outside while protecting surrounding structures. At 9:37 p.m., Stewart reported the structural integrity of the building was starting to fail. The bulk of the flames were out at 10:19 p.m., she said. "The remaining pockets of fire are difficult to reach with exterior hose lines and due to the structural instability, crews will remain in the defensive mode," she said. "Therefore, this will continue to be an active, extended operation." Motorists were urged to avoid the area.

Fire-Rescue in Texas celebrates 150 years of service

July 4 marked the 150th anniversary of Dallas Fire-Rescue. On Monday morning at the Dallas Firefighter's Museum, DFR held a sesquicentennial appreciation block party. One-hundred and fifty years ago, in 1872, one unit of volunteer firefighters was recognized by the City of Dallas. The department has since grown to 2,000 members with 58 fire stations. A 59th fire station is opening soon. Over the century and a half, a lot has changed. Putting out fires is what DFR was traditionally known for. But now, Dallas Fire-Rescue has an all-hazards approach, including teams for HAZMAT, urban search and rescue, swift water, emergency medical services and more. This year also marks the 50th anniversary for DFR's emergency medical services (EMS), and 50 years of the Dallas Firefighters Museum.

Arson 90 years ago led to Major League Baseball in Seattle ▯

If we told you the Seattle Mariners were sparked from an actual spark, would you know the story? If we told you the fire of a fanbase was rooted in an actual fire, would you know who to thank? You have to go back 90 years ago to July 4, 1932. "Not a lot of people I think are aware of it now," Seattle baseball historian Dave Eskenazi said. "The further back you go, the more interesting it is and Dugdale is certainly a major, major part of our early baseball history." Dugdale was both a person and a park. Daniel Dugdale was a former professional baseball player from the midwest. He came to the northwest in 1898 because of the Klondike Gold Rush; he got rich off real estate in Seattle; and he built a baseball stadium for the minor league Seattle Indians. The stadium was both a cathedral and a catastrophe waiting to happen. "On July 4th, 1932, after a doubleheader at the ballpark around midnight calls started coming in for a fire at the ballpark," Eskenazi said. "

Colorado fire-rescue heads toward in-house advanced life support unit ▯

Boulder Fire-Rescue is making progress on its goal to upgrade the level of care its emergency respondents can provide in the field. When 2023 rolls around in just under six months, Boulder Fire intends to have its own in-house advanced life support emergency medical services unit, allowing city personnel to administer life-saving drugs, perform invasive procedures and the full scope of cardiac resuscitation in the field. In order to kick off this work, the city approved \$241,300 in its 2022 budget, which provided the money necessary to hire Jenna Steege to serve in the new role of EMS program administrator. She's been on the job for a few months. Steege is tasked with maintaining Boulder Fire's current medical service level as well as handling the transition as Boulder prepares for its first advanced life support unit. The role, which Steege describes as a bit of a jack-of-all-trades, is important, given that the department's call load is dominated by calls for medical service.

'Standing with him': Florida fire department finds special way to support firefighter in ICU ▯

VIDEO: Apopka firefighters found a special way to support one of their own who is fighting in the ICU after a serious injury. Apopka Firefighter Austin Duran was seriously injured on the job Thursday when a 4,500 lbs sand trailer fell on him. His firefighter family came up with a way to show their support for him by creating a workout dedicated to him that they call do together in his honor. "Austin is a strong individual. His endurance and his passion for the job is impressive, and we want him to know that's still burning in us. And we want to show that we're here and standing with him," said Firefighter Jeremias Williams. They hope that the support helps Duran and his family during this difficult time. "I hope he feels that we're here for him, and we're rooting for him, coming together all for him, and hopefully feed off the energy we're trying to give him," said Firefighter Taylor Legvold.

Subject: My heart is with Highland Park

Yesterday while participating in the Highland Park 4th of July parade, my family and I — and the entire Highland Park community — experienced the trauma of what far too many across the country are experiencing: the paralyzing terror of gun violence.

Like so many other families, I was with my husband, our three children, and our grandchildren on what was to be a day of festivities and a beloved community event. Instead, we were running for safety, desperately praying that no one would die from the gunshots we heard in the distance.

Even in Highland Park, a town with some of the strictest gun laws in Illinois, lives are at risk from the lack of gun control.

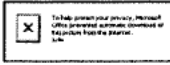

Gun violence has been normalized, and no one is to blame except elected officials who have the power to put their constituents' lives ahead of the gun lobby, but fail to do so every chance they get. Instead we have a Supreme Court that just put our country on a path to even more guns on our streets and a Congress that's patting themselves on the back over a watered-down gun reform package that does little to stop the death sentence that is life in America right now for far too many.

I am enraged by the gun free-for-all that's killing our children, our seniors, and everyone in between. The only way we can end this crisis is for our state and federal governments to pass the laws that we've all been demanding. Until that happens, we are not safe anywhere—not at our places of worship, our schools, our community gatherings. If you're not committed to saving lives, then you have absolutely no place in public office.

Thank you to the first responders who bravely stepped into an active shooting and undoubtedly saved hundreds of lives.

I pray for healing for the victims — and my promise to you is that my years-long crusade against gun violence will continue stronger than

ever.

Massive fire breaks out at old lumber yard in Carmi ▯

VIDEO: City leaders in Carmi, Illinois, say a large section of town was without power for several hours Saturday. They told residents it was because of a massive fire at the old lumber yard property near the water tower. It broke out in the early morning hours. 14 News spoke with several neighbors who are now dealing with damage to their own homes. Melissa Kittinger lives right next door to the building, and she said the whole scene was chaotic. "We just kept hearing these loud like cannons, it sounded like, going off," she said. "We get outside, and the building was just- the flames were as tall as the water tower." She said her power was out for around eight hours. The heat from the fire melted parts of their siding, as well as several other homes in the area. The front of the water department was also severely damaged.

Subject: Showing support to the community

[EXTERNAL EMAIL]

Ghida and Chief Jogmen,

First I would like to express my gratitude to the City of Highland Park officials, to the police officers and everyone who had been working tirelessly to protect us.

I've been asking around what can we do, where can we help, but fortunately, there is many people helping right now. I've been thinking in going to the place of the shooting, as soon as they allow us, to have a sign showing support to the families impacted by this tragedy, to the police officers, to the Mayor, so people can see we are a unify community.

I went yesterday with some candles to set a small altar, of course they didn't allow me to enter and I understand, but I believe we should do something like this so people can see we are one community, no colors, no difference in classes, but one community, one Highland Park.

Is that ok, should we wait until they open or can we do this around downtown, we just want to be there holding our hands and having some signs to show our support to one and other.

Please let me know if there is a problem with this.

Alicia De La Cruz

Good evening colleagues,

Today has been an incredibly tragic day in our community. Whether you were on site or watching the news unfold at home, we understand how traumatic the events of today have been on our City of Highland Park family. I am in awe and incredibly appreciative of the swift work that our emergency responders undertook when shots were fired in the business district. Police, Fire, Public Works, Admin and other employees as well as the community quickly worked to provide aide to individuals on the scene and police personnel immediately began the investigation which has now led the person of interest in custody. We are grateful to the immediate and on-going support from the FBI, Lake County Major Crimes Task Force, State, area law enforcement agencies and numerous other agencies and organizations.

First Responders Wellness Center will be on site at West Ridge Center, 636 Ridge Road at 10 AM, July 5 to provide trauma support and counseling to City Staff and the City Council as well as for our Government Partners. ***All team members are welcome and encouraged to attend if comfortable.*** Please note that the opening session at 10 AM is designed specifically for those that were on the scene today. Attached are three handouts for reference and below is the schedule for services.

- ***10am, West Ridge Center – All team member who were at the Parade***
- ***11:30am, West Ridge Center - All team members who were in Highland Park today***
- ***12:30pm, West Ridge Center – All team members who would like additional support are encouraged to meet individually with a counselor from First Responders Wellness Center***

Additionally, communitywide counseling services will be taking place at the High School in a joint effort by the City, Park District, and School District 112 and 113 from 9:00 to 2:00. No appointment is necessary, but only the Vine Street entrance will be open. Anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have valid State identification to be cleared to enter the school, which is the school's standard procedure for visitors.

Human Resources will be sending out information on additional support options in the coming days.

Why Choose MotoShot Target Systems

The goal in any training event is to create a virtual reality of a situation an officer will face in the future. In reality, people out on the street, in shopping malls, and parking lots do not stand still. Both the threats and innocent bystanders are in constant movement. Training officers to observe their surroundings and observe what's beyond the target is critical. MotoShot moving targets are virtually the only way to create life-like, realistic scenarios.

One cost-effective MotoShot System can do it all!

- **Increase Expansion of Field of View**
- **Require the Officer to Move**

If we could do it earlier that would be great, but I'll take what I can get. :)

Can we say that Robert Crimo Jr., father of Robert Crimo III, ran against Mayor Rotering? Sorry to keep pestering you about that detail but it's an important one in terms of fleshing out the suspect's connection to the town and we don't just want to run with speculation. Thanks again.

To whom it may concern,

After searching a username belonging to the current suspect of the 4th of July shootings, I found a tumblr blog belonging to him that I believe shows premeditation in regards to the current attack that took place.

Blog: https://linkprotect.cudasvc.com/url?a=https%3a%2f%2falessa-ormora.tumblr.com&c=E,1,0_GUbbF5SaPmSLL9VuqfZJNiFQjlc202nitkEimQcuC9rkE6sSvsRcheHohf3CMBh4Pvq1ePqbigLEBskXUvKVgMgXYKhZN4YhjLw4Y9d24a2WlrOq6ThA,,&typo=1

I have reported it to both Tumblr and the FBI tip line but thought it wise I email you the information as well as I am in the UK and am unsure of what the proper protocols for this are.

Kind regards,

Thank you for getting back to me, Amanda. Yes, we can do the interview over Zoom.

I'm also cc'ing my colleague Emily, who leads our US bureau and is currently in Highland Park.

We are working on a report which will be running on all our programmes this evening and tomorrow. Is there any chance of speaking to the Mayor, on top of the 3:30pm interview, in person for a couple of minutes? Unless there's any chance of doing the interview earlier and we could then aim to do it on camera instead of Zoom?

Let us know what you think.

Hi -

I shared the note below with Mayor Rotering yesterday, but am confident your inboxes are overflowing. I definitely recommend sharing the mass shooting resources with your teams, and if connections to staff in other communities who have been through similar tragedies would be helpful, I am happy to make them. Sadly, you've joined a club of cities who have been through this, but everyone in that club is willing to support others.

Mayor Rotering -

We are seeing the news coming out of your community, and wanted to quickly share some resources that we know other mayors have found useful in the wake of a mass shooting.

Here is the mass shooting [protocol](#), a short doc that focuses on the first 24 hours. Additionally, here's the [mass shooting playbook](#). It's over 200 pages, but has a helpful index so you and your team can quickly jump to something you specifically need. It was developed in collaboration with mayors whose communities have experienced mass shootings.

Please let me know if there is anything else that Everytown and our network of volunteers can do to provide resources and support as you and your community respond to this tragedy. We are here to help.

Thank you for getting back to me, Amanda. Yes, we can do the interview over Zoom.

I'm also cc'ing my colleague Emily, who leads our US bureau and is currently in Highland Park.

We are working on a report which will be running on all our programmes this evening and tomorrow. Is there any chance of speaking to the Mayor, on top of the 3:30pm interview, in person for a couple of minutes? Unless there's any chance of doing the interview earlier and we could then aim to do it on camera instead of Zoom?

Let us know what you think.

Past experience has shown that communities with comprehensive and well-coordinated waste management plans recover more quickly and at a lower cost from natural and man-made disasters, making these communities more resilient. Unfortunately, planning for waste management generated as a result of chemical, biological, radiological, and nuclear incidents has been identified as a major capability gap in overall homeland security response and recovery preparedness.

EPA has developed a step-by-step online tool to help emergency planners and responders develop pre-incident waste management plans. This tool provides a framework to help managers, planners, and responders initiate plan development, providing variable degrees of assistance from simple outlines of plan contents, to providing scenario-specific waste

quantity value estimates to use in developing a plan. It also includes detailed information on waste management facilities and information on transportation options. This webinar will provide an overview of the tool and provide examples of how emergency response personnel could use the tool to start pre-incident planning today.

Subject: Reason for July 4th senseless violence...?

[EXTERNAL EMAIL]

Dear Mayor Rotering,

I am an investigator with the 53-year mental health industry watchdog Citizens Commission on Human Rights International (CCHR). I'm contacting you in regard to the tragic shooting at the parade in Highland Park yesterday.

The citizens of your community and state, reeling from yet another act of senseless mass violence, will look to its leaders for answers on what could have caused such a disregard for human life. For this reason, we are offering you a definitive report on the potential role between psychotropic drugs, documented by the U.S. FDA to cause violent-inducing side effects including mania, psychosis, aggression, suicidal and homicidal ideation, in a percentage of the people prescribed them.

This is the link to the report entitled, *Psychiatric Drugs: Create Violence and Suicide*
<https://www.cchrint.org/pdfs/violence-report.pdf>

While there may be numerous reasons for why people commit such tragic and violent acts, one aspect that has been given little attention, but is a vital element, is the role of prescribed psychotropic drugs and invasive or forced mental health treatment and the lack of recording of their use in mass acts of violence and crime. We are not saying the drugs excuse the commission of the crime, but the fact remains that a certain percent of those taking these drugs will become violent.

The 64-page report details more than 60 examples of school and mass shootings, stabbings and senseless violent acts committed by those under the influence of psychotropic drugs or experiencing serious withdrawal from them. It also provides information on more than 30 studies that link antidepressants, antipsychotics, psychostimulants, mood stabilizers and sedative hypnotics to adverse effects that include hostility, mania, aggression, self-harm, suicide and homicidal thoughts.

Some of the recommendations in the report include:

- Legislative hearings should be held to fully investigate the correlation between psychiatric treatment and violence and suicide.
- Toxicology testing for psychiatric drugs should be mandatory in cases where someone has committed a mass shooting or other serious violent crime, the information from which would become part of a national database that all branches and levels of law enforcement could access.

We are seeking your support for:

- a) An investigation into the link between psychotropic drugs, including withdrawal from them, and violence/suicide and what oversight exists for this. Investigations should also include the relationship between forced treatment and aggressive behavior.

b) The introduction of a law or regulation that requires police and/or other appropriate agencies to report on certain crimes and suicides committed by a person who was using psychotropic drugs, without violating any privacy laws.

For example, a New York Assembly Bill introduced in 2000, would have required police agencies to report to the Department of Criminal Justice Services (DCJS) on certain crimes and suicides committed by a person who was using psychotropic drugs. These crimes included assault, homicide, sex offenses, robbery offenses, firearms and other dangerous weapons offenses, kidnapping and arson.

These are essential as part of the overall strategies to address the continuing tragic acts of senseless violence in our communities.

Please contact CCHR International for any further information or assistance and we would be happy to help.

Sincerely,

Steve Wagner

Much has been learned by the hard work of investigators and the public's tips during the last 24-hours. This consists of the hard work by Highland Park Police, Major Crime Task Force Investigators, State Police, ATF, and the FBI.

Robert Crimo the 3rd is 21 and will turn 22 in September. He is a resident of Highwood.

Investigators have had opportunities to speak with numerous witnesses, some of the survivors, they have also review numerous clips of videos taken from the scene by cellphone and fixed cameras, and conducted numerous other follow-up investigations.

Based on the information we have, we believe Crimo planned this violent attack for several weeks. He brought a high-powered rifle to the parade, and accessed the roof of a business via an affixed exterior fire escape. The rifle was purchased in Illinois and by information we have thus far, it appears to have been purchased legally by Crimo.

Crimo was dressed in woman's clothing during the attack and we believe he did this to conceal his identity and facial tattoos. During the attack we believe Crimo fired more than 70 rounds into the crowd of innocent people on the parade route.

Following the attack, Crimo dropped the rifle and blended in with the crowd. He then walked to his mother's home and borrowed her vehicle. An alert member of the public saw Crimo driving on Route 41 and called 911. A North Chicago Police Officer located Crimo's car, awaited backup and initiated a traffic stop. Crimo was taken into custody in the area of Route 41 and Westleigh in Lake Forest. Another rifle was located in Crimo's vehicle.

Over 30 people were injured during the attack, not including the six who lost their lives.

Crimo remains in custody at this time and all indications point to Crimo acting on his own. The Lake County State's Attorney's Office is working closely with investigators to determine

I'd like to introduce Mayor Nancy Rotering.
