[EXTERNAL EMAIL]

Hello,

My name is Ketan Hattalli, resident of Lake County and member of HSS (Hindu Swayamsevak Sangh) a non-profit charitable organization. I am deeply saddened by the horrific attack at Highland Park Independence day parade. It would be difficult to measure its impact on those who are injured, who lost loved ones and others. Our hearts are heavy for those that lost their lives or were severely injured during this violent incident.

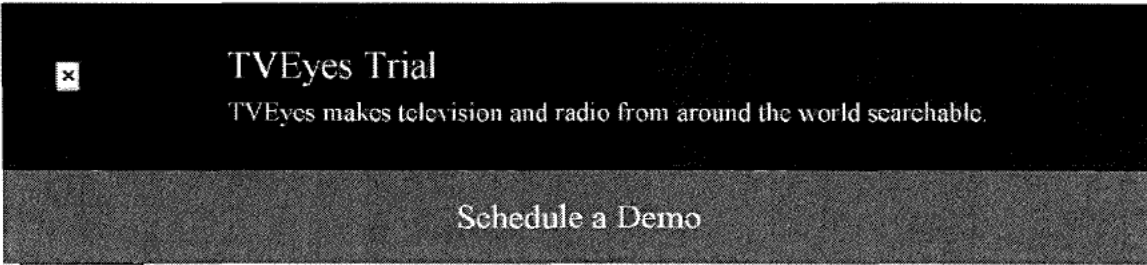

While I know many local\state\national resources and also organizations are supporting and helping the community, we would like to offer any help\support as needed. It could be food to first responders, volunteering time or any other support that is needed in these difficult times.

You can reach me at [REDACTED] or at [REDACTED] HSS would be grateful to provide any support needed.

Regards
Ketan Hattalli

Good morning Ketan,

Thank you so much for your kind offer. We currently have an overwhelming amount of food donations for our first responders and front line staff. Because of this, at this time, we kindly ask for you to hold off on any food donations.

However, if you all are looking for other ways to donate, please consider the July 4th Highland Park Shooting Response Fund. All contributions to the Response Fund will go directly to victims and survivors or the organizations that support them.

I have included a link if you choose to go this route: <https://www.hpcfll.org/july-4th-highland-park-shooting-response-fund/>

Thank you and be safe,

Hello,

My name is Ketan Hattalli, resident of Lake County and member of HSS (Hindu Swayamsevak Sangh) a non-profit charitable organization. I am deeply saddened by the horrific attack at Highland Park Independence day parade. It would be difficult to measure

its impact on those who are injured, who lost loved ones and others. Our hearts are heavy for those that lost their lives or were severely injured during this violent incident.

While I know many local\state\national resources and also organizations are supporting and helping the community, we would like to offer any help\support as needed. It could be food to first responders, volunteering time or any other support that is needed in these difficult times.

You can reach me at [REDACTED] or at [REDACTED]. HSS would be grateful to provide any support needed.

Regards
Ketan Hattalli

Message from Mayor Rotering

Yesterday we received the names of the individuals murdered in the July 4 shooting that shook our community to its core.

We will forever remember these innocent victims murdered by gun violence. May their memory be a blessing.

Katherine Goldstein (64) of Highland Park
Irina McCarthy (35) of Highland Park
Kevin McCarthy (37) of Highland Park
Jacquelyn Sundheim (63) of Highland Park
Stephen Straus (88) of Highland Park
Nicolas Toledo-Zaragoza (78) of Morelos, Mexico

A seventh victim who succumbed to injuries within Cook County. Further

information is not available at this time.

I am reaching out to the victim's families and will be joining them as they mourn. I will stand with them, attending their funerals and offering the community's sympathy and support.

Yesterday Vice President Kamala Harris stood at the site of the shooting, in our beloved downtown. She shared her support and condolences, and offered continued Federal resources. She brought a message of hope and strength.

There is no roadmap that tells us what to do next, but we cannot allow this shooting to define us. Today as we begin a new day – we do so with a renewed sense of resolve and purpose.

Each day, we will find the strength to take a step forward. No single action will heal us, but many small steps, taken together as a community will help, and each of us has a role in the healing process. Kindness matters and small actions that you take every day will help us heal. Check on your neighbors, reach out with a kind word or supportive action, continue to check the City's website and emails for updates, resources, and other information. We want you to be in touch and connected.

We will get through this together. We will move forward together. We are Highland Park strong. These are not just words on a page, these are words to live by.

Nancy R. Rotering
Mayor, City of Highland Park, IL

Healing Services

Thank you to all the faith communities who have organized vigils and shared love and prayers. The city's webpage lists vigils that we have been made aware of and resources, visit www.cityhpil.com.

The City will be organizing a community-wide vigil in the days ahead, where we can come together as one. More information will follow.

Counseling

The City of Highland Park's Police Department, District 112, District 113, the American Red Cross, and the FBI Victim Services Response Team, with additional federal and state partners, are offering counseling services to students, staff, and community members at Highland Park High School, 433 Vine Street, Highland Park, Wednesday, July 6 through Friday, July 8 from 9 a.m. to 9 p.m. each day. No appointment is necessary.

Lake County residents can also call 211 or visit 211lakecounty.org for mental health resources and referrals. If you are a mental health professional interested in volunteering your services, please fill out the provider survey at 211lakecounty.org. 211 support is available in English, Spanish, and many other languages.

Community Outreach

We are seeking the contact information of individuals injured in the shooting to help provide support. If you know the name of an individual currently in a hospital or who was injured and returned home, please share contact information and your relationship to the individual by email cityhp@cityhpil.com.

Reopening Downtown

The footprint of the crime scene in downtown Highland Park has been reduced, but a portion of our downtown remains off-limits as the FBI continues to investigate. We know this is a terribly difficult situation for our local businesses, and the City has been actively communicating with downtown business owners to share information and resources. We will reopen the area as soon as we receive clearance from Federal authorities. We know this situation is difficult and we appreciate your patience.

Please continue to avoid the secure perimeter.

Lost & Found Established

Individuals who left personal belongings at the parade outside of the secure perimeter can begin to retrieve them from the lost and found established at City Hall. Items will be available on the North Side Lawn beginning July 7 at noon.

City-Sponsored Community Events

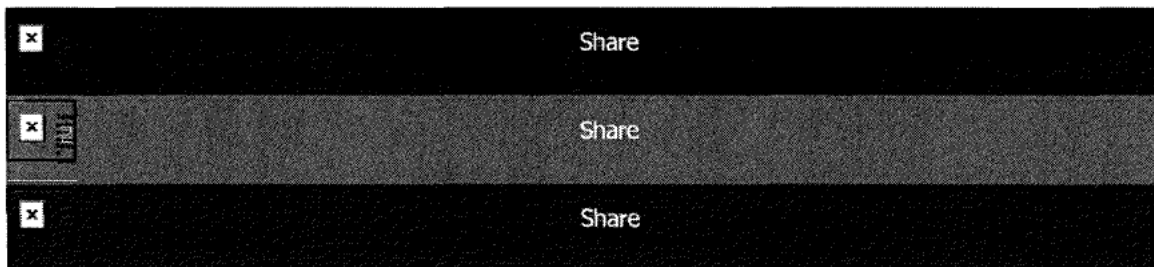

We have temporarily paused City-sponsored community events for this week and next and anticipate resuming regular programming the week of July 17. We appreciate your understanding as our resources are heavily focused on the investigation.

Donations

To help those impacted by Monday's mass shooting, the Highland Park Community Foundation has established a July 4th Highland Park Shooting Response Fund.

Here is also a [direct link to the donation form](#). If you prefer, you may send a check, payable to the Highland Park Community Foundation, to P.O. Box 398, Highland Park, IL 60035.

Please be aware of online and email solicitations for donations as they may not be legitimate. Also, protecting the privacy of victims and their families is paramount. Please be considerate when sharing information on social media, and do not share personal details about the victims or their families.

Good morning Amanda. I was wondering if you'd be the best person to reach out to in order to place announcements of these two events on your upcoming prayer vigils section of your Highland Park Strong webpage? Please see attached pdf of a prayer vigil scheduled tonight at St. James and a procession for the united parish on Saturday.

On a side note, I just wanted to also let you know that your city's website still has the alert from the July 4 police response and a notice to avoid downtown Highland Park. Didn't know if you'd intended to keep that up on the site, but thought it might have been overlooked.

Please let me know if you have any questions?

Kim,

Thank you for your helpful email. While we will never forget what happened and the impact on all our residents and visitors, we do need to help each other to heal and not let this 1 terrible individual ruin the spirit of our community.

I did want to make a suggestion for when the City decides to erect a memorial for the many victims. One of the haunting scenes is the empty chairs and strollers. I imagine that many people will decide not to retrieve them. If that happens, the City may want to incorporate these abandoned chairs, strollers, etc. in any memorial it erects. They can be stored in a warehouse until that time.

Thank you.

Joe -

I am sure you are inundated with all types of communications but I need to reach out to you by sending this.

On Monday morning after seeing you at the parade kickoff Jody and I walked the parade route as we always have and found ourselves in front of Sweet Home Gelato when the shooting started. We ducked into the doorway and then took shelter in Gearhead when the shooting ceased. The staff there was outstanding in providing shelter to many, and Jody and I (and our dog Bear) did what we could to assist.

The purpose of this email is to commend you and your entire department on their actions on Monday. I watched the entire response from Gearhead (although I should have probably moved to the basement with many others) and could not be more proud of you and your entire team as they arrived quickly and worked so very hard to deal with the tragedy that unfolded before us. I know you train for this and have seen firsthand how hard everyone in the department prepares for any situation, but events like this and HPFD's reaction demonstrates how professional our department is and how very special it is to have you all here in our city.

Obviously I wish this tragedy had never happened, but I am so very grateful that we have you and your team here to protect and care for us.

With great pride and appreciation

Dean

ARC volunteers are slightly confused about partner agencies like us and it's been mentioned by a lady here that they need to document the people coming for their disaster relief funding. [EXTERNAL EMAIL]

Good morning colleagues,

My name is Jamie Friedman and I am one of the Incident Response Managers for the FBI Victim Services Response Team. We are here helping stand up the Family Assistance Center (FAC) at Highland Park High School.

I sincerely apologize for the lack in communication about having your services at the FAC today. We have been coordinating closely with the American Red Cross to assist their efforts in setting this up as quickly as possible and have been juggling a lot. We have a great need for your support and counseling assistance here and through the weekend, so please accept our apologies for failing to get you added to the communications sooner. The American Red Cross has invited some of

their counseling contacts, but as vetted contacts by our partner Cynthia Plazas with the Highland Park PD, both our FBI team and the Red Cross are certainly extending the invitation.

Please see below for a forwarding of the email send from the American Red Cross yesterday. The FAC opens today at 12:00pm. There are rooms designated by the Red Cross for counseling purposes.

For those of you who are still available to assist today, **please reach out to me directly**. My cell phone is 202-380-8719. For those available to assist tomorrow and moving forward, please reply to this email and let me know your availability as well.

In the meantime, I will be coordinating with the American Red Cross coordinators to get you added to all communications for the FAC moving forward. Once again, our apologies for this communication and thank you so much for your willingness to help.

Dear Partner,

Sorry for the late response, it's been a busy day. Here is the information for tomorrow. As a reminder, we will be serving survivors of the deceased, survivors of those injured and those who were in close proximity to the incident. I am also attaching the notes from this morning's call, many thanks Rebecca Kumar. Partner information is listed below. Send your information to me as soon as you can.

Here are some helpful tips:

- Look for the police officers in the lot. Let them know you are a partner and they will direct you where to park. Please park as far away from the door as possible. We want the clients to be able to park as close to the door as possible.
- Please bring an ID. When you enter the building, there will be a police officer at the door. Let the officer know that you are there to provide services or volunteer
- When you enter, there will be a partner sign in sheet. Please sign in and out.
- Bring all supplies and anything you might need to do your work with you. We cannot provide pens, notebooks etc. If you have handouts in Spanish, please bring those as well as we are expecting some Spanish speakers.
- There will be comfort dogs at the center each day for you to use with your clients.
- Food will be provided to you as well as water and drinks. Please feel free to bring your own if you wish.
- There may be periods of sitting and waiting or there may be periods when you will be busy. We don't know what to expect, but being present for the community speaks volumes and your presence is appreciated.
- Know that things may change as the week progresses. Flexibility is key.
- Please make sure that someone is at your table for the entire duration of the event on each day.
- On Wednesday, arrive by 11:00 am to set up
- As a reminder, no uniforms and please wear soft colors.

Subject: AEAP

From the website (<https://ovc.ojp.gov/program/antiterrorism-and-emergency-assistance-program-aeap/overview>):

"AEAP grants are available by OVC invitation only. Shortly after an event, OVC will contact officials in the state or jurisdiction where the incident occurred to discuss the scope of victims' needs and explain what resources may be available.

OVC encourages potential applicants to coordinate victim-related activities with organizations such as—

- state emergency preparedness agencies;
- state mental health agencies;
- local chapters of the American Red Cross and United Way; and
- federal, state, local, and/or Tribal law enforcement and prosecutors' offices.

In most instances, OVC will make only one award for each incident with the grantee assuming overall responsibility for coordination of grant activities with subgrantees."

There are 4 types of grants:

Crisis Response Grants

(emergency, short-term, and up to 9 months)

The grants help victims build adaptive capacities, decrease stressors, and reduce symptoms of trauma immediately following an incident.

Consequence Management Grants

(ongoing, long-term, and up to 18 months)

These grants help victims recover and regain their ability to function.

Criminal Justice Support Grants

(ongoing, long-term, and up to 36 months)

These grants facilitate victim participation in investigations or prosecutions directly related to the incident.

Crime Victim Compensation Grants

(available during or after the crisis phase)

These grants reimburse victims for out-of-pocket expenses related to their victimization through state crime victim compensation programs.

They have a toolkit for helping communities respond to victims of mass violence: <https://ovc.ojp.gov/sites/g/files/xyckuh226/files/pubs/mvt-toolkit/index.html>

Examples of Community Uses for AEAP Funding From OVC		
Crisis counseling	Emergency food and clothing	Compensation for medical and mental health costs, lost wages, and funeral expenses
Needs assessments and planning	Repatriation of remains	Cleaning and return of personal effects
Protocols for coordination and collaboration	Victim advocacy, outreach, and education	Support for victim participation in criminal justice proceedings
Emergency transportation and travel	Victim notification systems	Child and dependent care
Temporary housing assistance	Vocational rehabilitation	Limited victim-service related law enforcement overtime expenses such as death notifications, victim advocates, crime scene cleanup, and explaining the crime scene to the family

Other Federal Assistance

The Federal Bureau of Investigation (FBI) is uniquely suited to provide emergency assistance to victims of domestic terrorism and mass violence because of its national scope and extensive experience in responding to victims of these crimes. Through its Victim Assistance Rapid Deployment Team, the FBI expands the capacity to support victims and operations in the aftermath of a terrorist or other mass casualty crime.

Visit the FBI's [Victim Services Division](#) for more information about the Federal and Special Jurisdictions Program.

Message from Mayor Rotering

Yesterday we received the names of the individuals murdered in the July 4 shooting that shook our community to its core.

We will forever remember these innocent victims murdered by gun violence. May their memory be a blessing.

Katherine Goldstein (64) of Highland Park
Irina McCarthy (35) of Highland Park
Kevin McCarthy (37) of Highland Park
Jacquelyn Sundheim (63) of Highland Park
Stephen Straus (88) of Highland Park
Nicolas Toledo-Zaragoza (78) of Morelos, Mexico

A seventh victim who succumbed to injuries within Cook County. Further information is not available at this time.

I am reaching out to the victim's families and will be joining them as they mourn. I will stand with them, attending their funerals and offering the community's sympathy and support.

Yesterday Vice President Kamala Harris stood at the site of the shooting, in our beloved downtown. She shared her support and condolences, and offered continued Federal resources. She brought a message of hope and strength.

There is no roadmap that tells us what to do next, but we cannot allow this shooting to define us. Today as we begin a new day -- we do so with a renewed sense of resolve and purpose.

Each day, we will find the strength to take a step forward. No single action will heal us, but many small steps, taken together as a community will help, and each of us has a role in the healing process. Kindness matters and small actions that you take every day will help us heal. Check on your neighbors, reach out with a kind word or supportive action, continue to check the City's website and emails for updates, resources, and other information. We want you to be in touch and connected.

We will get through this together. We will move forward together. We are Highland Park strong. These are not just words on a page, these are words to live by.

Mayor, City of Highland Park, IL

Healing Services

Thank you to all the faith communities who have organized vigils and shared love and prayers. The city's webpage lists vigils that we have been made aware of and resources, visit www.cityhpil.com.

The City will be organizing a community-wide vigil in the days ahead, where we can come together as one. More information will follow.

Counseling

The City of Highland Park's Police Department, District 112, District 113, the American Red Cross, and the FBI Victim Services Response Team, with additional federal and state partners, are offering counseling services to students, staff, and community members at Highland Park High School, 433 Vine Street, Highland Park, Wednesday, July 6 through Friday, July 8 from 9 a.m. to 9 p.m. each day. No appointment is necessary.

Lake County residents can also call 211 or visit 211lakecounty.org for mental health resources and referrals. If you are a mental health professional interested in volunteering your services, please fill out the provider survey at 211lakecounty.org. 211 support is available in English, Spanish, and many other languages.

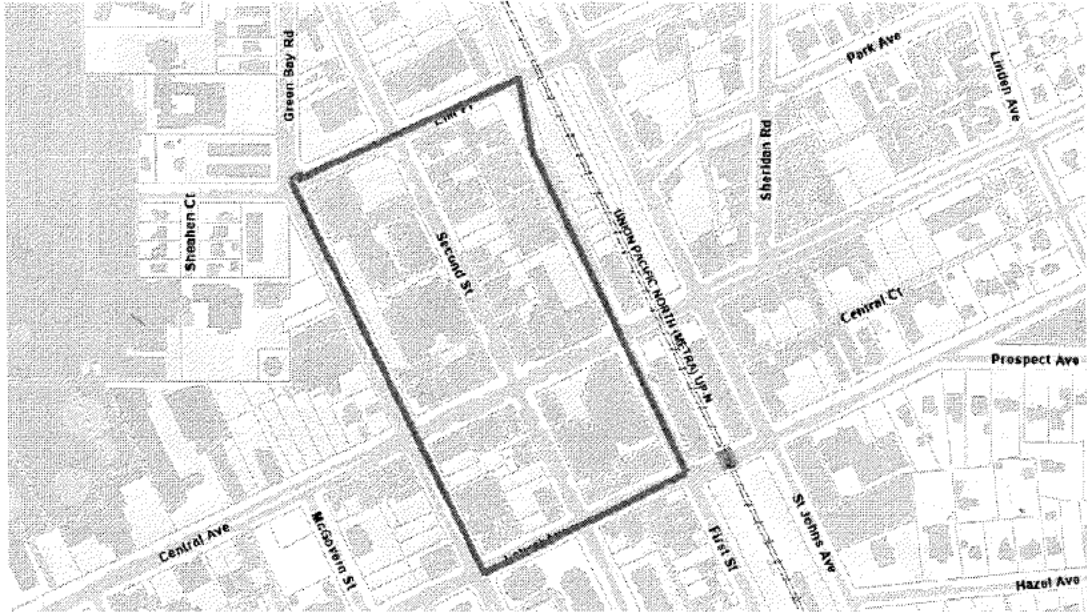

Community Outreach

We are seeking the contact information of individuals injured in the shooting to help provide support. If you know the name of an individual currently in a hospital or who was injured and returned home, please share contact information and your relationship to the individual by email cityhp@cityhpil.com.

Reopening Downtown

The footprint of the crime scene in downtown Highland Park has been reduced, but a portion of our downtown remains off-limits as the FBI continues to investigate. We know this is a terribly difficult situation for our local businesses, and the City has been actively communicating with downtown business owners to share information and resources. We will reopen the area as soon as we receive clearance from Federal authorities. We know this situation is difficult and we appreciate your patience.

Please continue to avoid the secure perimeter.

Lost & Found Established

Individuals who left personal belongings at the parade outside of the secure perimeter can begin to retrieve them from the lost and found established at City Hall. Items will be available on the North Side Lawn beginning July 7 at noon.

City-Sponsored Community Events

We have temporarily paused City-sponsored community events for this week and next and anticipate resuming regular programming the week of July 17. We appreciate your understanding as our resources are heavily focused on the investigation.

To help those impacted by Monday's mass shooting, the Highland Park Community Foundation has established a July 4th Highland Park Shooting Response Fund.

Here is also a [direct link to the donation form](#). If you prefer, you may send a check, payable to the Highland Park Community Foundation, to P.O. Box 398, Highland Park, IL 60035.

Chief and Staff,

While I am not your RPC anymore since Jim Hutton's return and my moving to a different Region, I wanted to reach out nonetheless since I still feel connected to all of you and I am still living in the area.

Of course, I cannot even imagine what all of you are going through over there, other than knowing it's been *every* Department's worst fear our entire careers.

Just know that my heart is with all of you and every member of your Department. To say the usual "thoughts and prayers" and general sympathies just seems meaningless.

The truth is that there are NO words...

I will say that you Chief, and everyone on your Department has been an example to all of us that we will never forget. The level of Professionalism, caring and just plain great Police Work in the most extreme type of incident and hard times, is nothing short of inspiring. I'm sorry that it had to be YOU all, but the truth is it may have been much worse somewhere else had it not been for you and your Team.

God Bless you all today and in the days ahead... (including all the members of your Community, victims and "non-victims".)

Of course you know that if there's anything I can ever do personally I am still here for you...

Sincerely,

JE

Sunday, July 10 at 4:00 p.m.

Candlelight Vigil planned tonight at 7:45 PM at Sunset Woods, coordinated by Jordana Hozman and Liza Tack. I spoke to the organizer as did Commander O'Neill. We are encouraging individuals to coordinate vigils inside given that our resources are focused on the investigation and still managing the the community. We are also depleting the generosity of our neighboring law enforcement agencies as we have a minimum of 12 different agencies providing support each day. I also spoke to Brian Romes and indicated that we are not issuing any special event permits at this time, particularly if the request is to close roadways or manage events. The group intends to move forward at Sunset park tonight but they agreed not to march around the downtown. **They are also planning another event Saturday afternoon tentatively.**

To the City Manager or Whom it May Concern,

I wanted to ask is there is any official fund set up to help support the victims of yesterday's shooting. I pastor a church in Northbrook and our clergy association is discussing ways that we might respond. We are praying for you during this time.

Thank you for all that you are doing for your community. Our sincerest condolences to you.

Hello,

Under the Illinois Freedom of Information Act (5 ILCS 140), I am requesting access to ALL video and audio related to the mass shooting at the Highland Park 4th of July parade in 2022.

I understand HIPAA laws may require redaction to some documents. Should heavy redaction be necessary, please contact me to discuss prior to fulfilling the request.

In order to help you determine my status for the purpose of assessing fees, you should know that I am a representative of the news media affiliated with WTMJ TV in Milwaukee, Wisconsin and this request is made as part of news gathering and not for commercial use.

I am willing to pay fees for this request up to a maximum of \$50. If you estimate that the fees will exceed this limit, please inform me first.

I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and this medical facility and is not primarily in my commercial interest.

I request that the information I seek be provided in electronic format, and I would like to receive it via email if possible.

I ask that my request receive expedited processing because I am a journalist working on deadline.

Good morning team. Feel free to funnel all requests for donation or volunteering through Aaron and myself. We have begun to compile a list. I have drafted a rough e-mail template for donation or volunteer response, below. Feel free to edit to better cater to the nature of each individual request.

Dear <ENTER NAME>

Thank you for thinking of us during this time of healing and recovery. The awe-inspiring community response has been truly humbling. As a result of the overwhelming volume of donation and volunteer requests received for our first responders and support staff, the City is kindly asking all current donation and volunteer requests directed to the City be postponed to a later date or be offered to a community organization that can benefit in the immediate.

If you all are looking for other ways to donate, please consider the July 4th Highland Park Shooting Response Fund. All contributions to the Response Fund will go directly to victims and survivors or the organizations that support them. I have included a link if you choose to go this route: <https://www.hpcf.org/july-4th-highland-park-shooting-response-fund/>

We have also added your name and request to assist to our compiled donation and volunteer request list. Should the need arise in the coming days or weeks, we will reach back out to coordinate with you.

Thank you again for your support. We are all **Highland Park Strong**.

Dear Mayor Rotering:

On behalf of the entire organization of 170 mayors of the Great Lakes and St. Lawrence Cities Initiative, we wish to extend our sympathies to your community and offer our full support.

What you experienced on Monday in Highland Park is an unspeakable act of gun violence. The senseless loss of life has become too commonplace in North America, and we are deeply saddened that Highland Park has joined the growing list of communities affected by gun violence.

Our communities share a sense of solidarity with Highland Park as residents of the Great Lakes basin. We want to assure you that we are here to lend a hand in this time of need, and to work with you to build safer communities free of gun violence.

On a personal note, we know that what you have experienced over the last few days is an ultimate testament to your service to your community. We are in awe of your composure and leadership in the face of this tragedy.

Please don't hesitate to reach out to me or any of our board members directly if you need anything.

Sincerely,

Ramesh, the staff from LRS was spectacular. We were able to get all of the garbage cans we needed to get empty done quickly. In addition they were able to get a truck to empty Walker Brothers garbage. I wanted to thank each of you for your quick response.

Yes, Matthew. I have copied Bill Brennan on this
particular dumpster.

Please have LRS circle the streets around the
secured zone (see attached map) to collect
overflow garbage cans. The two in particular are on
St Johns and Central, southwest corner. All the
roads on the perimeter of the secured zone and
open, and garbage cans are overflowing. Please
have them empty out ASAP.

Matthew,

I am following up the message I had left regarding an overflow dumpster pickup. As you can imagine, emergency personnel are working non-stop at the tragedy site to work through various aspects of the investigation. We do have a dumpster is located within the cordoned off perimeter of downtown Highland Park to be picked up.

The dumpster is located on Second St, just north of Laurel Ave. You will need to enter through Laurel Ave, and check in with FBI to enter the secured zone. I have copied Battalion Chief Bill Brennan who can assist LRS to get to the dumpster location.

If you need additional information please let us know.

Thanks,

He became such when he co signed his FFL form. That act says he endorses his son's competence.

Good morning Ghida,

I had planned on drafting my response on Tuesday morning, but as you know this became a low priority on the list due to Monday's tragic event. Having this agreement as a starting point is very helpful. I was happy to see items in the agreement that I had not thought of defining.

My comments are below:

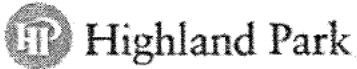

- My assumption is that we will be mirroring the agreement with our information and amendments.
- 2.2 Northbrook mentions the interstate roadway. I had reservations about Route 41 when Dr. Feinzimer and I discussed it originally. I do not think that it is appropriate for him to respond to incidents on 41 unless requested.
- 2.10 I am assuming that means that he should not be teaching procedures as paramedics are working on patients? If I don't understand it, he may not either. The intent should be clearer.
- After further reflection, I do not think that Dr. Feinzimer should have a radio. His communications would likely be confusing for dispatch and may interfere with emergency radio transmission.

Feel free to reach out to me with questions or concerns.

Thank you.

[EXTERNAL EMAIL]

WRONG Mayor Roterling!

IN & MO are **NOT** to blame for what Crimo did!

He did not acquire his guns from any out of state source. **IL failed!** Liberals failed by way of closing Mental Facilities which "MAY" have been able to help him.

Quit Lying & trying to pull a "**BRANDON**" where everything is the fault of someone else!

BRANDON (biden) takes fault for nothing!

When "**HE**" *killed Americans* in Afghanistan, he said essentially that there was "*No other way to do it.*" (a.k.a. It's not my fault!)

His failure to secure the US Southern Border he blamed upon President Trump's policies, but they are because he didn't continue President Trump's policies!

His failures with the supply chain & inflation are **NOT** the fault of President Trump, Covid, the War in Ukraine or because of Putin! They are because of his ability & because of his **EXTREMELY** inflationary spending (too many dollars chasing too few products).

BRANDON is to blame for **BRANDON's failures** & **Illinois** is to blame for **Illinois' failures!**

As a State "**YOU**" failed the people at YOUR 4th of July parade! Prior to that "**YOU**", as a state "**YOU**" failed this kid, Crimo.

QUIT trying to blame others! **Illinois failed.**

Grow-up & quit pulling a "**BRANDON!**"

We will discuss how to analyze and mitigate risks to ensure the safety of individuals working in confined spaces; emergency response risk management model explanation; the importance of having a well-trained rescue team—whether in-house or third-party or both, based on your risk analysis; and the cost of proper equipment and training as well as other costs associated to developing an effective Permit-Required Confined Space Entry and Rescue program.

Attendees will learn:

1. Explanation of emergency response risk management model
2. How to perform a risk analysis for 1910.146 permit required confined spaces
3. How to help mitigate the risks with training and equipment

Good morning,

I know that each and every one of us is thinking about and praying for Cooper and his family as they navigate through their injuries and recoveries. With permission from the family, I am sharing information that has been posted on the go fund me page. We have learned that Cooper was shot in the chest, his spinal cord was severed, and he remains in critical condition. After being Life Flighted to a hospital in Chicago earlier this week, Cooper has undergone several surgeries, and he is fighting as hard as he can. His family and loved ones remain hopeful that he will be ok.

Please continue to pray for Cooper and his family. They are so appreciative of all the love and support they are receiving from the Braeside and 112 community.

With love,
Jamie

The family asks for prayers.

We will share more information as we can!

Wow, you are becoming eloquent in your later years! Some things rub off I guess. LOL

On a serious note, everyone did a great job with a terrible situation. Having the right people like you in the right job is a key to success. You may have stubbed your toe at times but I watched you make difficult decisions and stand by them. I appreciated and recognized that. Remember, everyday was an assessment with me.

I wish you continued success and know that I am here for you if I can be of service. I still use my previous number.

All the best and thanks for the kind words,

Paul

PS Having been through some heart rendering situations, I know to say to you to please keep an eye on your coworkers. Some will have difficulty dealing with this and need some extra help , even after attending critical incident debriefings.

DAYWATCH

Good morning, Chicago.

Days after a mass shooting that killed seven people, how does a community like Highland Park begin to heal? How and when does it begin to go back to “normal?”

At the same time that a judge held the alleged shooter held without bail on seven counts of first-degree murder on Wednesday, people in Highland Park were still processing what happened two days earlier.

Silvia Schneider Fox and her daughter placed red roses at a makeshift memorial along Central Avenue. “I keep thinking, ‘How will I be able to bring myself to walk this block?’” she said.

“I can’t even glance into town,” said Sherry Levin. “It’s so traumatic. It’s so deep.”

“They robbed this town of innocence. They’ll rebuild — yeah, of course, it’s Highland Park — but it’s going to be hard,” Marlena Jayatilake said.

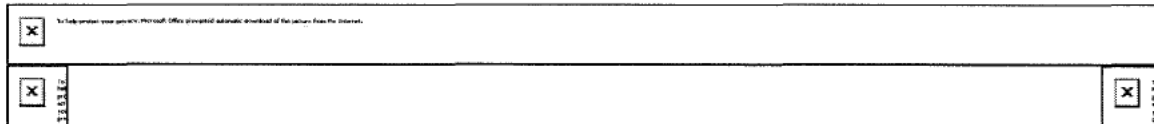

What was usually an upbeat Wednesday Evening Market in Highwood was converted into a candlelight vigil as the city showed its support for those affected by Monday’s mass shooting. Neighbors hugged and gathered in small circles around the park to talk, a blend of conversations in Spanish and English.

See stirring photos from the vigils and prayer services held in the wake of the Highland Park mass shooting.

1 Highland Park shooting: No bail for accused shooter, who authorities say also considered 2nd attack in Wisconsin

THURSDAY, JUL 7

A Lake County judge ordered Robert E. “Bobby” Crimo III, accused of carrying out the rooftop massacre at Highland Park’s Independence Day parade, held without bail on seven counts of first-degree murder.

Just after the hearing, Lake County Deputy Sheriff Chris Covelli dropped a startling new allegation, telling reporters Crimo happened upon a “celebration” in the Madison, Wisconsin, area after fleeing Highland Park and “seriously contemplated using the firearm he had in his vehicle to commit another shooting.”

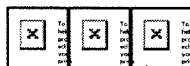

2 Highland Park police ‘clear and present danger’ warning insufficient to keep alleged parade shooter from purchasing rifle, state police say

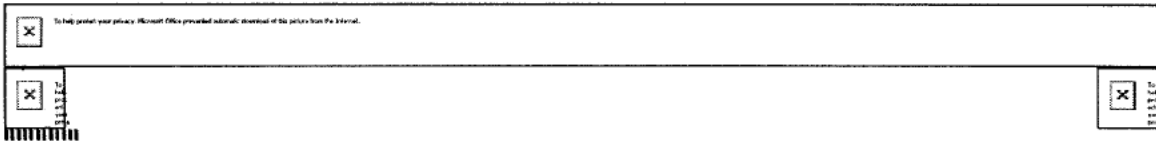

THURSDAY, JUL 7

Two days after a mass shooting at the Highland Park Independence Day parade shocked the country and put renewed focus on weaknesses in Illinois’ gun laws, authorities continued to hash out how alleged gunman Robert Crimo III apparently bought a high-powered rifle despite troubling episodes in his background.

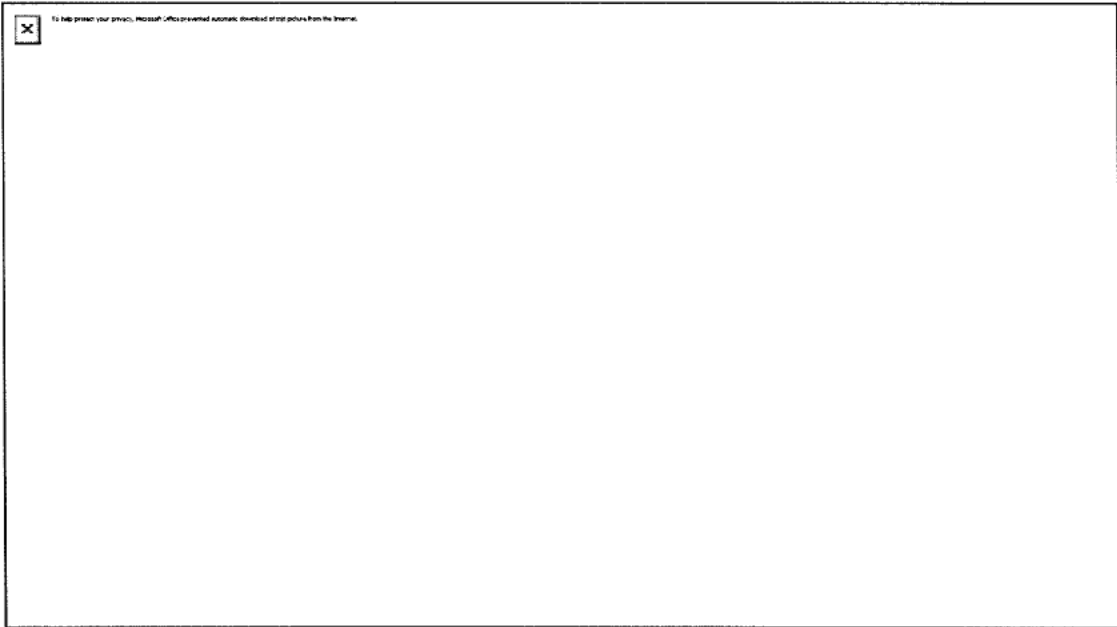

A 2019 report from Highland Park police warning that Crimo could pose a “clear and present danger” did not meet standards to declare him an imminent threat, said representatives of the Illinois State Police, which administers permits. And nothing under current law would have stopped them from issuing him a gun permit a few months later, ISP Director Brendan Kelly told reporters Wednesday.

Crimo went on to legally obtain several firearms — including the rifle he allegedly used to shoot dozens of people at the Highland Park parade this week.

3 Family of Eduardo Uvaldo, the seventh victim in Highland Park shooting, 'prayed for a miracle'

THURSDAY, JUL 7

The family of Eduardo Uvaldo, 69, prayed for a miracle after the grandfather was shot while attending the Highland Park Fourth of July parade Monday morning. His daughters, on social media, pleaded with others to join them in prayer, sharing a photo of Uvaldo sitting in front of the Louvre in Paris, wearing a blue shirt and a soft smile.

But Uvaldo didn't make it and on Wednesday morning, requests for prayers for a miracle turned into prayers for strength for the family he leaves behind. Uvaldo died just before 8 a.m. Wednesday at Evanston Hospital, surrounded by his family, said Jackie Tapia, a close family friend.

4 They helped people during the Highland Park shooting. But they don't want praise: 'I did what anyone else would have done'

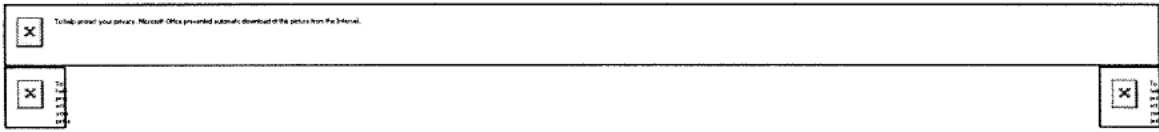

THURSDAY, JUL 7

When Lindsay Meltzer ushered approximately 100 people into the basement of Bright Bowls — the business she has operated on Central Avenue — to escape a gunman in downtown Highland Park on July 4, she did not think she was doing anything special. “I did what anyone else would have done,” Meltzer said.

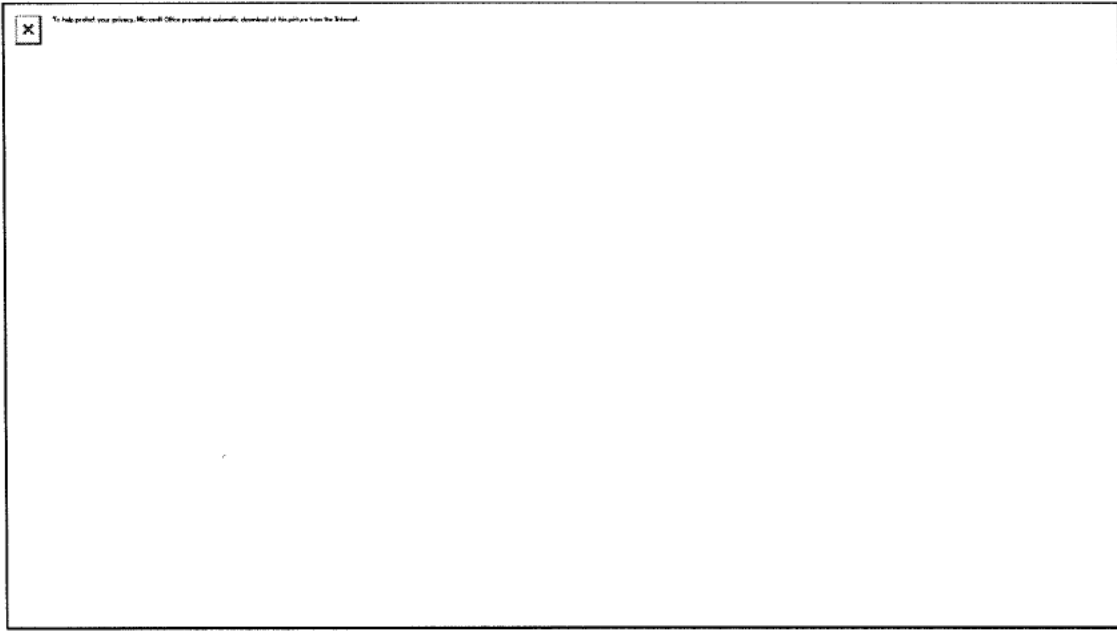

Highland Park Mayor Nancy Rotering considers such people, who went out of their way to aid others as a gunman was firing into the crowd on Central Avenue between First and Second streets Monday, more than worthy of praise.

THURSDAY, JUL 7

Patrick Daley Thompson, former 11th Ward alderman and scion of the Daley political dynasty, was sentenced to four months in prison for tax evasion and lying to banking regulators.

The decision by U.S. District Judge Franklin Valderrama made Thompson the first member of the Daley family to go to prison — a prospect that would have been unfathomable to many when the family was at its political zenith.

THURSDAY, JUL 7

“Right now, it can feel like the walls are closing in,” Nina Metz writes. “The coronavirus persists and keeps mutating. Incomes haven’t kept pace with soaring expenses. Rights and protections are being rolled back, with the promise of more to come. Another Black person killed by police. Another gun massacre. I could go on.

THURSDAY, JUL 7

A Lake County judge ordered Robert E. “Bobby” Crimo III, accused of carrying out the rooftop massacre at Highland Park’s Independence Day parade, held without bail on seven counts of first-degree murder.

Just after the hearing, Lake County Deputy Sheriff Chris Covelli dropped a startling new allegation, telling reporters Crimo happened upon a “celebration” in the Madison, Wisconsin, area after fleeing Highland Park and “seriously contemplated using the firearm he had in his vehicle to commit another shooting.”

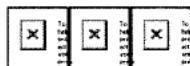

2 Highland Park police ‘clear and present danger’ warning insufficient to keep alleged parade shooter from purchasing rifle, state police say

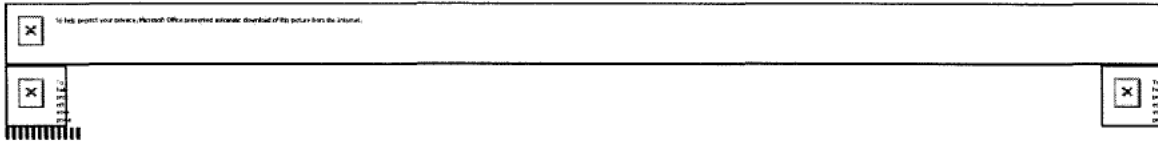

THURSDAY, JUL 7

Two days after a mass shooting at the Highland Park Independence Day parade shocked the country and put renewed focus on weaknesses in Illinois’ gun laws, authorities continued to hash out how alleged gunman Robert Crimo III apparently bought a high-powered rifle despite troubling episodes in his background.

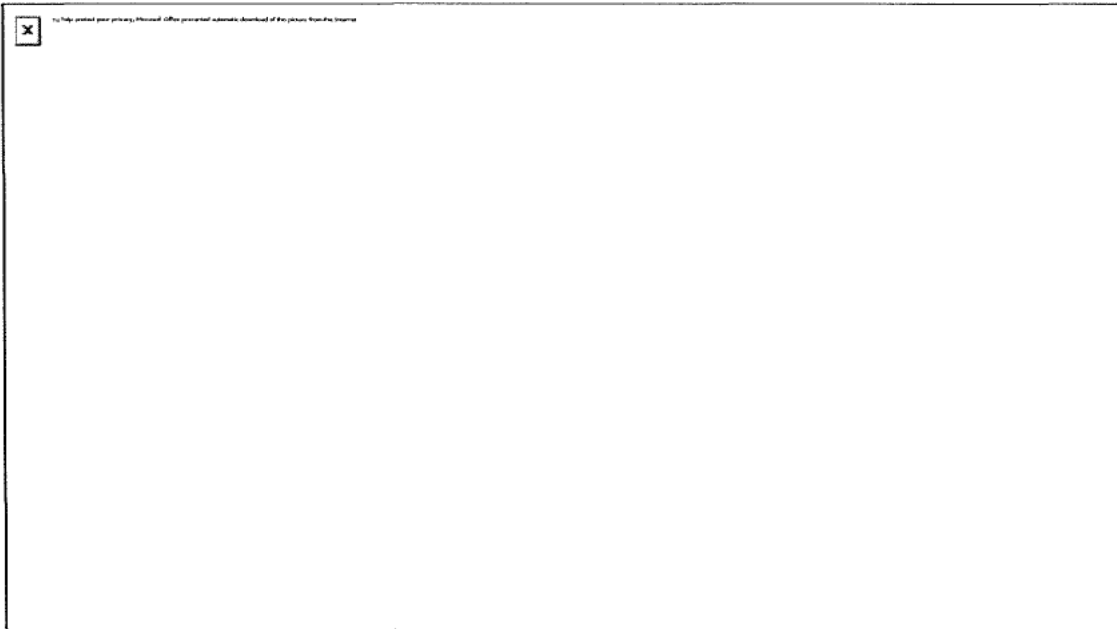

A 2019 report from Highland Park police warning that Crimo could pose a “clear and present danger” did not meet standards to declare him an imminent threat, said representatives of the Illinois State Police, which administers permits. And nothing under current law would have stopped them from issuing him a gun permit a few months later, ISP Director Brendan Kelly told reporters Wednesday.

Crimo went on to legally obtain several firearms — including the rifle he allegedly used to shoot dozens of people at the Highland Park parade this week.

Family of Eduardo Uvaldo, the seventh victim in Highland Park shooting, 'prayed for a miracle'

THURSDAY, JUL 7

The family of Eduardo Uvaldo, 69, prayed for a miracle after the grandfather was shot while attending the Highland Park Fourth of July parade Monday morning. His daughters, on social media, pleaded with others to join them in prayer, sharing a photo of Uvaldo sitting in front of the Louvre in Paris, wearing a blue shirt and a soft smile.

But Uvaldo didn't make it and on Wednesday morning, requests for prayers for a miracle turned into prayers for strength for the family he leaves behind. Uvaldo died just before 8 a.m. Wednesday at Evanston Hospital, surrounded by his family, said Jackie Tapia, a close family friend.

4 They helped people during the Highland Park shooting. But they don't want praise: 'I did what anyone else would have done'

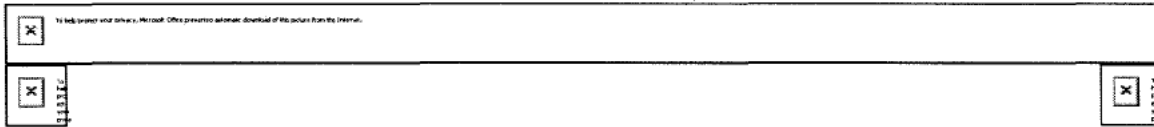

THURSDAY, JUL 7

When Lindsay Meltzer ushered approximately 100 people into the basement of Bright Bowls — the business she has operated on Central Avenue — to escape a gunman in downtown Highland Park on July 4, she did not think she was doing anything special. “I did what anyone else would have done,” Meltzer said.

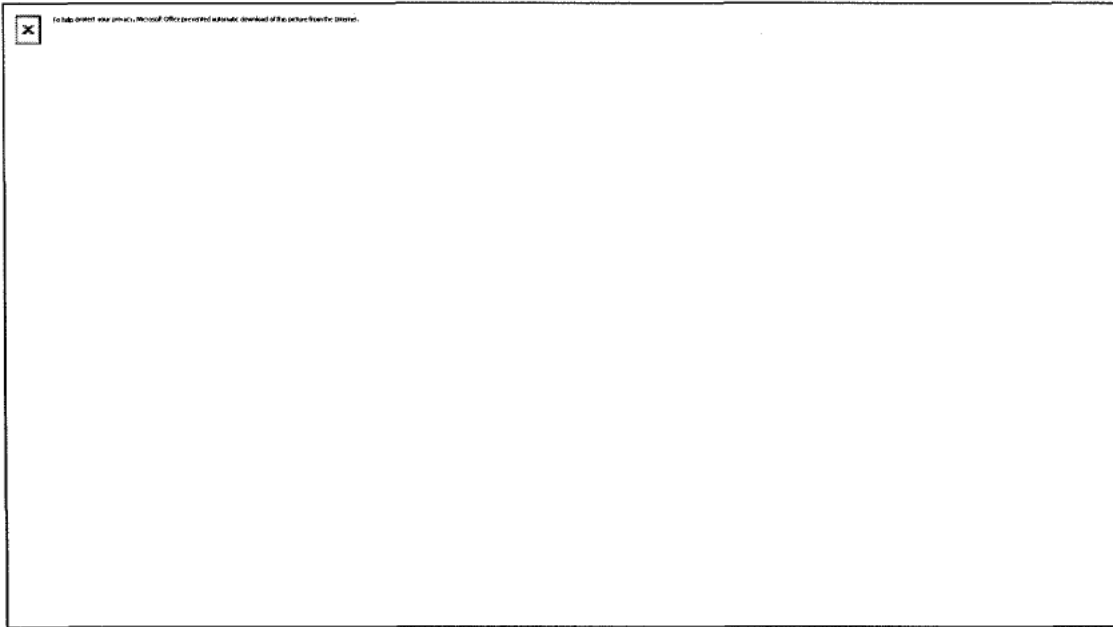

Highland Park Mayor Nancy Rotering considers such people, who went out of their way to aid others as a gunman was firing into the crowd on Central Avenue between First and Second streets Monday, more than worthy of praise.

THURSDAY, JUL 7

Patrick Daley Thompson, former 11th Ward alderman and scion of the Daley political dynasty, was sentenced to four months in prison for tax evasion and lying to banking regulators.

The decision by U.S. District Judge Franklin Valderrama made Thompson the first member of the Daley family to go to prison — a prospect that would have been unfathomable to many when the family was at its political zenith.

You dumb asshole. You can't buy a gun in a different state and walk out with it. The gun has to shipped to an FFL in the buyer' state and then must pass a background check. Illinois already has laws on the books that would have prevented the Highland Park shooting. You are just too stupid to know that. Mayor seems like fitting job for you. Do nothing on the tax payers dime. Illinois produces freaks like that shooter and there were red flags all over but no one from your shit hole state acted on them. 19 knives and threatening to kill your family is good reason not pass the back ground check. Why didn't Illinois act on that. Because your state blows and shitty little town blows. Full of liberal aholes like yourself. Next time you spout your brat stuffing mouth on national TV check the facts stupid.

Good morning,

I wanted to check in to see if we can add the name of the 7th victim to the Mayor's update https://www.cityhpil.com/news_detail_T21_R905.php or get that information up on our website somewhere?

The seventh victim of the mass shooting was identified by the Cook County Medical Examiner as 69-year-old Eduardo Uvaldo of Waukegan, Illinois.

I couldn't easily identify the names of victims from our website. Maybe we can add an In Memoriam to the top of this page? Add text in yellow?

https://www.cityhpil.com/resident/highland_park_strong.php

The City of Highland Park is heartbroken by the tragic shooting at the Independence Day Parade on July 4, 2022. As a community, we all share in grieving those who were killed or injured, and our hearts are with their loved ones.

May their memories be a blessing:

Kevin McCarthy (37) of Highland Park

Jacquelyn Sundheim (63) of Highland Park

Stephen Straus (88) of Highland Park

Hi Ghida,

During a mass casualty incident, we do not do ambulance reports. The patients are just transported and notes are made in the NFIRS report regarding how many were transported. This is a non-issue. We do not even have the information to be able to bill them. I forgot about that when I asked the question. Sorry.

Thank you.

Have your political representatives to request that sanctions be placed on gun manufacturers, their family members and their parts suppliers whenever a particular type of weapon is used in a mass shooting. Extreme crimes require extreme measures. We know that sanctions are doable and aren't something that have to be voted on. Our elected leader need to be held accountable and to be able to look beyond the next election cycle. Just because someone thinks of a solution before they do doesn't mean its a bad idea.

NJ Governor Signs 7 New Gun Laws

New Jersey Star-Ledger   (7/5, Johnson) reports that New Jersey Gov. Phil Murphy “on Tuesday signed seven bills into law that further tighten New Jersey’s already stringent gun regulations and vowed to seek even more measures while the state navigates a recent U.S. Supreme Court decision loosening restrictions on carrying a concealed firearm.” The article notes that the new laws “will mandate people receive firearm training to get a gun permit, ban .50 caliber weapons, make it easier to sue gun manufacturers and dealers over gun crimes in the state, stipulate new residents coming from other states register firearms, require micro-stamping technology, regulate handgun ammunition, and crack down on ‘ghost guns.’” During Tuesday’s remarks, Gov. Murphy noted that since the bills were first proposed, 15 months ago, “there have been 1,271 shootings in New Jersey...leading to 291 deaths.” According to data from the Giffords Law Center, the state of New Jersey has “the second-strongest gun laws in the U.S., after California.”

The IACP is now accepting workshop proposals for the 2022 Officer Safety and Wellness (OSW) Symposium. The

Symposium will take place March 3-5 in Anaheim, California.

Chief: Richmond Police Department Stopped Planned Mass Shooting

The AP  (7/6, Lavoie) reports the Richmond Police Department in Virginia “thwarted a planned July 4 mass shooting after receiving a tip that led to arrests and the seizure of multiple guns,” according to Richmond Police Chief Gerald Smith. The Washington Post  (7/6) reports, “Officers in Virginia’s capital have made multiple arrests and recovered firearms, according to a police department news release.”

Gunman In Fourth Of July Massacre Held Without Bail After Confessing To Police

The Wall Street Journal  (7/6, Belkin, Barrett, Subscription Publication) reports Robert E. Crimo III – the accused gunman in the shooting at Highland Park’s Fourth of July parade – was ordered held without bail after a hearing in Illinois state court on Wednesday. According to prosecutors at the hearing, Crimo confessed to carrying out the deadly mass shooting at Highland Park’s Fourth of July parade.

Gunman’s Ability To Acquire Firearms Raises Questions About Illinois “Red Flag” Law. The New York Times  (7/6, A1, Smith, Chiarito) reports, “How a young man who had sent troubling signals managed to” acquire the semiautomatic rifle used in the Highland Park shooting has emerged as “a question that is haunting not only the survivors of Monday’s deadly massacre. ... It is also a question of federal importance, coming just days after President Biden signed into law the most significant gun legislation passed in decades.” Reuters  (7/6, O’Brien, Gorman) reports that on Tuesday, officials revealed Robert Crimo “slipped past the safeguards of an Illinois ‘red flag’ law designed to prevent people deemed to have violent tendencies from getting guns.”

US Attorney General Praises Federal Operation Resulting In Arrest Of 1,500 In Large Cities

The Washington Post  (7/6, Nakamura) reports, “Attorney General Merrick Garland on Wednesday hailed a month-long federal operation that led to the arrest of 1,500 fugitives, sex offenders and gang members in 10 large US cities.” Operation North Star, led by the US Marshals Service targeted “municipalities with high rates of homicides and gun violence, including Washington, DC, Chicago, New York, Los Angeles and Baltimore,” as well as “Houston, Indianapolis, Memphis, New Orleans and Philadelphia.” The operation focused on “those who committed the most violent offenses, prioritizing suspects who used firearms.”

The Wall Street Journal  (7/6, Gurman, Subscription Publication) reports those arrested include a suspect in a June shooting in Philadelphia that left three people dead and 11 injured; a man accused of injuring a 7-year-old girl in a drive-by shooting in New York; and a man who allegedly killed two women at a party in South Carolina.

Wisconsin Supreme Court Rules Trafficking Victim Can Argue She Killed Abuser As A Result Of Exploitation

The [Washington Post](#) (7/6, Contrera) reports that on Wednesday, the Wisconsin Supreme Court ruled that Chrystul Kizer – a Black woman who, while still a teenager, “killed her sexual abuser may have the chance to be acquitted of all charges.” The Post explains Kizer is “facing life in prison” and “does not deny killing 34-year-old Randall Phillip Volar III in 2018.” Instead, “she has been fighting for the opportunity to show evidence to a judge, and eventually a jury, that her actions were the ‘direct result’ of the exploitation and abuse Volar subjected her to.” The court ruled that such evidence could be “a complete defense to a charge of first-degree intentional homicide.”

San Francisco To Create Pilot Program Removing Police From Low-Level 911 Calls About Homelessness

The [San Francisco Chronicle](#) (7/6, Moench) reports, “San Francisco plans to create a six-month pilot program to have community workers instead of police respond to low-level emergency calls about homelessness – a year after supervisors set aside \$3 million for the initiative,” but “the program is still up to a year away from launching.” Mary Ellen Carroll, who directs “the Department of Emergency Management, told The Chronicle that the funding set aside last year wasn’t allocated to her department, which runs 911 and will oversee the program, until a new budget passed this year. The city will soon issue a request for proposals to have a nonprofit organization run the program, but it will take another eight to 12 months to start, Carroll said.”

Police Traffic Stop Policies Reportedly May Have Contributed To DUI Fatality Rise

[Fox News](#) (7/6) reports police traffic stop reform “policies across the country could be contributing to a steep rise in DUI fatalities in recent years.” According to an analysis “from Zutobi, the US recorded 11,654 DUI fatalities in 2020, a rise from 10,142 the year before. The rise in DUI fatalities marked the first time the US crossed 11,000 since 2005 and the first rise in such deaths since 2016.” The US had previously seen “a steady decline in DUI deaths over the past 35 years.” Zutobi Co-Founder Leo Waldenback “said there could be several reasons for the increase, including an uptick in alcohol consumption as much of the country shut down in response to the COVID-19 pandemic.” Former NYPD Chief Louis Anemone notes that current police policies may be exacerbating the problem. Anemone said police officers “have to take a proactive approach to stopping vehicles that are committing violations that are leading to these accidents.”

SECURITY, CRIME, AND DRUGS

AP Article Chronicles Lives Lost To Gun Violence

In a news article titled “Gun Violence In America: A Long List Of Forgotten Victims,” the [AP](#) (7/6) documents the stories of a number of Americans who were shot and killed, and outlines the impact those losses had on their communities and families. The article notes that much of America’s gun violence “is related to seemingly ordinary disputes that spin out of control and someone goes for a gun,” adding that “data on firearm killings is woefully incomplete, with just over 60% of the country’s law enforcement agencies reporting crime statistics to the FBI’s national database.” The UN, meanwhile, “estimates the U.S. homicide rate is three times that of Canada, five of France, 26 of Japan.”

Approximately 200,000 Fentanyl Pills Seized In Colorado

The [Denver Post](#) (7/6, Biller) reports DEA Denver Special Agent in Charge Brian Besser and 18th Judicial District Attorney General John Kellner announced that eight people have been indicted in connection with an investigation that led to the seizure of approximately 200,000 fentanyl pills and other illegal drugs in Colorado. Besser stated, “The availability and accessibility of” fentanyl-laced counterfeit pills “is absolutely staggering. NJ Governor Signs 7 New Gun Laws

New Jersey Star-Ledger (7/5, Johnson) reports that New Jersey Gov. Phil Murphy “on Tuesday signed seven bills into law that further tighten New Jersey’s already stringent gun regulations and vowed to seek even more measures while the state navigates a recent U.S. Supreme Court decision loosening restrictions on carrying a concealed firearm.” The article notes that the new laws “will mandate people receive firearm training to get a gun permit, ban .50 caliber weapons, make it easier to sue gun manufacturers and dealers over gun crimes in the state, stipulate new residents coming from other states register firearms, require micro-stamping technology, regulate handgun ammunition, and crack down on ‘ghost guns.’” During Tuesday’s remarks, Gov. Murphy noted that since the bills were first proposed, 15 months ago, “there have been 1,271 shootings in New Jersey...leading to 291 deaths.” According to data from the Giffords Law Center, the state of New Jersey has “the second-strongest gun laws in the U.S., after California.”

The IACP is now accepting workshop proposals for the 2022 Officer Safety and Wellness (OSW) Symposium. The

Symposium will take place March 3-5 in Anaheim, California.

Chief: Richmond Police Department Stopped Planned Mass Shooting

The AP   (7/6, Lavoie) reports the Richmond Police Department in Virginia “thwarted a planned July 4 mass shooting after receiving a tip that led to arrests and the seizure of multiple guns,” according to Richmond Police Chief Gerald Smith. The Washington Post   (7/6) reports, “Officers in Virginia’s capital have made multiple arrests and recovered firearms, according to a police department news release.”

Gunman In Fourth Of July Massacre Held Without Bail After Confessing To Police

The Wall Street Journal   (7/6, Belkin, Barrett, Subscription Publication) reports Robert E. Crimo III – the accused gunman in the shooting at Highland Park’s Fourth of July parade – was ordered held without bail after a hearing in Illinois state court on Wednesday. According to prosecutors at the hearing, Crimo confessed to carrying out the deadly mass shooting at Highland Park’s Fourth of July parade.

Gunman’s Ability To Acquire Firearms Raises Questions About Illinois “Red Flag” Law. The New York Times   (7/6, A1, Smith, Chiarito) reports, “How a young man who had sent troubling signals managed to” acquire the semiautomatic rifle used in the Highland Park shooting has emerged as “a question that is haunting not only the survivors of Monday’s deadly massacre. ... It is also a question of federal importance, coming just days after President Biden signed into law the most significant gun legislation passed in decades.” Reuters   (7/6, O’Brien, Gorman) reports that on Tuesday, officials revealed Robert Crimo “slipped past the safeguards of an Illinois ‘red flag’ law designed to prevent people deemed to have violent tendencies from getting guns.”

US Attorney General Praises Federal Operation Resulting In Arrest Of 1,500 In Large Cities

The Washington Post   (7/6, Nakamura) reports, “Attorney General Merrick Garland on Wednesday hailed a month-long federal operation that led to the arrest of 1,500 fugitives, sex offenders and gang members in 10 large US cities.” Operation North Star, led by the US Marshals Service targeted “municipalities with high rates of homicides and gun violence, including Washington, DC, Chicago, New York, Los Angeles and Baltimore,” as well as “Houston, Indianapolis, Memphis, New Orleans and Philadelphia.” The operation focused on “those who committed the most violent offenses, prioritizing suspects who used firearms.”

The Wall Street Journal   (7/6, Gurman, Subscription Publication) reports those arrested include a suspect in a June shooting in Philadelphia that left three people dead and 11 injured; a man accused of injuring a 7-year-old girl in a drive-by shooting in New York; and a man who allegedly killed two women at a party in South Carolina.

Wisconsin Supreme Court Rules Trafficking Victim Can Argue She Killed Abuser As A Result Of Exploitation

The [Washington Post](#) (7/6, Contrera) reports that on Wednesday, the Wisconsin Supreme Court ruled that Chrystul Kizer – a Black woman who, while still a teenager, “killed her sexual abuser may have the chance to be acquitted of all charges.” The Post explains Kizer is “facing life in prison” and “does not deny killing 34-year-old Randall Phillip Volar III in 2018.” Instead, “she has been fighting for the opportunity to show evidence to a judge, and eventually a jury, that her actions were the ‘direct result’ of the exploitation and abuse Volar subjected her to.” The court ruled that such evidence could be “a complete defense to a charge of first-degree intentional homicide.”

San Francisco To Create Pilot Program Removing Police From Low-Level 911 Calls About Homelessness

The [San Francisco Chronicle](#) (7/6, Moench) reports, “San Francisco plans to create a six-month pilot program to have community workers instead of police respond to low-level emergency calls about homelessness – a year after supervisors set aside \$3 million for the initiative,” but “the program is still up to a year away from launching.” Mary Ellen Carroll, who directs “the Department of Emergency Management, told The Chronicle that the funding set aside last year wasn’t allocated to her department, which runs 911 and will oversee the program, until a new budget passed this year. The city will soon issue a request for proposals to have a nonprofit organization run the program, but it will take another eight to 12 months to start, Carroll said.”

Police Traffic Stop Policies Reportedly May Have Contributed To DUI Fatality Rise

[Fox News](#) (7/6) reports police traffic stop reform “policies across the country could be contributing to a steep rise in DUI fatalities in recent years.” According to an analysis “from Zutobi, the US recorded 11,654 DUI fatalities in 2020, a rise from 10,142 the year before. The rise in DUI fatalities marked the first time the US crossed 11,000 since 2005 and the first rise in such deaths since 2016.” The US had previously seen “a steady decline in DUI deaths over the past 35 years.” Zutobi Co-Founder Leo Waldenback “said there could be several reasons for the increase, including an uptick in alcohol consumption as much of the country shut down in response to the COVID-19 pandemic.” Former NYPD Chief Louis Anemone notes that current police policies may be exacerbating the problem. Anemone said police officers “have to take a proactive approach to stopping vehicles that are committing violations that are leading to these accidents.”

AP Article Chronicles Lives Lost To Gun Violence

In a news article titled “Gun Violence In America: A Long List Of Forgotten Victims,” the [AP](#) (7/6) documents the stories of a number of Americans who were shot and killed, and outlines the impact those losses had on their communities and families. The article notes that much of America’s gun violence “is related to seemingly ordinary disputes that spin out of control and someone goes for a gun,” adding that “data on firearm killings is woefully incomplete, with just over 60% of the country’s law enforcement agencies reporting crime statistics to the FBI’s national database.” The UN, meanwhile, “estimates the U.S. homicide rate is three times that of Canada, five of France, 26 of Japan.”

Illinois Active Shooter: Standing at the Crossroads of Mental Health and the Law

July 6, 2022

About the author: *Nick Greco has worked closely with law enforcement officers and organizations for more than 25 years. He has been involved in hundreds of mental health-focused training programs and has written extensively on the topic of officer wellness, mental illness and traumatic stress management.*

The Fourth of July shooting in Highland Park, IL left 7 dead and 30 wounded. For those who don't know the area, this is not in the City of Chicago. Highland Park is a quiet, close-knit suburban city on the shores of Lake Michigan in Lake County. This is a peaceful, picturesque community that is shaken to the core by this senseless act of violence.

This hits home for me since I live and work in Lake County myself. I also have friends who live in Highland Park who thankfully were safe. My heart breaks for the tragic loss of life and the sense of safety that was forever lost to the community.

While the community has not even begun to heal, sadly enough, the calls for more gun control began almost immediately from politicians who seem to never let a tragedy go to waste, especially in an election year. I find it ironic that the same Governor who signed the Safe-T Act, which further limits proactive policing and eliminates cash bail in Illinois starting January 2023, also thanks law enforcement while pushing for more gun control.

The Mayor of Highland Park wasted no time herself in calling for more gun laws. Interestingly enough, Highland Park is a home rule community that has had a strict assault weapon ban since 2013 that prohibits a number of specific rifles, shotguns, and pistols as well as magazines over 10 rounds.

There's all this talk about illegal guns, and politicians want to come up with more laws to stop that. Many are asking the following questions: "Why did this not stop the shooter?" "Where were those red flags?" "Did he go to a gun show or get his guns in Indiana?"

Nope. It turns out that the high-powered rifle he used in the shooting was purchased legally in Illinois. Another legally obtained rifle was recovered from the shooter's vehicle when he was arrested and officers found more guns at his residence in Highwood, IL. All of these guns were legally purchased. Many armchair pontificators are clamoring that the shooter should have been discovered as a serious threat sooner. "He left many signs! Look at his Twitter, his YouTube," they say. "Why didn't we do something? How did no one know? Why did he have guns? Why didn't the background check stop him?"

This is where the intersection of laws and the field of mental health breakdown. In the State of Illinois, we have the Mental Health and Developmental Disabilities Code (405 ILCS 5/) and there are three conditions for involuntary mental health commitment. They either have to be a threat to themselves (suicidal), others (homicidal) or unable to care for himself. The mental health laws are quite specific and are in place to prevent past abuses of simply locking away individuals against their will for little or no cause, which was, unfortunately, a common occurrence over 60 years ago.

While anyone over the age of 18 can complete a petition for immediate hospitalization for an individual who meets one of these three criteria, a certificate must be filled out as well. This first certificate must be completed by a physician, qualified examiner, or clinical psychologist who has examined the individual. Within 24 hours, a petition, and both the first and a new second certificate are filed. Even if the person qualifies for involuntary admittance, it is only for 5 days unless the physician takes the matter to court for further hospitalization.

Typically, the person is discharged within five days unless the physician is prepared to present the case in front of a judge and a hearing is called. During these five days they have the right to refuse any and all treatment, including medications. A separate order for Involuntary Treatment needs to be completed and filed with the Courts should those involved feel the individual must be medicated, regardless of their desire to avoid that. Additionally, the courts are extremely resistant to limiting the rights of individuals, especially the mentally ill, so oftentimes the courts release individuals from further commitment. Remember, there is no law that prohibits an individual from being psychotic, delusional, hearing voices, or doing odd things.

Even if a person decides to voluntarily admit themselves to a psychiatric hospital, most psychiatric hospital stays are anywhere from 3-7 days, depending on insurance of course. Herein lies the next cycle. Once discharged with 30 days of medication, the person needs to follow up with a psychiatrist or a community or county mental health center that may have a 3-6 month waiting list – and this is before the challenges of Covid-19 that reduced staffing and facilities able to offer outpatient care. What do you think happens between the time of discharge and the next appointment? Who will refill the prescription when it runs out in 30 days when the next appointment is not for 2-3 months? Will the person even take the medication between discharge and the next appointment? Now that we have a bit of a rough foundation, this brings me to the Highland Park shooter. Those same questions pop up again; “Why didn’t we do something?” “How did no one know?” “Why did he have guns?” “Why didn’t the background check stop him?”

We are beginning to see the typical profile emerge of the shooter. White, male, early 20s, unemployed, child of divorced parents, quiet, kept to himself, bothered no one, seemed like a nice guy. Like many young people, he was looking for fame and notoriety on YouTube as an aspiring rapper. He posted violent and ominous videos and songs which no one apparently reported. If they did, nothing sounded an alarm. And of course, the shooter’s uncle has stated to media outlets, “I saw nothing that would trigger him doing this.”

He further said that he saw no warning signs in his nephew's behavior. Of course not. The uncle admitted in the same interview, however, that they lived in separate apartments and the extent of his daily interaction was to say hello and goodbye to the shooter.

In one animated video since taken down by YouTube, the shooter raps about armies "walking in darkness" as a drawing appears of a man pointing a rifle, a body on the ground and another figure with hands up in the distance. A later frame shows a close-up of a chest with blood pouring out and another of police cars arriving as the shooter holds his hands up. He had a video clip of someone—perhaps him?—driving the parade route with audio of an emergency alert signal playing in the background on his YouTube channel for 10 months which was only recently taken down following the shooting.

The quick thought here is that somebody missed something. Ok, I get that. But let's step back and think about this. Say some detectives go over to talk with him. He says, "I'm an artist, I'm a rapper, it's just my creative expression, and I don't mean anything by it." That is going to be pretty much the end of the story. Even his family would probably play it down saying he meant nothing by it, that he is always doing something for attention, and that's "just him." No red flags for being an artist who is looking to gain attention and expand his online presence. And while disturbing, even if he did get evaluated, he may come off as a loner, as a quirky, odd man, but there would be no grounds to admit him because he denies suicidal and homicidal ideation. He has broken no laws. Once again, these individuals fall through cracks because the Illinois Mental Health Code rightfully protects people from overly restrictive treatment as well as treatment against ones will if you're not a threat to yourself or others. You can recommend psych services, but he has freedom to say no. No crime has been committed.

Some would say we need to watch him and monitor him. On what grounds would you be using surveillance on him over the last 10 months? What court would approve of such intrusions of privacy? What red flags would warrant further intervention? And would they be enough?

To date, investigators who have interrogated the suspect and reviewed his social media posts have not determined a motive for the attack.

They have also not found any indication that the shooter targeted anyone by race, religion or other protected status. We have no idea why he did this, so how could we prevent it? Investigators have said that he planned this for weeks. The suspect dressed in women's clothing at the time of the shooting to conceal his identity and misdirect law enforcement. After the shooting, he blended in with the crowd and walked to his mother's home in the area where he borrowed her vehicle. A member of the community spotted him driving and called 911. He was found and a short pursuit occurred before he stopped the car and was arrested.

While everyone wants to say he is mentally ill, what evidence do we have that this is clinically true? He knew to scale a building via a fire escape, take an optimal shooting position, fire upon an unsuspecting crowd of civilians, leave the rifle, disguise himself in women's clothing, and blend in with the frightened crowd of the same people he was shooting at. He was also thinking clearly enough to take his mother's car and have a weapon in it. He apparently knew he could get caught. He had to covertly avoid detection by both law enforcement and the community and attempted to avoid capture. The defense may have their work cut out for them if they attempt an insanity plea.

So, could we have stopped this individual with more gun laws? Probably not. Why? Well, in April 2019, the suspect attempted suicide, police were contacted, and the case was turned over to mental health professionals. In September 2019, a family member contacted police after the suspect said he wanted to kill everyone, and police removed several knives, a sword, and a dagger. The Illinois State Police (ISP) received a Clear and Present Danger Report in September 2019 in connection to a threat he allegedly made against his family; however, none of the family members were willing to move forward on the complaint. No arrests were made at the time either. He had a valid Illinois Firearm Owner's Identification Card (FOID)—which Illinois residents must obtain through the Illinois State Police to legally purchase/possess firearms and ammunition—that cleared the way for him to buy more guns and ammo.

He also completed the Federal Form 4473 paperwork and submitted to the background check. How did he get the FOID card in the first place you ask? His father sponsored him at age 19 in December 2019. At the time, ISP said there was insufficient basis to establish a clear and present danger and deny the application. He was not deemed a threat to himself or others, was not adjudicated mentally ill, he had no court orders for domestic violence, no felonies, and he was approved. Unless someone went to the police, like a friend or family member, no one would be the wiser to his actions or how many guns he was buying, and in this case his father sponsored him for his FOID card! Even his YouTube and social media posts, while disturbing, would not get more than an interview from a detective and the suspect and his family could easily play them down as stated previously.

How likely would anyone make the connection, three years later, that this individual might be a concern? We also live in a society that is situationally unaware and politically correct so we are less likely to call out any individual, regardless of their troubling behavior, statements or characteristics, for fear of shaming or discrimination.

We cannot give up, though. We need to be proactive and start looking at these cases more closely and learn from them. We must not be afraid to call out and rightfully question things that are going beyond “artistic license” or simply looking for social media attention. We need to start seeing the pattern here and start educating families better.

The Lake County, IL branch of the National Alliance on Mental Illness (NAMI) states that the link between violent crime and mental health is quite low. Research is continuing to show that only 4% of violent crimes are committed by someone with a mental illness, yet we have as many as one in four adults experiencing a mental health concern in any given year. If, and more than likely we will, remove the mental illness component from the equation, we simply may have an angry, misguided individual. How many more like that are out there? These individuals are being created through a series of societal and political failures. When a mayor from a major U.S. city uses vulgarities against a sitting president

and an acting Supreme Court Justice, what message are we sending to society and to our young people...like this shooter?

Countless celebrities and politicians are guilty of using vulgarities in a poor attempt to stir controversy, attention, and action. When we lose respect for one another are we surprised when these events occur? Have we not fostered, promoted and stoked the fires of division spreading across our country through these actions modeled by those in power? Are we not somehow empowering or acutely agitating individuals like the shooter from Highland Park by divisive, one-sided, all-or-nothing thinking?

There are no easy answers here. All of this is incredibly complex and multi-dimensional. Understandably, many are trying to find a simple, singularly effective solution to a terrifying problem. Unfortunately, that's not how this works. Protecting our communities from threats like the one we saw come into clear, bloody focus this holiday weekend takes intense effort, rational behavior and logical thinking. We need to ask hard questions and be willing to accept the fact that there may not be—likely isn't—a “perfect” answer. We must consider all options, realistically project the results and ramifications of our decisions and avoid falling prey to agenda-driven rhetoric or frenetic clamoring that drives people to ill-conceived, ineffective actions.

Some say that in times of crisis, doing *something* is better than doing *nothing*, but what they're really saying is doing *anything*. We must do better than that. If we step away from the divisiveness and are willing to meet in the middle to begin communicating intelligently, compromising as necessary and unifying, we will.

Thankful to all the faith filled prayer warriors among our family and friends and for God's protection over [REDACTED] at the Highland Park shooting. We went back today and saw the route they walked, the spot they heard the shooting about 30 feet from the victims, the bush the boys hid in that still had their bags, and the church that sheltered them. We prayed at the memorial for all the families not as fortunate as we were and thanked God for all the people (all of you) that pray for us regularly ❤️ 😊❤️

Here are some pics from the day of the shooting and after....

Hi Alyssa and Jeremy...I hope you and the family are coping well this week. What a time in life. I never thought I'd see anybody I've met before (in this case Nancy R.) speaking at a CNN press conference for a mass shooting. Hopefully the Northshore, with our resources, can help move the legislative needle further down the inevitable path of more gun control.

Alyssa,

Laurie was asking if I could reach out to you to find out who does the community speaking or who is the liason for the HP Police Dept.

She and some other clergy have organized all the Highland Park congregations to do a fundraiser on the 21st. I believe they wanted to have representation from the police in some way , shape or form. They are still figuring out the details of the event but as you would expect, they are mobilizing quickly.

It's probably a challenging time for the police and all related community staff members to field calls but there is still a small runway before the event so having the contact name, should there be one, is helpful.

Thanks a bunch.

Dear 113 Community,

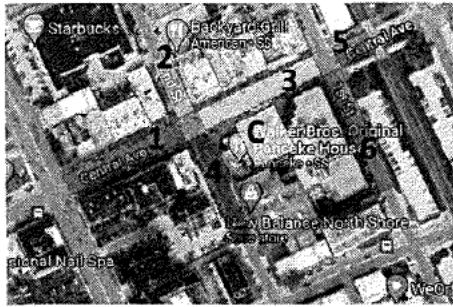

There are two updates to share with you this morning regarding counseling services and the FBI's Family Assistance Center (FAC) at Highland Park High School.

- 1. The entrance to receive services at Highland Park High School has moved from the main entrance on Vine Street to the H-Entrance.** The H-Entrance is on the north side of the school, near St. Johns Avenue and Woodpath Lane. Only the H-Entrance will be open. All visitors will check in at the H-Entrance and per school standard operating procedures, anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have a valid driver's license to be cleared to enter the school.
- 2. The FBI has released a map and information about personal effects from the parade route that have been cleared for pick up at Highland Park High School.** That information can be found via Twitter at [@FBICChicago](#), or by clicking on the two attached images. When District 113 receives the attached files in the appropriate format, the files will be posted on the District 113 website.

As a reminder:

- Today's hours at Highland Park High School are 9 a.m. to 9 p.m.
- At Deerfield High School, counseling services will also be available during Summer School hours for District 113 students and staff only.
- North Shore School District 112 will be offering counseling services at NSSD 112 locations for NSSD 112 families, and [the details are in this communication.](#)

- What belongings are available now and where can the public find their belongings?
 - Easily identifiable belongings that were dropped in the below locations (areas 1, 4, 5, and 6 on the attached Google map) are available for pick-up at the FAC during open hours:
 - On Central between Green Day and Second
 - On Central between First and the railroad tracks
 - On Second between Central and Laurel
 - On First between Central and Laurel
- What is an easily identifiable belonging?
 - Any item that can easily be reunited with an owner. Examples would generally be purses, bags, bicycles, phones, and strollers.
- When will other belongings be available and why is there a delay?
 - After items are evaluated for investigative value, they will become available for pick-up. This process will unfortunately take time, but we will update the community as quickly as possible.
- Can someone pick up someone else's belongings?
 - Each person may only pick up their own belongings.

Yes, Matthew. I have copied Bill Brennan on this particular dumpster.

Please have LRS circle the streets around the secured zone (see attached map) to collect overflow garbage cans. The two in particular are on St Johns and Central, southwest corner. All the roads on the perimeter of the secured zone are open, and garbage cans are overflowing. Please have them empty out ASAP.

Matthew,

I am following up the message I had left regarding an overflow dumpster pickup. As you can imagine, emergency personnel are working non-stop at the tragedy site to work through various aspects of the investigation. We do have a dumpster is located within the cordoned off perimeter of downtown Highland Park to be picked up.

The dumpster is located on Second St. just north of Laurel Ave. You will need to enter through Laurel Ave, and check in with FBI to enter the secured zone. I have copied Battalion Chief Bill Brennan who can assist LRS to get to the dumpster location.

If you need additional information please let us know.

Jami is my mom, yes.

Victims First - How do we get the funds from the GoFundMe to those injured, families of those in the hospital, etc.? I have been asked numerous times and do not have an answer to give back on how the money will get to them.

As discussed and the page mentions, it has been communicated that it will go to people rather than city programs/groups/etc. Need to know what to tell people who are asking.

Can people fill out forms requesting funds?

On Jul 6, 2022, at 12:15 PM, Anita Busch <anita@victimsfirst.org> wrote:

Also, very key is to make sure that names of the families members murdered are pronounced correctly in funerals and for any memorial.

Do not automatically set up scholarships or anything else for families without their involvement. It's up to them how to properly honor their own family members. Any memorials to honor those murdered should involve input from the families (this will come much later)

Do not share addresses of memorial events on national television for the sake of public safety.

ALSO, this is a tricky line to walk, but ask the media to stop putting the name of the shooter and face of the shooter out there. He's been captured,

and -- for the sake of public safety -- he needs to become unknown in the media. Contagion effects are a real thing. His name and photo plastered all over the place becomes a call to action for others seeking notoriety from killing people and these shooters study each other.

The likelihood of another mass shooting rises in the following weeks. Follow NoNotoriety protocol: www.nonotoriety.com

I would even state that we will honor the victims and the heroes of this tragic event from here on out.

The Attorney General office said they are working to get families situated for funeral costs, speaking to funeral homes, etc. Funerals are covered by VOC and State Comp programs, as are lost wages, etc.

The State Attorney's office SHOULD have the point person for this in the AG's office.

- 1). Pact immediately with an Airlines or Uber (Red Cross should have this) to help with family members who may need to fly in from out of town.
- 2). You will want to ask police for a security parameter to be established at funerals.
- 3). Make sure the language is correct so families of the deceased do not hear the word "healing" or their family member was "lost." There is no healing, there is only coping and managing trauma. Not all families get upset with the word "lost" but no families will be upset with the word "taken," "lives stolen" or "murdered."
- 4). Make sure that these funerals are not platforms for politicians (it is distasteful to families of the deceased and will blowback on the politician)
- 5). A Centralized fund, one for victims (we are capturing as much as we can for victims) and the other for the community with full transparency. Large nonprofits like the Red Cross usually take a hefty amount out for admin fees. They had gift cards in Vegas and were handing them out to anyone who came up and there was no vetting so there was a significant amount of fraud. We helped to train Red Cross workers on the ground after the Indianapolis mass shooting there.
- 6). Make sure coroner's reports are not made public. The media sometimes will try to get these.

Best Practices covers a lot of this.

Kim and Terry,

What can work well for victims is a private, sign-in only website page set up inside the State's Attorney's or D.A.'s office that

families can access with a clear list of services for families needing help. Strongly advise something like that.

Otherwise, what will work for victims is when the AG, FBI and Red Cross set up with the table they always do at a Center where families can go to get information, provide those in charge with this information as an immediate resource, so if a victim's family reaches out, they will know where to direct them if that kind of need arises.

Victim advocates inside the State's Attorney or DA's office (every state is different) should be assigned to each family right away. They can help with getting this information to victims as well.

The one ADA (Disability) group in Chicago we can vouch for as top notch and can help anyone with a disability and that includes if people need help getting on disability with PTSD.

Good morning,

A family in Lake Forest coordinated a Dominoes gift card drive for us. They raised \$2830. The gift card is attached.

Please let me know if and when to strategically utilize this. I would be happy to coordinate the logistics of purchase and delivery.

I don't want to order too early if food donations from elsewhere are still rolling in – that seems like a waste.

CAUTION: This e-mail originated from outside of the Village organization. Please be careful before you click on links or open attachments.

Hello, Sammy-

First, thank you for handling everything so well today. It must have been horribly wrenching, but you had us all well taken care of.

If you or others at the Village of Glencoe are reaching out to Highland Park, could you please remind them that Paws for Patrick is here for them?

In fact, therapy dogs were shipped to Uvalde, TX after the school shooting and we're fortunate to have dozens of therapy dogs within miles of Highland Park ready to help those who need it. We've also found people have contacted us about getting an emotional support animal within hours of experiencing their own unthinkable tragedy and we're here for that, too, and want people to know that.

Highland Park has been a great supporter of Paws for Patrick and we have a strong relationship, but the circumstances may challenge making the connection that can make a difference. I'm told City Manager Ghida Neukirch is who we should talk to, but I haven't yet found a way of making contact that I think will be heard through the noise. Maybe there's someone else we should contact - not sure.

Either way, we know therapy dogs and emotional support animals can make a critical difference in this sort of situation sooner than some think, and we want to do whatever we can to let that happen. Any thoughts you may have or contacts that can get us closer to helping are much appreciated.

Dear 113 Community,

There are two updates to share with you this morning regarding counseling services and the FBI's Family Assistance Center (FAC) at Highland Park High School.

- 1. The entrance to receive services at Highland Park High School has moved from the main entrance on Vine Street to the H-Entrance.** The H-Entrance is on the north side of the school, near St. Johns Avenue and Woodpath Lane. Only the H-Entrance will be open. All visitors will check in at the H-Entrance and per school standard operating procedures, anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have a valid driver's license to be cleared to enter the school.
- 2. The FBI has released a map and information about personal effects from the parade route that have been cleared for pick up at Highland Park High School.** That information can be found via Twitter at [@FBICChicago](#), or by clicking on the two attached images. When District 113 receives the attached files in the appropriate format, the files will be posted on the District 113 website.

As a reminder:

- Today's hours at Highland Park High School are 9 a.m. to 9 p.m.
- At Deerfield High School, counseling services will also be available during Summer School hours for District 113 students and staff only.
- North Shore School District 112 will be offering counseling services at NSSD 112 locations for NSSD 112 families, and the details are in this communication.

Bruce Law, Ed.D.
Superintendent of Schools

- What belongings are available now and where can the public find their belongings?
 - Easily identifiable belongings that were dropped in the below locations (areas 1, 4, 5, and 8 on the attached Google map) are available for pick-up at the FAC during open hours:
 - On Central between Green Bay and Second
 - On Central between First and the railroad tracks
 - On Second between Central and Lxural
 - On First between Central and Laurel
- What is an easily identifiable belonging?
 - Any item that can easily be reunited with an owner. Examples would generally be purses, bags, bicycles, phones, and strollers.
- When will other belongings be available and why is there a delay?
 - After items are evaluated for investigative value, they will become available for pick-up. This process will unfortunately take time, but we will update the community as quickly as possible.
- Can someone pick up someone else's belongings?
 - Each person may only pick up their own belongings.

Decision Packages

Nothing compares to the instant need to look at solutions like this age of COVID19 Budgeting. In the simplest of explanations, ZBB is about slicing the budget into Decision Units (packages), departmental programs and activities as the first step. Think horizontal. Then the next step is to slice the Decision Units into Decision Packages, think vertical, layers that start with the current level of service with both reduction layers and expansion layers.

Then each of those Decision Packages go through a meaningful management exercise answering these kinds of questions:

1. What is the purpose for this request?
2. What is a brief description of the activities for this request?
3. What are the benefits of this request to the citizens served?
4. What are the consequences of not funding this request?
5. What are some alternative ways to provide these services?

Once these Decision Packages are developed, the next step is to prioritize all of them. If you were wondering why new or expansion packages would be considered when the primary focus is on reduction packages, the mix comes into play with the step of ranking all packages.

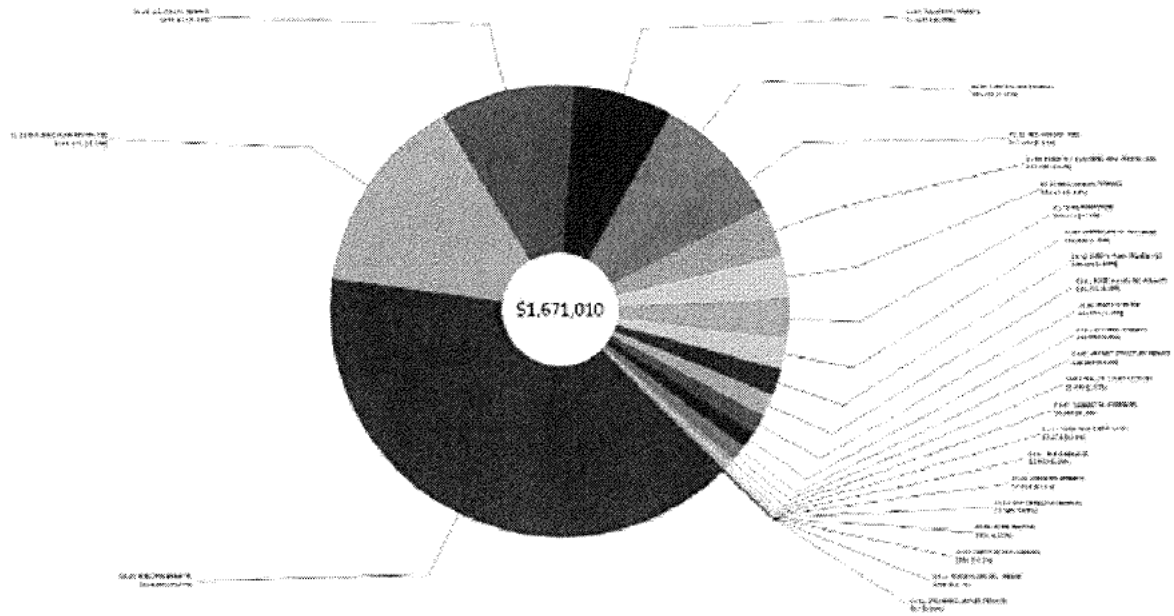

Your ERP Budget Solution is Not the Answer

- Budgeting is usually the last item listed in the modules included in your ERP.
- Any customization or specialized reporting will cost you. Not user friendly!
- Overall lack of budget prep functionalities.
- Usually limited in the number of user licenses / CALs (MDSS is unlimited!)

Excel is Not the Answer

- It can be a logistical nightmare if a link is broken or deleted.
- Limited to usually only a handful of users.
- Possibility of having to double entry the information from your department heads.
- Susceptible to crashes due to large volumes of data and needs.

We can help.

Thanks for your interest and time! Please feel free to contact us for more information, samples, and pricing. Our software is more affordable than you think. We can be installed and have your users entering budgets and working with decision packages in just a few days.

Subject: Update with 7th Victim

Good morning,

I wanted to check in to see if we can add the name of the 7th victim to the Mayor's update https://www.cityhpil.com/news_detail_T21_R905.php or get that information up on our website somewhere?

The seventh victim of the mass shooting was identified by the Cook County Medical Examiner as 69-year-old Eduardo Uvaldo of Waukegan, Illinois.

I couldn't easily identify the names of victims from our website. Maybe we can add an In Memoriam to the top of this page? Add text in yellow?

https://www.cityhpil.com/resident/highland_park_strong.php

The City of Highland Park is heartbroken by the tragic shooting at the Independence Day Parade on July 4, 2022. As a community, we all share in grieving those who were killed or injured, and our hearts are with their loved ones.

May their memories be a blessing:

Katherine Goldstein (64) of Highland Park

Irina McCarthy (35) of Highland Park

Kevin McCarthy (37) of Highland Park

Jacquelyn Sundheim (63) of Highland Park

Stephen Straus (88) of Highland Park

Nicolas Toledo-Zaragoza (78) of Morelos, Mexico

Eduardo Uvaldo (69) of Waukegan

Start here to learn how the City is responding to this devastating incident.
