

WOLTERS FIELD ADVISORY GROUP

MEETING MINUTES – November 5, 2009

The meeting of the Wolters Field Advisory Committee was called to order at 7:00pm. The following Committee members were present: Barry Bolek, Chief Paul Shafer, Mary Anderson, Jim Kirsch, Scott Chukerman, and Bobbie Monroe. Neighbors David and Linda Greenberg were also in attendance at the meeting.

The agenda for the meeting was approved, as were the minutes of the August Meeting.

No comments came forward from the citizens in attendance related to the agenda.

The Fall Light Schedule was reviewed. Nine (9) regular dates were used for the light schedule, and one (1) special occasion occurred when the lights were turned on for one hour.

Barry Bolek reported that the new locker room was completed and used for the fall sports seasons. Work progresses on the concession/transportation building. With a rainy fall, the grass planted on the fields in the south area of the complex is growing well. There is a possibility that one or all fields will be ready to play on in the spring.

The next meeting is scheduled for Thursday, May 6, 2010, at 7:00pm.

During the public comment time of the meeting, David Greenberg asked about the drainage situation in the backfield area. Mr. Bolek responded to all questions asked and informed everyone that the reason that the fields are not draining is due to the fact that Storm water management guidelines are being followed that require hay bails in place to ensure that storm water pipes are not filled with construction materials. In the spring after final inspection, the hay will be removed and all drains should pull normal water rains away from the fields.

Mr. Greenberg also brought up the issue of sounds levels on football game nights. Mr. Bolek informed that he would call Mr. Greenberg next week for further discussion on the sound matter.

Motion for adjournment was made and seconded. Meeting was adjourned at 7:08pm.
